Strategic Report for the Year Ended 31 March 2022

The trustees, who are directors for the purposes of company law, present their strategic report for the year ended 31 March 2022, in compliance with s414C of the Companies Act 2006.

Achievements and performance

The provision of a top quality, and varied programme of performance events, theatrical and musical, exhibitions, films, classes, and other events, as well as being a venue for local societies and community activities, remained at the heart of Ucheldre's existence. The enhancements made during the last few years to its facilities continued to have a major impact in improving the quality and range of performances.

At this stage in the Report there is normally a long list of the huge variety of activities Ucheldre has facilitated. However, this past year, to say the least, has once again been a very strange one! Ordered to close on 20 March 2020, Ucheldre only opened fully to the public again in August 2021. Hence, for example, we had about half the normal number of visitors and kept a lot of activities outside with more limited take-ups. Given staff shortages in the Kitchen, along with the possibility of closing the Café, if we get the Development Funding, we ran the catering side very light.

In summary during FY 21-22 Ucheldre facilitated:

- 14640 Visitors to Exhibitions
- 144 Sessions of workshops for children, involving 1847 attendances.
- 6 Sessions of regular painting 89 attendances.
- 6 Sessions of opera workshops with 20 attendances.
- 9 Professional performances.
- 10 Amateur performances.
- 54 Screenings of 44 film and satellite titles, 1334 attendances.
- 6 Exhibitions.
- 95 Sessions including Jazz Club, Repertory Company, Literary Society, and Rhwng involving 596 participants.
- 20 Sessions of Community use, involving 670 participants.

Audiences remain cautious, but we are getting back to something like a normal programme. We held the seventh SeeMôr film festival in October 2021 with entries worldwide.

The gardens continue to thrive but sadly most of the saplings have been broken by vandals. We will have to try again but have strong fencing around.

Ucheldre continues to play a very important role in the Anglesey Arts Forum, although the Easter Open Studios had to be postponed both in 2020 and 2021. The Forum's Exhibition, hung in March 2020, wasn't seen by visitors until Summer 2021. Ucheldre remains a member of the Anglesey Attractions Association as an accredited Quality Visitor Attraction.

Strategic Report for the Year Ended 31 March 2022

Financial review

We were fortunate to be able to access COVID-19 Emergency Funding from the ACW and Anglesey County Council (ACC) in addition to our usual annual revenue grants which was hugely beneficial in keeping us afloat when all our earned income ceased abruptly on 20 March 2020 and continued to be uncertain with the various restrictions. We are extremely thankful to ACC and ACW for maintaining their grants. The Furlough Scheme was also a lifesaver with all the Staff being placed on furlough.

As reported last year, just before the SeeMôr Film Festival in October 2020, the cinema projector broke. Film and satellite relays are a key income stream. Therefore, we were extremely thankful for the Moondance Foundation stepping in to help with a £20K grant which, with an on-line fund-raising Carol Concert, enabled the purchase of a £30K state of the art laser projector which, due to supply shortages, was only installed in April 2021; it should last many years.

Ucheldre is still very much in the recovery stage so are pleased to be able to make a small surplus of £1,212 this FY.

During the period Ucheldre continued to support freelancers and took the opportunity to make good arrears.

Ucheldre continues to research other avenues of funding, both for revenue and capital, although competition for all trust grants is becoming increasingly intense and difficult. We have submitted a capital application to the Community Facilities Programme for £250K and are in discussions about an application to the Magnox Socio Economic Fund. We have also been included in the Holyhead Bid for the UK Levelling-up Fund; decision anticipated by the end of 2022. Ucheldre has produced a revised Business Plan which shows that the new Development to enhance its facilities will greatly improve its long-term sustainability. The continuing depressed state of Holyhead means fewer visitors to the Town, and economic and COVID uncertainty, exacerbated with Brexit and the cancellation of Wylfa Newydd, makes audiences careful about coming too frequently to performances. Ucheldre is keeping its expenditure under careful review. The core funding provided by ACC and ACW remains vital to Ucheldre; however, we already raise over 60% of our income from other sources.

The Financial Statements comply with current statutory requirements, the Memorandum and Articles of Association and the Statement of Recommended Practice (SORP) - Accounting and Reporting by Charities.

Policy on reserves

The Trustees' aspiration to reserves equating to at least 3 months of the Charity's expenditure was last achieved in 2008, but is no longer regularly possible. Although our reserves have improved to £66,088 this will be dissipated in the coming year with expenditure on energy saving measures prompted by the huge increases in energy supplies. The Trustees have long accepted £10K as a realistic historical average given the difficulty, despite various fund-raising initiatives, to support even its current activities. Ucheldre's Business Plan aspires to have a more robust reserve.

Investment policy and objectives

Under the Memorandum and Articles of Association, the Charity has the power to make any investment which the Trustees see fit. In September 2017 the Trustees updated the Centre's Articles to bring its governance in line with current good practice, and appointed 9 new Trustees.

