Detailed Statement of Financial Activities	23 to 24

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 March 2022. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and Core Strengths

We have three key strengths inclusive of:

1. The delivery of an interrelated holistic, tailor-made service, taking into account the specific issues and barriers each client faces in obtaining a stable socio-economic position within their community.

To that end, we offer every client:

a. An open, confidential service that begins with an informal assessment of all their needs and worries: this approach is particularly important for those clients accessing our services for the first time to ensure we understand and can see the complete - as opposed to a partial - picture of each client's needs.

b. Access to bilingual staff to better identify deeper issues such as literacy, numeracy and skills issues. Most of our staff and volunteers are bilingual and hold excellent credentials / track records in their field of work. The fact that most of our staff and volunteers stem from the same socio-economic background as our clients, enables us to hold a deeper understanding of difficulties and barriers they face, and tailor and deliver programmes which take into account each client groups' needs.

c. Tailored sessions with expert Advisors according to their needs. Our General Advice team works in conjunction with our Employment & Training, Older People's and Youth Teams to flag up any specific issues which need to be addressed by clients coming to us for support.

2. A reputation and a network that precedes us.

With work spanning over four decades, we have had the privilege of having worked with members of local families across generations. Local people - and especially those that refrain from approaching mainstream organisations - trust our work, services and staff, which means that simply through word of mouth alone, we are able to access the hardest-to-reach, most isolated and often 'invisible' sections of our local community. We have links with many local organisations, ranging from primary schools to GP surgeries to local council teams to other key advice and service-led agencies, corporate as well as local businesses, both mainstream and small. From engagement stage to service delivery, it is our ability to be as accessible and as visibly present as we can that forges one of the core foundations of our clients' trust being placed in us.

3. Creating living examples of our works .

One of the reasons we continue to experience a high demand for our programmes is because those who would not normally approach organisations themselves for help, are motivated to do so by directly seeing for themselves the positive impact our work has had on a friend, relative or neighbour who has used our services. Our client-based satisfaction surveys consistently highlight a high number of self-referrals resultant of recommendations made by friends, neighbours or family members who have felt the benefits of our advice service, young people's service, older people's service and training & employment support programmes.

OBJECTIVES AND ACTIVITIES

Public benefit

We have always, and will continue to, take out responsibilities of ensuring that our charitable activities contribute significantly to the lives of those we work with and specifically within the local areas in which those activities are undertaken.

We have referred to the guidance provided by the Charity Commission on public benefit, and all our charitable activities are directed towards having a lifelong impact in our area of benefit and service users alike and these activities are undertaken to further our charitable purposes for the public benefit. In particular the Board of Trustees consider how our services will contribute to these aims and objectives in planning our future services.

ACHIEVEMENT AND PERFORMANCE

Overview

The year 2021 to 2022 was challenging as there was pandemic which impacted upon the lives of elderly and vulnerable people. The COVID 19 has led to a dramatic loss of human life and presents an unprecedented challenge to public health, food and world of work. The economics and social disruption caused by the pandemic is devastating; people are at risk of falling into extreme poverty. During the pandemic, the BWA was distributing hot meals to the vulnerable and elderly people every week until the lockdown was eased up. We were also providing food parcels to children and families who were in need. Despite the pandemic we were able to secure funding to provide door to door service for the vulnerable people. The service included visiting vulnerable people every day, befriending with them, helping them with benefits, housing, contacting their GP, carrying out shopping, guiding, and advising to stay safe from COVID. The vulnerable people benefited from the services enormously. In doing these we were assisted by the board members, volunteers, staff and councillors from Camden council. We were also working in partnership with Fitzrovia Neighbourhood Centre, Hopscotch Centre, Camden council and we were providing hot meals to 400 to 500 people every week until the lockdown was lifted. Our staff and board members were actively involved in several key partnerships, funding bids including Big lottery funding, Edward Harvist, City Bridge and so forth. The aim of these services is to make them feel connected and supported during the pandemic. In addition to these, the BWA was providing food parcels to the families with children suffering financial hardship impacting upon the wellbeing of children. We have applied for funding to set up a family support services to assist vulnerable families. The aim of the project will be to reduce the hardship, maximise their income and reduce the involvement of social services. We are in the process of submitting more funding applications to provide services for children, young people, education and training for unemployed people, welfare rights services, and homework club for school age children.

We could not hold any national events due to the lockdown, however we will do so once the lockdown restrictions are fully lifted. We applied for Surma Centre to be used as vaccination Hub, which was approved, but it did not happen as there were and are a handful of people causing trouble continuously to take control of Surma Centre by force in order to gain their own political interest. They were writing to funders and spreading malicious rumours against Surma Centre by making up frivolous stories and consequently, this group illegally occupied the centre by entering the centre forcibly which resulted in court action being taken to remove this group from the centre. This incurred Surma Centre large amount of cost. Their actions and behaviour have brought the organization into disrepute and the funders has withheld some funding which is impacting upon the service users.

