A Little Gesture A Great Help (ALG)

About us

ALG is a non-profit organization recognized by the Charity Commission for England and Wales since 2011.

In 2025, ALG reached >3300 direct beneficiaries across the areas of infrastructure projects, education, poverty relief, and sustainability in the province of Gaza, Mozambique, in its joint operation with sister charity UPG Portugal[1].

Vision

Break the cycle of poverty in Mozambique

Misson

Promote the improvement of the living conditions of every child in the needy communities in southern Mozambique.

1. UPG is a non-profit Association legally recognized as a Non-Governmental Organization for Development (NGDO) by the Portuguese Ministry of Foreign Affairs since 2008, and by the Mozambican Ministry of Foreign Affairs since 2010. ALG is registered with the UK Charity Commission since 2011

Letter from the Chairman

As another year comes to an end, I look back on what we have achieved with great pride and hope. I feel a stronger, more united team, ever more focused on changing children's lives. Working to break the cycle of poverty seems to many an impossible mission. Even for us, it is hard not to be overcome by the days when we feel that what we do is not enough. There is always more we could do and, as a team, we sometimes struggle to manage our expectations. But this is the time of year to remember that what we have done is no small thing, and that what we have achieved is changing more than 3,000 lives every day.

- ✓ We served more than **316,000 meals** 4 days a week to **2,500 children** at the Santa Luísa de Marillac and São Vicente de Paulo schools
- ✓ We sponsored 897 children and welcomed **more than 20 new sponsors** to A Little Gesture, allowing us to deliver more than **10,668 food baskets to families**
- ✓ **85 children graduated from our pre-schools** and set off on their educational journey with joy and enthusiasm for school (and fuller tummies!)
- ✓ We watched the young people at the Day Center create new products and joyfully celebrated the first Community Sports Days
- ✓ **25 young people attended technical and university courses**, with **8 graduating** in fields such as Public Health, Clinical Analysis, Nursing and Maternal and Child Health
- ✓ We gave Isaura a pair of glasses, provided roofing sheets for the Muianga family's home, and watched Rodrigues flourish in the Reading Club

To all the donors, sponsors and friends who contributed to each of these moments, my **heartfelt** thanks. To every member of the team who worked tirelessly every day to create change and provide care, my heartfelt thanks.

This was also the year we allowed ourselves to dream again, after recent years of restructuring and budget constraints. We know it will be hard, but it is with ambition that we take our mission further:

- ✓ We dream of once again serving hot meals 5 days a week – for many children, their only hot meal of the day.
- ✓ We dream of building a canteen at São Vicente de Paulo, so we can serve meals come rain or shine
- ✓ We dream of bringing After-School Support to the communities of Banhine, together with cultural and sports activities
- ✓ And we dream of bringing pre-school to the little ones of Manjangue who stay on the streets while their older siblings go to school.

Dreams come true when each of us gives our best to make them happen. Over the past few years, many Little Gestures have allowed us to create a Great Help on the ground. We continue together on our mission!

Together for the children, we send our gratitude to all our friends and donors.

SUCCESS STORY

Laurika Muchave

Former Sponsored Child

Laurika is 20 years old and has been part of A Little Gesture since 2013, when she joined the Sponsorship Program at just 7 years old.

Over the years, Laurika has always stood out for her commitment. Abandoned by her mother and raised by her father and an ailing grandmother, in a house where the rain came in and with only two meals a day, she never missed school.

In 2024, she took a **decisive step towards her independence**: she moved to Maputo to **start a nursing course** – a decision taken with such determination that the project only learned of it later.

Today, Laurika is studying **Maternal and Child Health (MCH)** as a boarder at Cenáculo, in Chincumbane. She is in the second semester of the first year of a three-year course, fully focused on her studies.

Laurika's story shows how support throughout childhood gives a young woman the foundations to take charge of her future and pursue **the path she has chosen for herself.**
