Report of the Trustees cont.....**

There is also an annual meeting for the Management Committee to reflect and to do some forward planning.

Risk Management

Procedures are in place to ensure compliance with current legislation and good practice to ensure the health and safety of staff, volunteers, service users and visitors to the Project. The staff work in different locations, all premises and activities are risk assessed. All staff undertake relevant training to reduce risk.

The Welfare Rights surgery maintains its consistent quality of delivery. The pre-school operates under the OFSTED framework and staff undertake training to ensure the high standard of work is maintained.

We have counteracted the risk of inadequate funding by looking to some long-term funding schemes.

Organisation Structure

The Werneth and Freehold Community Development Project has a Management Committee of members who meet every eight weeks. These members are representatives from local residents, organisations and young people. The committee is representative of the local community in terms of its mix of people from different ethnicity, cultures, religions, gender and age. The committee are responsible for the strategic direction/policies of the charity. The Project Co-ordinator is responsible for the management of the centre, supervision of staff team and ensuring the team continues to develop their skills and working practices in line with good practice. The Co-ordinator is also responsible for ensuring that the charity delivers services specified by funders and key performance indicators are met.

It is the responsibility of the Project to deliver quality services which respond to the needs specified by the local community.

Policies to achieve objectives

The Project aims to meet the needs of the people of the Freehold area of the Werneth Ward and the surrounding areas of Oldham . This area is one of serious social and economic disadvantage, compounded by the difficulties and challenges of a multi-cultural community. The Project works on community development principles, supporting people and meeting their need to be valued and supported and, in particular, enabled to work individually or corporately to improve the quality of their lives. The Project aims to reduce inequality and disadvantage, and to promote understanding and friendship across potential and actual barriers of race, culture, and religion. It is making a small contribution to the more just multi-cultural society, to which it is in our common interest to aspire.

The Project meets its aims through the employment of staff, the development of partnerships with other agencies and by the use of volunteers and trainees on placement.

The Werneth and Freehold Community Development Project Limited (WFCDP) is committed as an equal opportunities employer to eliminating all forms of discrimination, whether based on race, sex, disability, sexual orientation, age or religious belief, both through its work, and through its employment policy and practices. We consider such forms of discrimination to be demoralising for those who are affected and divisive and degrading for those who practice discrimination.

Development, activities and achievements in the year.

I am very proud of the whole staff team, management committee and volunteers for the reliance they have shown this year. We have remained open throughout the pandemic and as a charity provided vital services across Oldham. I want to thank everyone of you for making a difference every day. (Project Co-ordinator)

The covid restrictions still in place so the Project continued to adapt provision at the start of the year. We had money related to covid wellbeing to spread key health messages .

WFCDP had funding from ESF to run a popular confidence building programme with the aim of getting people back into employment, training , further education or training. Due to Covid restrictions this programme was delivered remotely over social platforms and some 1-1 and small group sessions.

We had funding from Groundwork and did a joint project around gardening. The planters outside on the fencing and the decorated tubs brightened up the community centre. The programme was delivered over the summer holidays and the family

sessions were enjoyed by everyone. The gardening did a remote session too over zoom with participants picking up bags of resources and the focus on healthy minds.

We did health sessions with ABL drop ins looking at different subjects each week from cancer, diabetes awareness healthy diet.

We ran a busy HAF funded summer playscheme . Due to covid restrictions we had to limit the number of children who attended. Every child got a hot meal and 4 hours of fun packed activities.

We did a project in partnership with Oldham Lifelong Learning and people could attend popular craft sessions at Werneth Park and English class at WFCDP.

In partnership with BAME and the UProject and the local pharmacy we began a walking group as part of our health project.

Unfortunately in October we had a leak in the roof which caused major work to be done in the centre. This meant the upper floor has been closed the rest of the year and two rooms have had new ceilings and been redecorated .

At the start of the year we had the rest of the building painted and new carpets throughout. We had new interactive TV put in the classrooms . When people came back into the building they had a bright centre.

We had LIF funding and had new fences put outside, new burglar alarm and CCTV installed.

Work during the pandemic

WFCDP this year due to Covid did sessions over social media small group sessions and 1-1 . We kept upto date and worked within the guidelines. Therefore our work was to support families across Oldham .

- We provided signposting via our WhatsApp group and mobile phone whilst working from home and the community centre. We linked into services that ran Welfare Rights Advice such as Citizen Advice and Early Help.

Werneth and Freehold Community Development Project.
Report of the Trustees cont.....

