Making Communities Work & Grow

Trustees' Annual Report *(continued)*

Year ended 31 March 2023

Structure, governance and management

OUR MISSION

Our mission is to encourage young people and families to aspire to achieve their full potential so that they realise that they have a unique contribution to make to the social, cultural and economic future of their communities.

WHO WE ARE:

Making Communities Work and Grow (MCWG) has been providing outstanding service to the community of Kensington and Chelsea and surrounding areas since 1994. MCWG first set up as a response to the lack of specific services for Black and Ethnic Minority (BAME) young people in the area. Over the years, our inclusive ethos has meant that we increasingly open our doors to disadvantaged young people and families from a variety of backgrounds, for example from White British, Moroccan, Somali and Bangladeshi communities. MCWG provide activities and services for beneficiaries aged between 5-60 years old. Our work caters for those who are living and working in one of the most deprived areas in London. Many of our beneficiaries are from low-income single parent families who struggle to access mainstream services and educational support. This is particularly the case for families who do not speak English as a first language. Isolation, loneliness, mental health, financial constraints and lack of physical activity are some of the issues we deal with and provide activities and services to address these issues. Low levels of literacy and educational attainment are also a big issue. We work closely with social care and education professionals to help families stay safe and access support, whilst working with young people to build their self-esteem and sense of achievement. Currently we are the largest of a very few organisations that facilitate activities for the North African/Arab community. We also cater for Afro-Caribbean, Asian and other minority ethnic groups.

Our supplementary school is the largest in the borough for teaching Arabic with over 200+ students and assists local schools by providing their pupils with extra-curricular support, which in turn help improve school results. This year we have created a new programme of activities aimed at parents and adults from coffee mornings, health and wellbeing workshops, day trips and sports and fitness activities. Feedback from surveys, training providers, business professionals, police and the local authority further indicate a need to provide specifically tailored services for young people of North African/Arab and other BAME backgrounds being affected by poverty-related issues.

Our users play a pivotal role in shaping and developing all our projects. We hold regular discussions and dialogue to understand their developing needs and to get suggestions for improvement in the delivery of our services to them. MCWG is a thriving charity organised by local people for the local people, a community-based charity providing a grass-root service for each individual household.

THE WORK WE DO

Youth Provision

The drop-in sessions deliver life skills and extra-curriculum programmes during the weekends and holiday periods, which enhance the personal, social and educational development of children and young people. During the drop-in sessions, we offer a wide range of activities and offer a safe and warm space for children and young people to socialise and stay off the streets.

Many of our beneficiaries are at a higher risk of engaging in criminality, drug abuse and anti-social behaviour. We work in partnership with local external agencies who feed us information so that our youth workers can promote education, employment and training on offer. We offer various projects that enhance the skills of the members of our community, from early intervention to youth and adult programs. This year we had a strong focus on building strong relationships and confidence with the

Making Communities Work & Grow

Trustees' Annual Report *(continued)*

Year ended 31 March 2023

children and young people as we were just coming out of COVID-19 and had a large number of new children and young people accessing the drop-in sessions. We delivered generic activities within the centre as well as day trips, educational workshops and sporting tournaments throughout the year. Our aim for the youth is to build responsible, productive young men and women, who are able to take responsibility for themselves and their actions and make a positive contribution to the community. We achieve this by equipping them with relevant knowledge, correct understanding and skills. Our youth provision also helps young people to build their self-esteem and confidence by empowering them through provisions of informal education, sports and the youth activities. Our projects encourage personal development, help channel aggression, and discourage anti-social behaviour. Our youth provision ran weekly and we had a session for boys and a session for girls. The boys programme ran on Saturdays between 5pm-7pm (ages 8-13) and 7pm-9pm (ages 14-18). We held over 40 weeks of sessions for the boys. The girl's session ran on a Friday evening between 4:30pm-6pm (ages 13+) and we were able to deliver over 30 weeks of sessions.

