Structure, Governance and Management

Governing Document

Islamic Ansaar Foundation ("IAF" or "the charity") is constituted as a charitable trust and was registered with the Charity Commission in October 2014 under charity number 1158902.

The charity is governed by a deed of trust, last updated in January 2015.

Organisational Structure

The Trustees are responsible for the overall governance, strategic direction and management of the charity. They are responsible for ensuring that the charity operates in accordance with its charitable objectives, governing document and applicable legal and regulatory requirements.

The Trustees give their time freely and receive no remuneration or other financial benefits from the charity.

The Trustees meet regularly to review the charity's activities, finances, projects, risks and future plans. They are responsible for decisions relating to the charity's programmes and financial commitments.

To assist with the effective operation of the charity, responsibilities are allocated to members and volunteers in relation to different areas of the charity's work. Members are encouraged to attend meetings and provide feedback and recommendations.

Significant financial matters and project expenditure are considered and approved by the Trustees before implementation.

The charity's activities are supported by Trustees, members and volunteers who give their time on a voluntary basis alongside their professional and personal commitments.

Recruitment and Appointment of Trustees

The existing Trustees are responsible for identifying and recruiting new Trustees where appropriate.

The Trustees seek to appoint individuals who are committed to the charitable objectives of Islamic Ansaar Foundation and who can contribute appropriate skills, experience, knowledge and understanding of the local and wider community.

Potential Trustees may attend meetings as observers and are provided with information concerning the charity's aims, activities, governance arrangements and responsibilities.

Before appointment, consideration is given to an individual's eligibility, experience, personal competence, specialist knowledge and ability to contribute effectively to the governance of the charity.

Induction and Training of Trustees

Following appointment, new Trustees are introduced to their responsibilities and provided with relevant governing documents, policies and procedures.

Trustees are encouraged to familiarise themselves with Charity Commission guidance relating to trustee responsibilities, charity governance and public benefit.

New Trustees may also work alongside existing Trustees to gain an understanding of the charity's activities and operational arrangements before taking responsibility for particular activities or projects.

The Trustees recognise the importance of maintaining appropriate knowledge and understanding of their legal and governance responsibilities and seek to review relevant guidance as required.

Risk Management

The Trustees recognise that effective risk management is an important part of the charity's governance and operations.

The Trustees regularly consider the principal risks facing the charity, including financial management, project delivery, safeguarding, overseas activities, regulatory compliance and reputational risks.

The charity maintains appropriate procedures for identifying and managing risks. Financial matters are reviewed regularly by the Trustees, and project expenditure is subject to appropriate consideration and approval.

Where the charity works with organisations or individuals overseas to deliver charitable projects, consideration is given to the nature of the project, the proposed expenditure and arrangements for delivering the charitable objectives.

The Trustees are satisfied that appropriate systems and procedures are in place, or are being developed where necessary, to manage the principal risks identified.

Where activities involve children or vulnerable individuals, appropriate safeguarding arrangements are maintained, including appropriate Disclosure and Barring Service checks where required.

Objectives and Activities

Charitable Objects

The objects of Islamic Ansaar Foundation are set out in the charity's governing document and include:

- To provide relief and assistance to refugees in any part of the world who are victims of war, natural disaster or catastrophe, including the provision of food, shelter, clothing and medical aid.
- To relieve poverty among orphans by providing essential support, including food, clothing, shelter, healthcare and education.
- To relieve poverty or financial hardship among widows and their dependants by providing or assisting with education, training, healthcare and projects designed to enable individuals to generate a sustainable income.
- To advance the Islamic faith amongst young people and the local community through educational classes relating to Arabic language, Islamic history, beliefs and customs, together with appropriate advice and support services.

Objectives for the Year

During the financial year ended 30 September 2025, the charity continued to pursue its objectives through humanitarian and relief projects in a number of countries.

The charity's work focused particularly on supporting people affected by poverty, conflict, displacement, natural disasters and humanitarian emergencies.

Projects were delivered directly by Islamic Ansaar Foundation and, where appropriate, with the assistance of organisations and individuals operating locally in the countries concerned.

The Trustees seek to ensure that charitable resources are directed towards activities that provide meaningful assistance to people in need and that projects are undertaken in accordance with the charity's objects.

Activities and Achievements During 2024/2025

During the year, Islamic Ansaar Foundation supported a range of humanitarian and relief projects internationally. The projects supported during the year included assistance in **Gaza, Syria, Madagascar, Pakistan, Myanmar, Bangladesh, Lebanon, Bosnia, Turkey and Iraq**.

The charity's activities included humanitarian assistance, support for refugees and vulnerable communities, Ramadan projects, emergency relief and Cooked meals.

Summary of Project Expenditure

Country / Project	Expenditure

Bosnia – Humanitarian / Ramadan Assistance	£1,010.50
Turkey – Assistance to Syrian Refugees	£994.50
Iraq – Humanitarian / Ramadan Assistance	£1,000.74

Turkey – Ramadan Projects	£3,951.05
Turkey – Earthquake Relief	£6,072.57
Total Project Expenditure	**£92,867.80**

Project Timing and Carry-Forward Activities

The Trustees recognise that charitable projects may continue across more than one financial year.

