Ainsdale Community Wildlife Trust

Registered Charity No. 1153533

Chair's Report 2025

There is little report this year as there has been no movement on the site by Sefton Council. No Planning application has been submitted although this site remains in their Local Plan identified for housing development. A Freedom of Information request was submitted for sight of environmental reports that were initiated by the council. They have failed to respond within due deadlines and further actions will be taken to address the issues.

The site remains in a state of regeneration as other than some minor maintenance around the edges of the field, i.e. a narrow band of mowing, nothing has changed there other than natural changes.

At our meeting in October there was a discussion about closing the Trust in view of the lack of movement regarding the site but no actions yet taken.

Our Trustee Ken Porter, has been suffering ill-health and he is the husband of the Chair Brenda. As a result of her commitments, I have completed this report as the Vice-Chair.
