Independent examination of charity accounts checklist (CC32a)

A recommended checklist for examiners

This checklist is not suitable for the examination of voluntary group accounts.

1. Self-assessment checklist

The questions in this checklist are designed to help the examiner to undertake their independent examination in accordance with the legal requirements and good practice recommendations set out in the Commission's guidance on Independent examination of charity accounts: Directions and guidance for examiners (CC32).

The examiner is recommended to use the checklist alongside the Directions for independent examination. Not all the checks listed will apply in the case of every independent examination and so the checklist is not a substitute to the examiner using their own judgment as to what is necessary.

The prompt 'step done' may prompt a 'yes' or 'no'. A 'no' answer does not always indicate a problem because it may simply be that the step was either not applicable or found not to be necessary to the examination undertaken in which case the words

'not applicable' or 'not necessary' might be entered in place of a working paper reference.

Some answers may be 'no' because the evidence or information that was needed could not be obtained and this will need to be considered when the examiner makes their report. It is recommended that all the steps for each Direction are completed with a working paper reference added.

It may be that the examiner completes the checklist as they go through the examination or as a completeness check at the end as they bring their examination to a conclusion and prepare their report. There is no legal requirement to use this checklist and examiners may substitute their own checklist or take an alternative approach.

If the checklist is completed it is recommended that this forms part of the formal record of their independent examination undertaken and is kept in the file of examiner's working papers.