In some cases, funds may be raised or committed during one financial year, while the project itself is completed during a subsequent financial year. Payments may then be made when the project or relevant stage of the project has been completed.

As a result, expenditure recognised during the year does not necessarily correspond directly with donations received during the same financial year.

This approach enables the charity to plan projects appropriately and ensure that committed funds are available when projects are completed.

The Trustees monitor the progress of projects and seek to ensure that charitable funds are used for their intended purposes.

Public Benefit

The Trustees have considered the Charity Commission's guidance on public benefit and confirm that the charity's activities are undertaken with regard to the public benefit requirement.

The charity provides assistance to individuals and communities experiencing poverty, financial hardship, displacement, conflict and humanitarian emergencies.

The provision of food, humanitarian assistance, support for refugees, assistance to vulnerable families and other forms of charitable relief provides identifiable benefit to those whom the charity exists to assist.

The Trustees regularly review the charity's activities to ensure that they remain consistent with its charitable objectives and continue to provide appropriate public benefit.

Financial Review

Income and Donations

The principal source of income for Islamic Ansaar Foundation is voluntary donations from individuals, businesses and other supporters.

Based on the information currently available, donations for the year are recorded as:

£76,083.30

The current breakdown is:

Source	Amount
Direct to Bank Donations (including online)	£20,096.30
Donations from businesses	£46,975.00
Cash Donations	£9,012.00
Total donations currently reported	**£76,083.30**

The Trustees are grateful to all individuals, businesses and other supporters who contributed to the charity during the year.

Charitable Expenditure

During the year, the charity supported humanitarian and relief projects with expenditure currently recorded at: **£92,867.80**

The expenditure included projects in Madagascar, Pakistan, Gaza, Syria, Turkey and other countries where the charity provided humanitarian assistance.

The charity works both directly and, where appropriate, with organisations and individuals operating in the countries where projects are undertaken.

The Trustees monitor project expenditure and seek to ensure that funds are used for their intended charitable purposes.

The Trustees recognise that the timing of donations received and project expenditure may differ. Projects can continue from one financial year into another, and payments may be made once projects or specific stages have been completed.

Consequently, current-year donations should not be compared directly with current-year project payments without taking account of funds carried forward, commitments and projects relating to previous or subsequent financial periods.

Funding Sources

The charity's principal source of funding is voluntary giving.

Donations are received through a number of channels, including:

- Direct bank transfers
- Online donations
- Direct Debit
- Cash donations
- Donations from businesses and other organisations

The Trustees remain grateful to all donors and supporters for their continued generosity.

The charity seeks to use donated funds responsibly and in accordance with its charitable objectives.

Reserves Policy

The Trustees recognise the importance of maintaining appropriate reserves to enable the charity to meet its ongoing commitments, support longer-term projects and respond to humanitarian emergencies.

The charity's intention is generally to utilise funds for charitable purposes within an appropriate period while retaining sufficient funds to meet committed projects and respond to emergencies.

Some charitable activities require funds to be retained for longer periods. These may include orphan sponsorship, regular food distribution, humanitarian programmes and other longer-term projects.

The charity may therefore hold funds that have been designated or committed for specific projects until those projects can be delivered.

The Trustees review the level and purpose of reserves as part of their regular consideration of the charity's financial position.

The final reserves position for the year ended 30 September 2025 will be reflected in the completed financial statements.

Investment Policy

The charity does not currently hold investments.

Funds are held in the charity's bank accounts and are used to support the charity's objectives and meet its financial commitments.

The Trustees will continue to review the charity's financial position and investment requirements as appropriate.

Plans for the Future

The Trustees intend to continue developing the charity's humanitarian and relief work during the coming financial year.

Particular emphasis will continue to be placed on supporting communities experiencing poverty, displacement, conflict, natural disasters and humanitarian emergencies.

The charity intends to continue developing its humanitarian projects in **Madagascar**, while also responding to humanitarian needs in other countries where the charity is able to provide effective assistance.

The Trustees will continue to assess potential projects based on humanitarian need, available resources, the charity's objectives and the ability to monitor and deliver projects appropriately.

The charity will continue to work with suitable local and overseas organisations where this enables assistance to be delivered effectively and efficiently.

The Trustees will also continue to review the charity's governance, financial controls, safeguarding arrangements and risk management procedures to support the sustainable development of the charity.

Statement of Trustees' Responsibilities

The Trustees are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and regulations.

The Trustees are responsible for maintaining proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with applicable charity accounting requirements.

The Trustees are also responsible for safeguarding the assets of the charity and for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustees have considered the information available to them and believe that appropriate arrangements are in place for the proper management and governance of the charity.

Acknowledgement

The Trustees would like to express their sincere thanks to all donors, volunteers, members and supporters who have contributed to the work of Islamic Ansaar Foundation during the year.

The charity's activities would not be possible without the generosity and continued support of the individuals, businesses and organisations that contribute financially and give their time to support the charity's objectives.

The Trustees remain committed to ensuring that the charity's resources are managed responsibly and used for the benefit of those in need.
