Summary of the objects of the charity set out in its governing document

1. To promote the benefits of the inhabitants of the area of benefit by associating together the inhabitants and the local authorities, voluntary and other organisations to advance educational, social welfare and leisure time occupations.
2. To establish a community centre
3. Other such charitable purposes

The area of benefit is defined as :- Millfield, Sunderland and the Surrounding areas.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

St Marks provides a Community Building where people young and old can meet up to take part in social or educational activities, in a safe, warm and friendly environment, these activities include:-

- ❖ Youth Session take place on a Friday evening, this allows young people to meet up and take part in sporting, educational and social activities such as football, basketball, netball, table tennis, table soccer, pool etc. There is a games room where young people can access xbox and wii games, a computer suite with internet access. There are educational and social programs run by youth workers. The community activity garden and sports area, allows the young people to access outside activities such as sports on the artificial football pitch, crazy golf, and boulder climbing wall and outside basketball hoops. We also have a new play area and fitness equipment for all ages
- ❖ We have a Friday over 60s group that meet up for three hours to do arts and crafts, cooking and just have a good chat and a cuppa., it's now thriving again after lock down with 15 people attending each week.
- ❖ Local residents group meet every 5 weeks to talk about issues affecting their community.
- ❖ **Indoor bowls Club** – this allows the community to participate in carpet bowls, both young and old alike can meet up for 3 hours each Thursday afternoon. Pool and darts are also available at this time. The club stopped during the COV Pandemic, but we are hoping to launch again with a wider selection of activities available.
- ❖ **Go online project..** This new project helped local people learn new computer skills, become more confident online, apply for jobs, talk to family etc, this has been a great success with over 50 local people being supported, this helped people to become less isolated after the pandemic.
- ❖ There are a number of independent clubs also operating from the centre, this includes-

Skinny pigs – a fitness class that operates 6 times a week with approx. 40 members each session, this is pure circuit training..

karate classes operate on a sat mornings

Kid's mini soccer – giving the children something to do on a Sunday morning from 5 to 8yr olds. This has been a great success and continues to operate with increasing numbers.

- ❖ **Computer Suite** – this is available Monday – Friday 10am to 3pm allowing the whole community access to computers, printers and the internet. This has been used by local community members to use the internet, apply for jobs and print off CVs, The numbers dropped after COV but has confidence increases the numbers again will increase.

St Marks have tried to provide as many activities as possible for the whole age range within the Millfield and surrounding areas of Sunderland. The Community garden is available throughout the day for community use, free of charge, The fitness room is available for minimum cost of £1, and the outdoor toddler area is available throughout the day free of charge, as is the artificial grassed area giving outdoor open space for the local community. We have gone through difficult times through Cov but we have fought through it trying to keep the community as active as possible. We feel we can even help the community to become even stronger in years to come.

Additional details of objectives and activities (Optional information)

We have continuous support from dedicated long standing local volunteers, who without them the place couldn't survive with the heavy increasing demands of funding

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

We try to continue to grow each year and this year, more than ever St Marks has aimed to provide a focal point for the local community of Millfield, where they can feel a part of and offer a multipurpose centre run by and for the whole community. This year has been difficult after the COV pandemic we have had to help the community come to terms with what has happened and to help them become active within their community once more. We have improved the facilities at the centre once again, with the refurbished of the toilet area,

We continuously work with other local organisations the local council and police teams to try and offer as much as we can to help make the Millfield a closer and better community to live in. Our management committee is totally run by local people, so helping make decisions which enhance the facilities and programs we can offer. We also try to make cost no issue by providing free activities, and some with a small minimal fee so open to all. We are situated in an area of high deprivation with many families on low incomes and benefits, we still have over 85% of households who don't have access to a garden for children to play. We are always here to listen to what local people want, this is the most important thing in helping to bring the community together.

With Sunderland being stated as one of the most unhealthiest cities in the UK, we do try to aim to help improve the health styles of local people, By providing fitness classes, free outdoor space, fitness room and information on healthy eating we hope we can help address this and help local people live healthier and more active lifestyles. The manager has now been here 14 years, and is also a local person who has the passion to improve the facility each year to make it an even more attractive and beneficial to the whole community. The manager also continues to work closely with local people and organisations so we can maximise the amount of local people we are reaching.

St marks has tried to offer as much support as possible, with volunteers and staff we have reached out to the local community offering help and advice via phone support, and online chat rooms. Throughout the last year we have continued to work with partner organisations to help local people, helping them get back to some normality. Like all organisations, business etc. the financial side has been affected due to loss of income. We have managed to get help from government and local council via grants and revenue streams have started to increase as more people get more confident with restrictions ending. We will continue to work hard and help to make the community even stronger.

Section E

Financial review

Brief statement of the charity's policy on reserves

The executive committee regards the financial performance of St Marks (Millfield, Sunderland) Community Association and its financial position to be satisfactory.

The executive policy is that reserves should not exceed the average of six months expenditure and a contingency for unforeseen events. The committee therefore feels that its reserves are satisfactory.

We hereby submit our annual policy and financial statements for the year ended 31st March 2022.