Strategic Report for the Year Ended 31 March 2022

Plans for future periods

Aims and key objectives for future periods

Ucheldre is 31 years old, and plans, once the COVID threat is normalized, to provide its historically busy mixed programme of exhibitions, events, and activities during the coming year, but as ever aiming to both increase attendances, and widen the catchment of its audiences. A successful application was made to ACW's Connect and Flourish Scheme for a programme of activity entitled Creating Sunshine and we will be working closely with our Partner, Menter Iaith Môn over the next 2 years. As part of the Development Stage Ucheldre will be appointing in the New Year an additional member of staff to programme and plan events and activities in preparation for the Newbuild will help with boosting activity and attendances.

Ucheldre is also part of the Holy Island Heritage and Landscape, and Ports - Past and Present, projects. These aim to increase visitors to the area and promote and link attractions, including Ucheldre, thereby raising its profile.

Whilst the significant improvements to Ucheldre's facilities had already seen an increase in attendances, the wider economic difficulties could mean that raising income from audiences will be increasingly difficult. However, despite the cancellation of Wylfa Newydd, there are still a few large potential projects on the Island that, if they came to fruition, could radically improve the local economy, and increase the workforce on Anglesey. The possible developments outlined above of a dance studio, workshop spaces and improved access and other facilities would greatly improve Ucheldre's offer to the public, and potentially increase its income and sustainability.

ACW continues to be extremely supportive, and we remain extremely thankful to ACC for its continuing support, without which we would not be able to provide the facilities we do. However, the arts sector was last out of lockdown restrictions and is very much in recovery mode without the safety blanket of the emergency COVID support measures.

Strategic Report for the Year Ended 31 March 2022

Development Plans

Paradoxically, although the closure was a huge shock with the overnight cessation of activities causing the loss of all earned income, it did enable the Executive to consider and progress strategic issues for Ucheldre. It also participated in working parties looking at the possibility of a Fairness Commission and formation of Bro Môn, an organization to promote and assist social enterprises on Anglesey.

However, the most significant activity was the progress on the Development Stage for the extensions and refurbishment of the former Chapel. The project was renamed Space for 21st Century Creative Well-being. De Matos Ryan architects were appointed in December 2020 following an inspiring bid, and the project was successfully driven forward with full planning recently being granted, and the Arts Council of Wales (ACW) Capital Committee awarding a £600K Grant. The full scheme is estimated at £4.89M, and will include:

- * A bespoke dance studio which could also be used as a 'mindfulness' studio space allowing for workshops and classes in more intimate and suitable surroundings than the Main Hall, which would be freed to hold more performances and screenings.
- * A visual arts and crafts workshop space for practical workshop activity that focuses on children, schools, and adult activity groups, and leads onto an outdoor garden workspace.
- * A new main entrance and improved circulation (including opening-up the Ucheldre Kitchen) and providing better public toilets with enhanced disabled facilities, including a Changing Space, and disabled performers' friendly access platform to the stage.
- * An extension to the garden area including creation of a community garden and making a green space including grassed roofs to the new extension.
- * A new servery and installation of a new chiller to the Ucheldre Kitchen.
- * Improved reception, box office and shop areas.
- * Improved back-stage facilities, new changing rooms and Green Room, and repairs to existing building including the Main Hall's exterior wall to prevent water ingress.
- * Installation of enhanced disabled facilities including a Changing Space.

The strategic report was approved by the trustees of the charity on 31 October 2022 and signed on its behalf by:

Mr A L Roberts
Trustee

Trustees' Report

The trustees, who are directors for the purposes of company law, present the annual report together with the financial statements of the charitable company for the year ended 31 March 2022.

Objectives and activities

Public benefit

The provision of a community arts centre open to all.

The trustees confirm that they have complied with the requirements of section 17 of the Charities Act 2011 to have due regard to the public benefit guidance published by the Charity Commission for England and Wales.

Structure, governance and management

Nature of governing document

The company's governing documents are its Memorandum and Articles of Association.

Financial instruments

Objectives and policies

The charity's activities expose it to a number of financial risks including credit risk, cash flow risk and liquidity risk. The charity does not use derivative financial instruments.

Credit risk

The charity's principal financial assets are bank balances and cash, trade and other receivables. The charity has no significant concentration of credit risk.

Statement of Trustees' Responsibilities

Trustees' Report

The trustees (who are also the directors of Ucheldre Centre for the purposes of company law) are responsible for preparing the trustees' report and the financial statements in accordance with the United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The annual report was approved by the trustees of the charity on 31 October 2022 and signed on its behalf by:

Mr A L Roberts
Trustee

Independent Examiner's Report to the trustees of Ucheldre Centre ("the Company")

I report to the charity trustees on my examination of the accounts of the Company for the year ended 31 March 2022.

