**Section C Objectives and activities**

**Summary of the objects of the charity set out in its governing document**

To support the charitable work of Rehoboth Children's Homes of the Philippines.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

Accommodation and nutrition are provided for children who have been orphaned, abandoned or neglected. Medical care is provided and the children are supported in their education. Recreational and spiritual needs are also provided for.

Educational support is also provided for children who still live in their local communities but whose parents are not able to afford the education costs.

Some older residents are supported in independent living in preparation for leaving the Homes.

In providing the above, the Trustees have regard for the Charity Commission's general guidance on public benefit, and our aims and objectives in supporting the work of the Children's Homes.

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

One of the trustees normally lives as a volunteer for the majority of the year at the Homes, providing tuition, administrative support and valuable liaison between the UK Board of Trustees and the local management in the Philippines. This year the volunteer was not able to spend any time at the Homes because of the corona virus pandemic. However, she was able to provide support in all the above areas remotely on-line.

Volunteers give assistance with a sponsorship programme and with managing finances.

Other trustees and supporters would regularly visit the Homes but have not been able to do so this year.

## Section D

## Achievements and performance

**Summary of the main achievements of the charity during the year**

Accommodation and nutrition were provided for 34 children in two separate houses. The children were supported through the educational system, some to further education and training to enable them to seek suitable employment.

The community based educational assistance programme was continued and supported 21 college students, 10 high school students and 5 elementary school students.

Five older residents were supported in living independently.

As there was no face-to-face teaching because of the corona virus pandemic, all the children and students were provided with extra support in their education throughout the year, with help from staff and ex-resident volunteers in accessing online teaching and completing modular learning tasks. The Overseas Volunteer also provided extra online tuition and support for residents from the UK.

## Section E Financial review

**Brief statement of the charity's policy on reserves**

The aim of the trustees is to keep a minimum of at least three months' reserve funds in the Philippines and also at least three months' reserve funds in the UK to meet ongoing needs of the Homes and any unforeseen contingencies. The reserve at the end of the year in the UK was £114,895 which was equivalent to over 12 months' reserves.

**Details of any funds materially in deficit**

--	--

### Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The principal source of funds is gifts from individuals and churches. Funds are also provided from occasional legacies which provide welcome amounts of extra income.

98% of expenditure was spent on the direct support of the Children's Homes in the Philippines.

Reserves are held in current and deposit accounts in UK banks and building societies that are covered by the Financial Services Compensation Scheme.