- We supported many families through furlough, loss of job, reduction in income and other changes in family circumstances to access the relevant agencies.
- Due to the majority of services and support remaining on line we helped individuals access this. We helped set up email addresses and supported individuals to use different communication sites such as Whats App, Zoom etc.
- We replaced our regular weekly women's coffee morning with an online WhatsApp group to help combat isolation . Once able to do so we did sessions outside then small groups.
- We have done extensive work with individuals and families relating to health issues. During Covid this was a common theme for our discussions and we promoted ways for individuals to exercise keep healthy under the restrictions. Once restrictions lifted people had different confidence levels for attending groups so this continued although restrictions lifted.
- Our support for women/ families living in difficult circumstances continued and our worker is available for one to one support throughout the week.
- Promoting on line Jobs workshop in partnership with other agencies continues on line and again 1-1 one able. .
- Via Zoom we did on line activities such as cookery to reduce isolation and to give people an opportunity to do interact with people outside their family circle.
- We provided extensive information around Covid guidelines broadcasting in multilingual languages key messages
- Support families to access available schemes such as foodbanks , digital access , clothes, food package.
- Whilst delivering food parcels, toys, cookery ingredients, craft packs etc we kept connected to families across Oldham.

**Werneth and Freehold Community Development Project.

Work with children (2-11years)

- Our Pre schools remain open throughout the year. We kept to the bubbles and other new ways of working to allow them to remain open safely.
- We continue to manage the Panda Pre-school Playgroup operating from Christ Church Community Rooms. We are allowed up to 41 children per session 5 mornings and 3 afternoons a week, term time only.
- In our second Pre-school in Coppice, we are allowed 20 children per session and open 5 mornings and 5 afternoons per week, term time only.
- We did a toy library delivering toys to families during lockdown swapping them at regular intervals.
- We had to close some sessions in line with guidelines when we had covid cases confirmed in the pre school .

Work with young people

- Accessing the internet and having access to a pc or laptop was a major barrier to learning to many families. We linked to local initiatives to support families to access these.
- We delivered craft and activity packs to homes to allow families to have activities .
- Our cookery course was aimed at family recipes so that children could become involved.
- We supported parents to access support for their children and the effects of lockdown on their physical and mental health.

In November youth service began delivering weekly youth sessions from the centre for 13 to 18 year olds.

Other Work

- Our Project is represented on the Oldham Play Action Group Board.
- A lot of effort went into supporting the staff team through working under the Covid guidelines and keeping safe.
- Rigorous risk assessments and keeping up to date on government guidance was a piece of work in itself.
- The charity had reduced income due to room hire etc and funding was pivotal so funding applications which allowed us to continue our work.
- We have Selecta hiring our rooms three days a week down stairs to provide vital services to the community.

Staff Training and Project Development

Staff have undertaken various courses including Leaders and Managers in Childcare, Community Work Training, First Aid, SENCO, Sign along, Risk Assessment and Child Protection Training, and Safer Recruitment. Regular bi-weekly team meetings are held.

We have worked to raise our profile in the community, we have formalised our 'branding for both the organisation and the pre-schools. We had to move all our services remotely. Which meant staff training to use new platforms such as teams and zoom etc.

We continue to use WhatsApp to contact groups. We have active Instagram accounts for preschool and WFCDP.

We employ a Project Co-ordinator, Finance Manager, Early Years Co-ordinator, 2 x Pre-school Managers, 2 x Deputy Managers, 4 x Development Workers and 10 x Assistants, and a cleaner.

The management committee supported the project remotely and later in the year face to face their continued support was invaluable during this time.

Public Benefit

The trustees have had regard to the guidance on public benefit published by the Charity Commission.

Financial Matters

General funds showed a surplus of £11,608 in the year, additionally transfers between funds increased available general funds by £59,989. At the year-end general funds carried forward were £119,750 and restricted funds carried forward were £72,206.

The trustees have designated £37,000 of the general funds to meet planned expenditure as detailed in note 7 to the accounts.

Due to Covid and the impact on the sector we are continuing with last year's funding strategy which continues to measure the current impact and we have undertaken a risk assessment for the coming year. We have a monthly review of our funding position. We have secured new funding streams this year and rented rooms to a company 3 days a week. Core funding is also continuing in 2022/23 and the Trustees consider the financial position of the Project to be satisfactory.

Reserves Policy

The Trustees have carried out a review of the Project's need for reserves and updated the policy to reflect the current environment.

To ensure the financial viability of the Project and its ability to meet its ongoing commitments, the Project will endeavour to maintain sufficient unrestricted reserves to cover a minimum of three months unrestricted (general) expenditure. The Project will also endeavour to maintain reserves in the separately identified Panda Playgroups fund sufficient to cover three months running costs of that fund. Available funds held in the Panda Playgroup fund in excess of the target may be transferred to general funds periodically, after review by the trustees.

At the year end the available reserves were sufficient to meet the reserves requirement of the policy.

Conclusion

The Project has continued to maintain and develop its work in accordance with its agreed priorities.

Audit Exemptions

The trustees have decided to take advantage of the audit exemption provisions of the Companies Act.