Advice Services

The level of demand for welfare advice has always been high and is likely to continue. The impact of welfare reform has begun to impact local communities in all areas of life - including housing benefits and tax credits. It is therefore no surprise that a significant majority of enquiries concern welfare advice and income maximisation. The main arms of our advice works are comprised of the following areas:

- " Welfare Benefits;
- " Housing;
- " Debt & Money Matters;
- " Financial Inclusion;
- " Health and welfare;
- " Immigration.

We are in the process of securing funding for these services

Skills & Employment Services

We aim to meet the priorities and needs of each of our clients approaching us both directly and indirectly for advice and/or employment, skills or training needs through our integrated advice and training teams.

The outcomes of our work in this area consistently highlight the need for all clients - especially those with low confidence and skills levels - to undergo and receive a holistic approach to enable them to:

- a. move from a status of benefit dependency (the benefit-trap mindset) to being engaged in skills development.
- b. move into - and stay - in newly acquired employment, voluntary or enhanced economic engagement roles.

To that end, each client approaching our services who have a clearly defined need or desire to move into competitive jobs market undergoes. These services vital as this helps people get back to employment and we are making effort to secure funding to provide this service.

Health & Well-Being Programme

Access to a safe, affordable space to come and just "be", make friends, maybe even learn something new, is crucial to enhancing the daily lives of individuals, and crucial for enabling greater understanding between communities. Ongoing funding cuts to such services across the borough makes it even more crucial that we continue to deliver such activities wherever possible.

Our health and wellbeing programmes have one key aim: to break down the walls of isolation and cultural segregation that all too easily forms around already secluded groups of our local communities. And through the two arms of food and healthy lifestyles, we hope to continue fulfilling this aim.

i. Luncheon Club for the Elderly

"I've made friends here and get to enjoy 2 hot meals every week! It's the thing I look forward to most in my week."

Over this past year, we have continued to deliver twice weekly Luncheon Clubs for the benefit of our elder communities across Camden. This is currently run as an independent business model, subsidised through sales to wider consumers. This is crucial in sustaining the service to enable local, elderly, socially excluded individuals to meet for lunch and discussions, activities or games.

For many of those in attendance, these luncheon clubs constitute their only weekly social interaction activity. There is increasing demand for such projects as evidenced by the continuing increases in the number of older women and men approaching us to take part in such projects.

ii. Older People's Service

Our Older People's Project supported 84 people, some of whom are 'elderly old', with menus of healthy living and wellbeing activities, including exercises, IT classes, crafts, inter-generational contact with our youth service and, very importantly, social contact combating isolation.

Our Older People's Project provides social and health activities in conjunction with an outreach service, working with an average of over 40 people each week. The service provides crucial support to Bangladeshi men and women experiencing mental ill health and social isolation through a range of weekly group sessions.

These services have made significant difference to the lives of people in the community, notably older people and their carers - promoting independence and wellbeing, and providing personal care and respite to carers. Further, we have been evolving our Older People's Project to meet changing local and national agendas, through the 'personalisation' agenda, meaning access to our service is now across different ethnic groups and not just Bangladeshi's.

Young People's Services

Our Young People's Services successfully communicates the complex, non-linear, journey many young people go on as they move from being unengaged to becoming fully equipped for adulthood. As they progress, young people go through 4 phases where; young people Get involved (social engagement), Grow and learn (social learning), Give back (social action) and Gain independence (social leadership).

During the course of the year, the young people we worked with became more self-aware, receptive, confident, resilient, motivated, responsible, and better at communicating. This is crucial, as building these emotional and social capabilities enables young people to form positive relationship with peers; learn from and build trust with supportive role models and caring adults; challenge themselves and step outside of their comfort zone; broaden horizons and raise aspirations, and achieve things they might not have previously thought possible.

Our Youth Service works with young people aged 6-19 in activities and opportunities developing learning, life skills and raising aspirations, acting as a local youth hub. Over 200 young people took part in our youth service activities during the year with thrice weekly group sessions ranging from dance, boxing and other sports, IT and arts projects to one to one support including careers advice and homework club.

We also provide after school club service for our school age children. The after-school club will provide an opportunity for children to develop social skills and to engage in constructive activities

LOCAL PARTNERSHIP AND PROJECT WORK

We work in consultation and partnership with the local community and statutory and voluntary agencies in developing our programmes and responding to emerging need and new initiatives.