Supplementary School

Our supplementary school caters for children aged 5-16 year olds. We provide formal national curriculum support in the form of tutoring and homework clubs that help children and young people with English, Maths and Science and Arabic that is taught at our weekend supplementary school. Our supplementary school runs every Saturday from 10:00-3.00 at Colville Primary School. The school boasts over 200 students, 3 senior staff, 11 teachers, 5 assistant teachers and 3 Volunteers. Our after school tutoring/homework clubs catered for children for primary school age to secondary school age and provides additional support for Maths, English and Science.

Football Sessions

During 2022-2023 we provided 38 weeks of football sessions for free at Westway Sports Centre for adults aged 18-28. The aim of the sessions was to promote a healthy lifestyle, social wellbeing and mental health. Many of the beneficiaries who participated experienced financial barriers to participating in sport and priority was given to residents of RBKC. The sessions were attended on average by 20 beneficiaries every week, we had 40+ unique beneficiaries access the sessions and the feedback received was very positive. Beneficiaries were extremely grateful for the sessions and we received a lot of feedback relating to the sessions being a great way to stay healthy and also a great way to alleviate mental health related issues such as depression and anxiety, some beneficiaries commented about the social element and reduction of isolation following COVID-19 regulations.

Women's Coffee Mornings

Women's coffee mornings proved to be one of the most popular activities. The coffee mornings were attended by an average of 25 women per session and some regular sessions would reach attendance figures of around 40+. Part of our coffee morning activity was a mini bazaar we would hold monthly and this was a huge success. The bazaar would attract over 60+ women and it gave local female entrepreneurs the opportunity to showcase their business and products and to gain exposure for their brand. We had many visitors attend the coffee mornings and bazaar's including local councillors, MP's and the mayor. The feedback we received from attendees was very positive, majority of the beneficiaries found the coffee morning a place of 'relaxation' and a 'mental break'. There were also periodic workshops held in conjunction with the coffee mornings that addressed topics around a healthy lifestyle and mental health. The workshops were run in partnership with Communities Living Well (CLWM) and were well received by beneficiaries. Through feedback, 85% of attendees stated they felt more confident in addressing and tackling certain issues after attending the workshops.

Making Communities Work & Grow

Trustees' Annual Report *(continued)*

Year ended 31 March 2023

Children's Gymnastic Sessions

Another extremely popular activity we held was the children's gymnastic sessions. These were bi-weekly, Monday and Wednesday between 5pm-6pm and 6pm-7pm. The earlier timing was for children aged between 5 years-8 years and the later timing was for 9 years-13 years. Both classes filled up very quickly and we had to operate a waiting list for the sessions due to the popularity. We have had over 80+ unique users access the sessions and have over 30+ children attending the classes regularly to date. The sessions are taught by a qualified coach who is accredited by British Gymnastics and has over 35+ years of experience in teaching gymnastics.

The centre is a thriving place to be and we held several events throughout last financial year. We held an Eid event in Kensington Memorial Park which attracted over 2,500 people. The event served the purpose of bringing the community together on a joyous occasion and embracing the diversity of the community we have in RBKC. The event was attended by the then Mayor of RBKC, Councillor David Lindsay and his wife as well the then Lord Mayor of Westminster, Hamza Taouzzale. Both dignitaries gave a small speech at the event and were well received by the team and beneficiaries. The event was held in partnership with other local organization and proved to be a great success. We also held several football tournaments throughout the year; 2x tournaments for the youth and 1x tournament for the adults and older members of the community. One of the tournaments was in partnership with London Capital FC/Learning Hub who asked us to help with their tournament after being an attendee at our tournament earlier in the year. We held a pre-Eid bazaar which has become an annual event in our calendar and was aimed at families and young children but attracted the entire community and all age ranges. We had over 150 people attend our centre where we had face painting, henna, sweet giveaways and pictures and make up in a Moroccan bridal chair. Lastly, during the World Cup in 2022, we held several screenings in our centre that attracted over 100+ people for each screening and as the Morocco National team progressed we decided to host an outdoor screening on Golborne Road that attracted over 1,500 people and is still spoken about today. The event was a collaboration of organisations within North Kensington and we were the lead organisation that liaised with the council, the fire brigade, the metropolitan police and the local bus garage to ensure the event went smoothly.

