2 Charitable Objects.

The income of the said Trust Fund and such of the property as the Trustees shall direct, shall be used for charitable purposes for the benefit of the inhabitants of the Parish of Amberley and the contiguous parishes thereof, including but not confined to the following purposes:

- (1) The provision of a house or other suitable accommodation for a Minister or Curate of the Church of England or other paid Church worker in the Parish
- (2) The provision of a house or other suitable accommodation for the poor and/r needy in the Parish and the contiguous parishes. "Needy" shall mean those in need by reason of youth, age, ill-health, disability, financial or other disadvantage.
- (3) The provision of a house or other suitable accommodation for an employee of Amberley Parochial Church School or any other educational establishment in the Parish.

In administering the charity, the Trustees have given careful consideration to the Charity Commission's general guidance on Public Benefit and consider the Charity is fulfilling its objects and public benefit requirement by providing subsidised housing to people in need in the Parish of Amberley and its contiguous Parishes.

3 Accounting Principles.

In accordance with the Charity Commissioners guidelines, the treasurer has adopted the following principles:

- (1) Best use of expendable funds, continuing to maintain all its property and fixtures to a reasonable standard.

- (2) The rental income is paid to Lloyds Bank monthly and the sums are transferred between Lloyds Bank Investment Accounts (when available) and/or into COIF Charities Deposit Fund thereby gaining the benefit of the best available interest rates

4 Investment Policy.

- (a) The Trustees continue to consider that the yields on investments, represented by the rental income at rates advised by the Managing Agent and the Council Rent Office, are reasonable and are periodically reviewed and increased in line with inflation. See also note 7 (c).
- (b) During the current year the Trustees continue to invest in COIF Charity Accounts. However, they have not continued to make short term investments with Lloyds Bank where the minimum investment, albeit for a defined short period of time, would leave insufficient funds to meet any major unexpected cost.
- (c) The Trustees believe that the investment accounts are well managed.

5 Permanent Endowments.

There have been no changes during the current year

6 Trustees.

- (a) The Trustees are all appointed in accordance with the Governing Trust Instruments.
- (b) Vesting of Assets. The properties known as New Lodge, Little Lodge and Blackwell Cottage remain vested as heretofore. The Chairman and the Treasurer hold the Investment Funds.
- (c) The Trustees have met formally throughout the year. The general maintenance of the properties is constantly under review and an ongoing plan of maintenance / repair is in place.
- (d) Mrs Penny Loe has agreed to be appointed as Accountant / Independent Examiner. The Accounts up to 31 July 2022 are included with this report.

7 Activities

This year the Trustees have continued to seek to maintain reserves whilst at the same time to support a pro-active programme of repairs and improvements to all properties; in addition, a programme of significant renovation to the windows at New Lodge has been completed.

(a) New Lodge

- Window refurbishment project

The window refurbishment project was finished with a payment of £17,330 paid this year, to the Original Sash window Company for completion of the project. The project cost has been £36,738 including consultancy fees.

- A budget of £6,000 is estimated for the coming year for repairs and refurbishment of the bathroom in Flat 2. £3,400 continues to be carried forward for works on hold for rear landscaping, improved lighting and internal carpets, in addition to £1500 for insulation to sloping roofs. £5000 is being carried forward for the refurbishment of the kitchen in Flat 2, which is on hold.

- All other small expenditure has been met within the monthly repairs budget

Blackwell Cottage

- Expenditure has been met within the monthly repairs budget.
- A budget of £1,000 has been carried forward for wet flooring in the bathroom

Little Lodge

- All small expenditure has been met within the monthly repairs budget, with a larger payment of £1,375 made for a replacement front door.
-

(b) Managing Agents

The Trustees have continued to contract the responsibility of Property Management to a local company, Bennett Jones Partnership of Dursley. This has proved to be particularly successful and necessary repairs are being carried out with the minimum of delay. The Trustees continue to maintain the principle of requiring the managing agents to use local trades people where practicable.

(c) Rent Review

The Trustees strive to ensure that rents set for the Charity's properties reflect the Objects of the Charity. It was decided this year not to increase rents in January, due to the generally high increases in energy and other costs. The rents will be increased in August 2022 by CPI only.

