The Trustees confirm that the Annual report and financial statements of the charity comply with the current statutory requirements, the requirements of the charity's governing document and the provisions of the Statement of Recommended Practice (SORP) "Accounting and Reporting by Charities" issued in March 2005.

Structure, governance and management.
The original charity was established as an unincorporated entity in November 2013. On 8 July 2014 the charity registered as a charitable Incorporated Organisation CIO and is governed by its Constitution under registration number 1157768

Risk management

The Charities Objectives.

Review of activities
A summary of the results of the charity's financial activities is given on page 5 of the accounts. During the period under review the charity raised £93,958 from its supporters by way of donations and fund raising activities and distributed approximately 99% of those monies in pursuit of its charitable activities this is an increase on previous year manly due to a regular monthly donation from a UK Business. The trustees wish to thank all their loyal and generous supporters, without whom the charity's good works would not be possible.
It has been a tough year on the fundraising front due to outside influences like the current cost of living crisis but the Trustees endeavoured to continue to fundraise where we can.
A number of animals estimated at 3 were rescued from the streets of Romania, after proper medical treatment and fulfilling quarantine procedures they have remained with us in Romania. Adoptions to UK are very very limited this year due to the unstable nature of animal welfare in the UK and a major change in attitude from authorities, vets and the public to Romanian dogs. We are not willing to put our dogs at risk by bringing them to the UK.
We continue to offer a full back up service to our dogs already in the UK supporting our adopter and dogs both physically, emotionally and financially. We have several dogs in UK kennels.

The charity now has a surplus of £175 to carry forward to the next year.
We also started operating our own transport company (as of July 2016) to transport our own dogs to their new homes. However due to a decline in adoptions and UK we have used other transport companies to save money and our transport is now used for Romanian vet visits etc.

The Charity had previously secured a loans from R.Dilly now stands at £25,000 as shown in the attached accounts to cover the costs of UK kennelling for dogs returned by UK adopters These will be repaid as and when funds allow with no interest or time scales set.

The Charity has no governance costs or associated administration costs.

Other activities this year have been 2 spay and neuter campaigns in the local area to educate and encourage locals to neuter their pets, we have with the help of a dedicated vet team carried out nearly 700 operations which will hopefully reduce the number of unwanted pups being born.

Investments and reserves policy
The charity holds sufficient liquid funds to meet the day to day demands of its charitable projects. The trustees recognise that in order to allow the charity to continue efficiently and to provide a buffer against possible decreases in income that the reserves should be maintained at their present level for the time being.

Trustees' responsibilities statement
The Trustees are responsible for preparing the Trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).Company law requires the Trustees to prepare financial statements for each financial year. Under company law the Trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources,including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;

- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in operation.

The Trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.