MCWG understands that the community is the backbone of the organisation, which is why we consider community involvement a key factor in steering the organisation forward. Our engagement with the community and transparency, have helped us provide an outstanding service. MCWG holds a deep understanding of the community and is empathetic to its cultural needs, and by doing so, acts as a stepping-stone to integration in the wider society.

Making Communities Work & Grow

Trustees' Annual Report *(continued)*

Year ended 31 March 2023

Financial review

Income for the year was £99,325 and expenditure was £189,735 resulting in a deficit of £90,410. Reserves at the end of the year were £60,056 which represents six months turnover.

POLICIES

The charity has a full range of policies and procedures. Every year the trustees review those policies which include;

Risks

Public benefit

Safeguarding

Reserves

The charity aims to hold six months of turnover as reserves. During the year the charity managed to increase its reserves. We are an inner-city charity providing important services to young people from different communities. For the future of the young and social cohesion, it is important we continue our work year on year. Indeed we are more needed when times are tough and for these reasons the trustees aim to hold six months reserves to ensure the future needs are met.

Investment

The charity holds some funds in an interest earning deposit account.

The trustees' annual report was approved on 29 January 2024 and signed on behalf of the board of trustees by:

Redouan Ahmadi (Chairman)

Making Communities Work & Grow

Independent Examiner's Report to the Trustees of Making Communities Work & Grow

Year ended 31 March 2023

I report to the trustees on my examination of the financial statements of Making Communities Work & Grow ('the charity') for the year ended 31 March 2023.

Responsibilities and basis of report

As the trustees of the charity you are responsible for the preparation of the financial statements in accordance with the requirements of the Charities Act 2011 ('the Act').

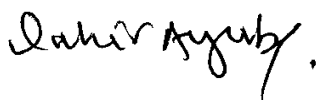

I report in respect of my examination of the charity's financial statements carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 130 of the Act; or
2. the financial statements do not accord with those records; or
3. the financial statements do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Making Communities Work & Grow

Notes to the Financial Statements

Year ended 31 March 2023

1. General information

The charity is a public benefit entity and a registered charity in England and Wales and is unincorporated. The address of the principal office is 19 Golborne Road, North Kensington, London, W10 5NY, England.

2. Statement of compliance

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Charities Act 2011.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through income or expenditure.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Going concern

There are no material uncertainties about the charity's ability to continue.

Fund accounting

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes.

Designated funds are unrestricted funds earmarked by the trustees for particular future project or commitment.

Restricted funds are subjected to restrictions on their expenditure declared by the donor or through the terms of an appeal, and fall into one of two sub-classes: restricted income funds or endowment funds.

Making Communities Work & Grow

Notes to the Financial Statements *(continued)*

Year ended 31 March 2023

3. Accounting policies *(continued)*

Incoming resources

All incoming resources are included in the statement of financial activities when entitlement has passed to the charity; it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.
- legacy income is recognised when receipt is probable and entitlement is established.
- income from donated goods is measured at the fair value of the goods unless this is impractical to measure reliably, in which case the value is derived from the cost to the donor or the estimated resale value. Donated facilities and services are recognised in the accounts when received if the value can be reliably measured. No amounts are included for the contribution of general volunteers.
- income from contracts for the supply of services is recognised with the delivery of the contracted service. This is classified as unrestricted funds unless there is a contractual requirement for it to be spent on a particular purpose and returned if unspent, in which case it may be regarded as restricted.

Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities, and the sale of donated goods.
- expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.
- other expenditure includes all expenditure that is neither related to raising funds for the charity nor part of its expenditure on charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Making Communities Work & Grow

Notes to the Financial Statements *(continued)*

Year ended 31 March 2023

3. Accounting policies *(continued)*

Tangible assets *(continued)*

An increase in the carrying amount of an asset as a result of a revaluation is recognised in other recognised gains and losses, unless it reverses a charge for impairment that has previously been recognised as expenditure within the statement of financial activities. A decrease in the carrying amount of an asset as a result of revaluation is recognised in other recognised gains and losses, except to which it offsets any previous revaluation gain, in which case the loss is shown within other recognised gains and losses on the statement of financial activities.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Fixtures and fittings	-	25% reducing balance
Motor vehicles	-	25% reducing balance
Equipment	-	25% reducing balance

4. Donations and legacies