(d) Tenancy Agreements

Following on from the review of the Trust Document last year the Trustees considered a need to review the tenancy agreements in place. This will seek to ensure that each tenant is treated fairly and equally, considering changes in legislation in respect of the duties of Landlords and issues arising from Health and Safety and the recently introduced General Data Protection Regulation.

(e) Charitable Incorporated Organisation

To facilitate management of the Charity for the future, the process of establishing a Charitable Incorporated Organisation (CIO) continues. The CIO will take over the activities, assets, and liabilities of the existing Charity. It is anticipated that this will occur during the year.

(f) General Data Protection Regulation

During the year the new approach to handling personal data has come into force under the title of General Data Protection Regulation. Whilst a minimal amount of personal data is stored electronically the Trust does retain data in paper files. During the coming year it is intended to update the policy on GDPR, introduce a new privacy statement and involve tenants in the information that is retained.

(g) Deposit Protection Scheme

At the commencement of a new tenancy the tenant pays a deposit, against possible breakages or damage to the property, determined by the monthly rental. The Trustees place these funds in the nationally approved Deposit Protection Service where they are protected and outside the current account and investment funds held by the Trust. Currently, £2,191 is held on deposit received from the tenants.

8 Risk Review.

The Trustees frequently review the possible risks to which the charity is exposed and believe that these are covered by relevant procedures and cash reserves.

9 Reserves and financial management

The HCC have established the following financial reserves policy:

- To maintain a reserve calculated as 70% of the average annual expenditure over the previous three years (not including major costs of rebuilding and roofing, or mortgage commitments) to meet the challenge of a disrupted income supply
- To maintain a reserve calculated as 100% of the required annual expenditure on mortgage commitments in the event of a disrupted income supply
- To maintain a sum not less than £5,000 to meet support for tenants unable to remain in one of the Charity properties due to fire, flood, major repairs etc.

The Trustees calculate that £22,000 is currently needed to meet this policy and there are sufficient funds within HCC to support this figure.

As part of their financial management, HCC have undertaken to

- Include in their annual budget a provision for unplanned expenditure equal to 25% of the figure budgeted specifically for repairs.
- Ensure the proper level of insurance is held to mitigate the effect of loss of rent, damage to property and Trustee liability.

Independent examiner's report to the Trustees of Highlands Cottage Charity

I report on the accounts of Highlands Cottage Charity (The Trust) for the year ended 31 July 2022, which are set out on pages 6 to 9.

Responsibilities and basis of the report

As the charity trustees of the Trust, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 (the Act).

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed the applicable directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with my examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

HIGHLANDS COTTAGE CHARITY

NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 31ST JULY 2022

1. Accounting Policies

- a) These financial statements have been prepared under the historical cost convention and in accordance with applicable Accounting Standards, The Charities Act 2011 and the Charities SORP (FRS102)
- b) The accruals basis of accounting is used for income and expenditure.
- c) Income is recognised in the period in which the charity is entitled to receipt and the amount can be measured with reasonable certainty.
- d) Depreciation is calculated to write off the cost, less estimated residual values, of tangible fixed assets over their estimated useful lives to the scheme. Since 1996, furniture and equipment has been depreciated at 25% pa on the reducing balance method; prior to 1996 such expenditure was written off in the year of purchase. No depreciation is provided on freehold buildings because in the Trustees opinion the real (inflation adjusted) estimated residual value is not less than the carrying value in the accounts.

HIGHLANDS COTTAGE CHARITY

5. Long term liabilities

A 25 year mortgage of £155,000 was obtained from Lloyds Bank in order to fund the development of the Old Cart Shed, in the grounds of New Lodge, completed in February 2011 and now, as Little Lodge, let out as residential accommodation. The mortgage is secured on another property owned by the charity, Blackwell Cottage

6. Employees' remuneration

There were no employees during the year

7. Trustees' remuneration and expenses

No trustee received any remuneration or reimbursement of expenses during the year. The trustees were advised that the charity should take out trustee indemnity insurance; this cost £513 (2021: £375)

8. Designated and restricted Funds

The Contingency Fund reflects the Trustees' policy of retaining £5,000 to meet support for tenants unable to remain in one of the properties due to fire, flood, major repairs etc.

The Trustees propose to use the donation from the AE Pash Charitable Trust, received on the winding up of that Trust, for a specified purpose, to be determined.