We are widely involved in collaborative and partnership work and developed further opportunities by being actively involved in new initiatives both locally and Camden wide. Partnership working benefits our users as it identifies need and gaps in provision, prevents duplication of services and enables accurate referral and information to and from partnership organisations. It enables access to funding streams and increases our effectiveness and resilience through joint provision of services and the exchange of good practice, policies and information.

We act as a strategic organisation working with partners across the sector as well as statutory providers to enable members of the community to engage with service providers and to enable those providers to adapt services to better meet the needs of the community. We provide ideas and input into discussions and consultations on policy matters. Staff and trustees attend a range of internal and external meetings to help set the direction of the organisation and to share best practice and ideas. Our status as Camden Council's Strategic Partner in the South West Zone places us in a key role in making community connections with other VCS organisations in the area.

With our roots in community activism, we have evolved into a well-known and locally respected 'community anchor'. We are immensely proud that the Surma Community Centre is a venue that provides for a wide range of social, cultural and community events, and now increasingly, support a more diverse range of service users, reflecting the changing demographics of the local community within which we are rooted.

FINANCIAL REVIEW

Since we were elected as board of directors, we inherited deficit of £42k. We are now in surplus, stronger financially compared to the past. There was no lease of the building when we took over from the previous management. Since we took over, we secured a 15year lease from the council.

The charity aims to develop a diverse funding base for its activities. While Camden council remains our source of funding, we continue to attract funding for various projects from a wide range of other sources - charitable trusts, private companies, donations and the community centre's own income generating activities.

Throughout the year, the Directors reviewed quarterly management accounts and control was also exercised by senior staff and the Treasurer in line with the Charity's Financial Management Policy.

PLANNING FOR THE FUTURE

Subject to satisfactory funding arrangements we intend to continue facilitating activities outlined as above over the forthcoming year.

Our future development aims include:

- i. Strengthening the Surma Community Centre as a community hub by maintaining and/or increasing the capacity of existing services.
- ii. Adding other provisions and developing further projects to meet the identified needs of the local community thus further enhancing community cohesion.
- iii. Increasing the level of volunteer engagement in service delivery arms.
- iv. Adopting a more holistic approach to clients to identify and tackle underlying needs.
- v. Further developing an all-round holistic employability support service.
- vi. Agreeing a model for the re-development of the Surma Centre as an exemplar community hub model which espouses joint working through co-location of services.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The Charity is registered as a charitable company limited by guarantee and is governed by its Memorandum and Articles of Association. The Charity has no share capital or debentures, hence there are no Directors' Interests requiring disclosure. In the event of the Charity being wound up each member is required to contribute an amount not exceeding £1.

Organisational structure

Bengali Workers' Association is managed by a voluntary Board of Trustees and operates from the Surma Community Centre. Established in 1976, it is a successful, vibrant community facility and resource providing a safe and welcoming hub for the wider community.

The Surma Community Centre exists to improve the quality of life for local people by offering excellent services which provide a range of educational, employment, healthy lifestyle, recreational, cultural and social opportunities. In addition, it provides information, advice and guidance to users on a wide range of matters and signposts them to the appropriate point for specialist advice. It is a place people from diverse backgrounds come to socialise, learn and develop.

The Board are responsible for setting general policy, finalising and approving the annual plan and budget, monitoring the charity and taking major decisions about the strategic direction of the charity and any capital expenditure.

Management

The Board employ a chief officer who manages the day to day administration of the charity, ensures the Trustees are fully informed of key changes in legislation and good practice and ensures adherence to all legal and financial requirements. The chief officer leads on strategy & sustainability, business & partnership development and co-ordinates fundraising initiatives. The remaining staff are employed to manage and develop particular service areas or have specific administration or premises-related responsibilities.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Appointment, Induction & Training of Trustees

The Board of Trustees are selected at the AGM, or co-opted during the year, in accordance with the Memorandum and Articles of Association. Invitations for nominations of trustees are sent out prior to the AGM, requesting a personal statement summarising skills and reasons for being nominated as a Trustee. When considering the selection or co-option of trustees, the Board has regard for the diversity of skills needed, and that legal requirements under Charity and Company Law are met.

New trustee's induction includes detailed information on their legal obligations under charity and company law, the content of the Memorandum and Articles of Association, the committee and decision making processes, the business plan and recent financial performance of the charity. Each trustee is invited for a tour of the buildings to be introduced to the staff and functions of the charity as part of their induction. The functions of the board and its decision-making processes are also explained, as are their individual roles, responsibilities and legal obligations under both charity and company law. Each Trustee has clear responsibilities, are expected to attend all Trustee meetings and are often given a particular role.

