OBJECTIVES AND ACTIVITIES

The Charity is constituted under a Trust Deed dated 3rd July 2004, and Charity number is 1123771 on the central register of the Charity Commission of England and Wales. The principal objectives of the Charity are the advancement of the Christian faith worldwide and the relief of poverty.

Recruitment and Appointment of New Trustees

Trustees and Members of Committees are appointed by the Church Ministerial Board using the essential skill and assessment method. Priority is given to criteria required to have an effective and efficient Board and Committees. To this end, the Board is carefully grafted with the right mix of skills and experience to discharge its duties and ensure effective governance and management. The trustees serve a term of two years which is renewable at the discretion of the Board. The management of the charity is the responsibility of the Trustees who are appointed and co-opted under the terms of the Trust Deed.

Organizational Structure and Decision Making

The church is organized so that the trustees meet regularly to manage its affairs. There are a full-time Minister and Volunteers, who manage the day-to-day administration of the church.

Related Party Relationships

RCCG-Winners Sanctuary is a member of Redeemed Christian Church of God (RCCG) which has Parishes all over the world. An Agreement governs the relationship for common purposes between the parishes and RCCG.

Development activities and achievement in the year

The trustees are pleased to report that the Church continued to be successful spiritually by ministering to many people. The Church has improved in membership strength and is increasingly reaching out to the community. More focus and greater success were achieved in the area of Evangelism and community outreach. Community Outreach, Sword fellowship for Single, Widows or Divorce, Community counselling, Assist the elderly and less privilege. Also, we partner with the Samaritan's Purse by making a regular donation during Christmas to children.

Risk Management

The trustees have assessed the major risks to which the Charity is exposed, particularly those relating to the operations and finance and are satisfied with the risk management systems in place to mitigate any exposure. Risk is an everyday part of charitable activity and managing it effectively is essential if the trustees are to achieve their key objectives and safeguard their charity's funds and assets. Therefore, the Charity has developed appropriate Risk Management Framework which consists of the Risk Management Policy and the Risk Management Procedures outline in the operational guidelines.

Future Developments

The Church will continue to explore various ways of spreading the gospel of Christ effectively. Charity is looking to grow in membership and continue to develop its members to make a life-changing impact in society, plant more parishes, open Bookshops, community choir and acquire its property.

Notes to the Accounts

Expenditure

Recognition of expenditure	Expenditure is recognised on an accruals basis. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates.
Expenditure on raising funds	These comprise the costs associated with attracting voluntary income, fundraising trading costs and investment management costs.
Expenditure on charitable activities	These comprise the costs incurred by the Charity in the delivery of its activities and services in the furtherance of its objects, including the making of grants and governance costs.
Grants payable	All grant expenditure is accounted for on an actual paid basis plus an accrual for grants that have been approved by the trustees at the end of the year but not yet paid.
Governance costs	These include those costs associated with meeting the constitutional and statutory requirements of the Charity, including any audit/independent examination fees, costs linked to the strategic management of the Charity, together with a share of other administration costs.
Other expenditure	These are support costs not allocated to a particular activity.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Tangible fixed assets and depreciation

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life:

Plant and machinery	25% Reducing Balance
Fixtures, fittings and equipment	25% Reducing Balance

Freehold investment property

Investment properties are measured initially at cost and subsequently at fair value at each balance sheet date and are not depreciated. All gains or losses are taken to the Statement of Financial Activities as they arise.

Stocks

Stock is included at the lower of cost or net realisable value. Donated items of stock are recognised at fair value which is the amount the charity would have been willing to pay for the items on the open market.

Trade and other debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. In the statement of financial position, bank overdrafts are shown within borrowings or current liabilities. In the Statement of Cash Flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the company's cash management.

Trade and other creditors

Short term creditors are measured at the transaction price. Other creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

Research and development

Expenditure on research and development is written off in the year in which it is incurred.

Foreign currencies

Monetary assets and liabilities denominated in currencies other than the functional currency of the charity are translated at the rates of exchange prevailing at the end of the reporting period.

Transactions in currencies other than the functional currency of the charity are recorded at the rate of exchange on the date that the transaction occurred.

All exchange differences are taken into account in arriving at net income/expenditure.

Leased assets

Where the charity enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a finance lease.

Leases which do not transfer substantially all the risks and rewards of ownership to charity are classified as operating leases.

Assets held under finance leases are initially recognised as assets of the charity at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet date as a finance lease obligation. Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the charity's policy on borrowing costs.

Assets held under finance leases are depreciated in the same way as owned assets.

Operating lease payments are recognised as an expense on a straight-line basis over the lease term.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis.

Pension costs

The charity operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. Once the contributions have been paid the company has no further payments obligations. The contributions are recognised as expenses when they fall due. Amounts not paid are shown in accruals in the balance sheet. The assets of the plan are held separately from the company in independently administered funds.

Receipt of donated goods, facilities and services

All donated goods, facilities and services received are recognised within incoming resources and expenditure at an estimate of the value to the charity.

2 Company status

The company is a private company limited by guarantee and consequently does not have share capital.

The Church is a Registered Charity with Charity Commission of England and Wales.
