

Radiation Research Trust Annual Report 2021

Disseminating research to authorities, press, universities, medical practitioners, educational establishments, and the general public.

Administration of the RRT website and Facebook.

Administration of the Electromagneticman website and Facebook.

The establishment of a 5G awareness campaign to slow the role out of 5G until further research on health undertaken.

Dissemination of research to 5G campaigners to help them provide peer reviewed research to authorities to counter Industry, PHE and ICNIRP misinformation.

This has been particularly difficult in 2021 as the industry and media have been conflating 5G information with the misinformation of 5G causing Covid. The authorities have labelled the two together to stop anti 5G campaigners from using peer reviewed research to show the dangers to health from 5G. RRT has only disseminated peer reviewed research on the subject.

Publicizing the book, "The Microwave Delusion" in the UK and US.

Continuing to help those people suffering ill health from microwaves and campaigning to stop/slow down the role out of 5G in their area.

Lectures and meetings have had to be curtailed because of Covid.

Provide evidence and information to help with legal challenge to the role out of 5G.

Support given to local organisations trying to stop masts near their homes.

Due regard has been given to the Charity Commission's general guidance on public benefit, when exercising any powers or duties to which the guidance is relevant.
