### Aims of the Charity

To enhance the development and education of children under statutory school age by encouraging parents to understand and provide all the needs of their children through community groups.

### Activities and achievements

We continue to offer a safe, secure and caring environment in which our children can learn and explore through play and offer a curriculum in line with the Early Years Foundation stage (EYFS). We continue to offer parents and children a service where we promote equality and value diversity, as well as adding to the life of the local community.

### Policies

The trustees aim to ensure that sufficient cash reserves are held by the charity, to ensure that funding shortfalls can be absorbed and to ensure that a high standard of education and equipment can be maintained.

It is the trustees' policy to hold all funds in cash in order to minimise the risk profile of the charity's funds and to maximise the liquidity of those funds.

### Trustee selection method

Trustees are selected from parents of the children educated by the charity as well as local residents of good standing in the community