Responsibilities and basis of report

As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of Ucheldre Centre are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

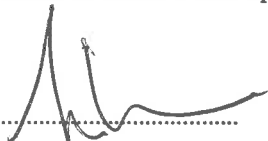

Independent examiner's statement

Since the Company's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member of Institute of Chartered Accountants in England and Wales (ICAEW), which is one of the listed bodies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of Ucheldre Centre as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities [applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)].

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

For the financial year ending 31 March 2022 the charity was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the charity to obtain an audit of its accounts for the year in question in accordance with section 476; and
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

The financial statements on pages 10 to 23 were approved by the trustees, and authorised for issue on 31 October 2022 and signed on their behalf by:

Mr A L Roberts
Trustee

The notes on pages 12 to 23 form an integral part of these financial statements.

Notes to the Financial Statements for the Year Ended 31 March 2022

1 Charity status

The charity is limited by share capital, incorporated in England & Wales.

The address of its registered office is:

Millbank
Holyhead
LL65 1TE

These financial statements were authorised for issue by the trustees on 31 October 2022.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)) (issued in October 2019) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Basis of preparation

Ucheldre Centre meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

Going concern

The trustees consider that there are no material uncertainties about the charity's ability to continue as a going concern nor any significant areas of uncertainty that affect the carrying value of assets held by the charity.

Exemption from preparing a cash flow statement

The charity opted to early adopt Bulletin 1 published on 2 February 2016 and have therefore not included a cash flow statement in these financial statements.

Income and endowments

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of the income receivable can be measured reliably.

Donations and legacies

Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that these conditions will be fulfilled in the reporting period.

Notes to the Financial Statements for the Year Ended 31 March 2022

Grants receivable

Grants are recognised when the charity has an entitlement to the funds and any conditions linked to the grants have been met. Where performance conditions are attached to the grant and are yet to be met, the income is recognised as a liability and included on the balance sheet as deferred income to be released.

Deferred income

Deferred income represents amounts received for future periods and is released to incoming resources in the period for which, it has been received. Such income is only deferred when:

- The donor specifies that the grant or donation must only be used in future accounting periods; or
- The donor has imposed conditions which must be met before the charity has unconditional entitlement.

Expenditure

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Charitable activities

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs

These include the costs attributable to the charity's compliance with constitutional and statutory requirements, including audit, strategic management and trustees's meetings and reimbursed expenses.

Government grants

Government grants are recognised based on the accrual model and are measured at the fair value of the asset received or receivable. Grants are classified as relating either to revenue or to assets. Grants relating to revenue are recognised in income over the period in which the related costs are recognised. Grants relating to assets are recognised over the expected useful life of the asset. Where part of a grant relating to an asset is deferred, it is recognised as deferred income.

Taxation

The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Tangible fixed assets

Individual fixed assets costing £10,000.00 or more are initially recorded at cost.

Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Notes to the Financial Statements for the Year Ended 31 March 2022

Asset class	Depreciation method and rate
Land & buildings	5% on cost
Furniture and equipment	25% reducing balance
Furniture and equipment - audio and visual equipment	33.33% straight line

Stock

Stock is valued at the lower of cost and estimated selling price less costs to complete and sell, after due regard for obsolete and slow moving stocks. Cost is determined using the first-in, first-out (FIFO).

Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the charity will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the charity does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Notes to the Financial Statements for the Year Ended 31 March 2022

Foreign exchange

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date.

The results of overseas operations are translated at the average rates of exchange during the period and their balance sheets at the rates ruling at the balance sheet date. Exchange differences arising on translation of the opening net assets and results of overseas operations are reported in other comprehensive income and accumulated in equity (attributed to non-controlling interests as appropriate).

Other exchange differences are recognised in the Statement of Financial Activities in the period in which they arise except for:

- 1) exchange differences on transactions entered into to hedge certain foreign currency risks (see above);
- 2) exchange differences arising on gains or losses on non-monetary items which are recognised in other comprehensive income; and
- 3) in the case of the consolidated financial statements, exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in the foreign operation), which are recognised in other comprehensive income and reported under equity.

Fund structure

Unrestricted income funds are general funds that are available for use at the trustee's discretion in furtherance of the objectives of the charity.

Restricted income funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

Financial instruments

Classification

Financial assets and financial liabilities are recognised when the charity becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the charity after deducting all of its liabilities.

Notes to the Financial Statements for the Year Ended 31 March 2022

Recognition and measurement

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the charity intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the charity transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the charity, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

Fair value measurement

The best evidence of fair value is a quoted price for an identical asset in an active market. When quoted prices are unavailable, the price of a recent transaction for an identical asset provides evidence of fair value as long as there has not been a significant change in economic circumstances or a significant lapse of time since the transaction took place. If the market is not active and recent transactions of an identical asset on their own are not a good estimate of fair value, the fair value is estimated by using a valuation technique.