Trustees are encouraged to attend appropriate external and internal training events where these will facilitate the undertaking of their role. Familiarisation on legal obligations takes place throughout the year as and when needed, and staff produce written reports and occasional presentations. There is usually a Forward Strategy and Business Review workshop during the year, to enable Trustees to review the strategic direction of the charity, and re-affirm key priorities. Trustees are invited and encouraged to attend Camden consultation events and to represent the charity at key off-site functions, locally and borough-wide.

Risk management

We continue to assess, review, monitor and plan for all risks which the organisation may face, now or in the future. Our Risk Management Strategy comprises a risk register of all aspects of the organisation and its activities, and for each project we undertake, outlining possible risks which may occur, procedures to mitigate the risks identified, and regular reassessments both of the risks already outlined on the register and of projects and activities for potential new risks. All new projects and activities developed and run by the organisation undergo a risk assessment before they begin. This process has heightened awareness to the potential risks faced and will assist with the development of robust contingency plans. These procedures are periodically reviewed by the Board to ensure that they continue to address the needs of the Charity.

Internal financial control risks are minimised by the implementation of procedures for authorisation of all transactions and projects. Significant external risks to funding have also led to the development of a strategic plan which allows for the diversification of the Charity's funding and activities.

The charity makes little use of financial instruments other than an operational bank account so its exposure to price risk, credit risk, liquidity risk and cash flow risk is not material for the assessment of the assets, liabilities, financial position and profit or loss of the charity.

We are grateful to our funders including Big lottery, City Bridge, Edward Harvest and Camden Council for providing funds to help our local residents. We are also thankful to our staff, volunteers, partner organisations, friends for their assistance during the pandemic , helping us distributing hot meals to the vulnerable people, children and families.

TRUSTEES' RESPONSIBILITY STATEMENT

The trustees (who are also the directors of BENGALI WORKERS ASSOCIATION for the purposes of company law) are responsible for preparing the Report of the Trustees and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing those financial statements, the trustees are required to

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charity SORP;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charitable company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

TRUSTEES' RESPONSIBILITY STATEMENT - continued

In so far as the trustees are aware:

- there is no relevant audit information of which the charitable company's auditors are unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

Approved by order of the board of trustees on 30 December 2022 and signed on its behalf by:

Salik Miah - Trustee

Opinion

We have audited the financial statements of BENGALI WORKERS ASSOCIATION (the 'charitable company') for the year ended 31 March 2022 which comprise the Statement of Financial Activities, the Balance Sheet and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 March 2022 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our Report of the Independent Auditors thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Report of the Trustees for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Report of the Trustees has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the Report of the Trustees.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the trustees were not entitled to take advantage of the small companies exemption from the requirement to prepare a Strategic Report or in preparing the Report of the Trustees.

Responsibilities of trustees

As explained more fully in the Trustees' Responsibilities Statement, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Our responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a Report of the Independent Auditors that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and noncompliance with laws and regulations, our procedures included the following:

- a) We enquired of management and the finance committee, which included obtaining and reviewing supporting documentation, concerning the charity's policies and procedures relating to:
 - i.. Identifying, evaluating, and complying with laws and regulations and whether they were aware of any instances of non-compliance;
 - ii. Detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected, or alleged fraud;
 - iii. The internal controls established to mitigate risks related to fraud or non-compliance with laws and regulations.
- b) We inspected the minutes of meetings of those charged with governance.
- c) We obtained an understanding of the legal and regulatory framework that the charity operates in, focusing on those laws and regulations that had a material effect on the financial statements or that had a fundamental effect on the operations of the charity from our professional and sector experience.
- d) We communicated applicable laws and regulations throughout the audit team and remained alert to any indications of non-compliance throughout the audit.
- e) We reviewed any reports made to regulators.
- f) We reviewed the financial statement disclosures and tested these to supporting documentation to assess compliance with applicable laws and regulations.
- g) We performed analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud.
- h) In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments, assessed whether the judgements made in making accounting estimates are indicative of a potential bias and tested significant transactions that are unusual or those outside the normal course of business.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our Report of the Independent Auditors.

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

These financial statements have been prepared in accordance with the provisions applicable to charitable companies subject to the small companies regime.

The financial statements were approved by the Board of Trustees and authorised for issue on 30 December 2022 and were signed on its behalf by:

Salik Miah - Trustee

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 20% on cost
Fixtures and fittings	- 25% on cost
Computer equipment	- 25% on cost

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the Statement of Financial Activities on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The charitable company operates a defined contribution pension scheme. Contributions payable to the charitable company's pension scheme are charged to the Statement of Financial Activities in the period to which they relate.

Notes to the Financial Statements - continued
for the Year Ended 31 March 2022

2. INVESTMENT INCOME

	31.3.22	31.3.21
	£	£
Deposit account interest	17	53
	<u> </u>	<u> </u>

3. NET INCOME/(EXPENDITURE)
