The trustees, who are directors for the purposes of company law, present their statutory report together with the financial statements of Options for International Health ("OIH") for the nine months to 30 September 2026.

The accounts have been prepared in accordance with the accounting policies set out on page 16 therein and comply with the charitable company's memorandum and articles of association, applicable law and the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102).

The report has been prepared in accordance with Part 8 of the Charities Act 2011 and also constitutes a directors' report as required by section 418 of the Companies Act 2006.

OIH is a wholly owned subsidiary of MSI Reproductive Choices (Registered Company Number 01102208 (England and Wales)). OIH's operational management is carried out by Options Consultancy Services Limited (Registered Company Number 2695347 (England and Wales)), which is also a subsidiary of MSI Reproductive Choices. Options Consultancy Services Limited was set up in 1992 to;

(1) To carry on the business of acting as consultants and providing advice and information in relation to family planning, population growth, birth control and contraception, good health, both mental and physical, of parents, young people and children, illness, whether physical or mental or distress caused by unwanted conception, involuntary sterility or difficulties connected with the marriage relationship or sexual problems and the advice, facilities and treatment available for such persons and other health and medical issues.

(2) To conduct research into any of the above.

(3) To co-operate with and enter into arrangements with any authorities, agencies or bodies, international, national, local or otherwise and to obtain from any such authorities, agencies or bodies any rights, privileges and concessions.

(4) To carry on any other activity and do anything of any nature which may seem to the company capable of being conveniently carried on or done by the company in connection with the above, or may seem to the company calculated directly or indirectly to benefit the company.

Some of the programmes that Options managed address social issues for which there was interest in support from charitable sources. This led to the establishment of OIH as a charity for receiving donations and grants that can be channelled to enable the implementation of these programmes.

Objectives and Activities

The Charity's Objects, as set out in its Articles of Association are:

a) the prevention and relief of sickness and the preservation and promotion of mental and physical health for the public benefit worldwide, with a focus on those who are disadvantaged or in need particularly as a result of ill health or poverty, by such means as the Trustee Directors think fit including but not exclusively through:

- strengthening healthcare services, increasing access and improving the quality of healthcare provision;
- improving maternal and newborn survival by research and analysis to enable the promotion of enhanced accountability and services;
- increasing public awareness, support and attention toward ending the practice known as Female Genitalia Mutilation/Cutting;

b) the advancement of such other Charitable Purposes for the public benefit as are consistent with the Object stated above as the Trustee Directors in their absolute discretion determine.

Public Benefit

The trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Charity's objectives and aims and in planning future activities. The activities undertaken and planned during the reporting period are considered to directly contribute towards furthering the charity's objects for the public benefit.

OIH closure in 2026

Significant geopolitical developments — most notably the UK's ODA cuts — had affected the markets in which Options Consultancy Services Ltd (Options) operates in, to the extent that continued commercial viability was no longer possible. Consequently, the Boards of Options and MSI had decided to close the company, with knock on impact on OIH given the subcontracting of all OIH grants to Options.

OIH will enter a voluntary dissolution process with no assets or liabilities. The FJSI programme concluded on 31st July 2026 with all programme funds fully spent out.

As at 30th September 2026, OIH had no assets or liabilities.

Activities during the reporting period

Senegal FGM Grants Mechanism (Foundation for a Just Society (FJSI)

FJSI provided $2.5 million to expand the TGG-ALM grassroots grants mechanism in Senegal through two grant agreements. Phase 1 (Oct 2022–Oct 2025) provided $1.5

million, and Phase 2 (Oct 2025–Jul 2026) provided a further $1 million. Phase 2 was originally planned to end in September 2026, however following agreement with FJSI was brought forward to July 2026 to align with the closure of OIH.

TGG-ALM's small grants mechanism supports local civil society organisations (CSOs) to design and implement community-driven initiatives aimed at ending female genital mutilation (FGM). Alongside direct investment in grassroots interventions, the mechanism provides capacity-building support and promotes collaboration between grantees and local partners, helping to ensure that activities are coordinated and contribute to the programme's overarching goal of eliminating FGM by 2030.

The programme has provided grants to 24 organisations across four regions of Senegal: Tambacounda, Kédougou, Kolda and Sédhiou. Funding was provided through the following grant categories:

- Small grants: up to £2k
- Medium grants: up to £20k
- Anchor grants: up to £100k
- Survivor grants: introduced during Phase 2 to provide small amounts of funding to FGM survivors who had completed the TGG-ALM Survivor Leadership Initiative (SLI) course.

Many grantees were receiving formal funding for the first time. The programme therefore provided training and tailored capacity-building support to strengthen their organisational and operational capacity. Several organisations have subsequently secured additional funding, with grantees collectively mobilising a further £102k from other sources.

Grantees have delivered a wide range of contextually relevant interventions contributing to efforts to end FGM. These have included intergenerational dialogues, couples' dialogues, Married Men's Clubs and the development girl champions networks. The programme has also supported active engagement with government and other stakeholders at regional and national levels, helping to strengthen the visibility, connections and influence of grantee organisations.

Several dissemination events have also been held with grantees and donors to share experience and lessons from the mechanism as the programme came to an end.
Operationally, all grant agreements concluded on or before 30 June 2026, allowing final reporting and closure activities to be completed during July. Overall, the closeout process has been efficient, with positive feedback received from grantees.
The final narrative and financial reports were submitted and accepted by FJSI in August 2026.

Structure, governance and management

Constitution

OIH is a company limited by guarantee incorporated in England and Wales (registered number 9137405) and is governed by its Memorandum and Articles of Association dated 18 July 2014. It is also registered with the Charity Commission, charity registration number 1160066. In the event of the company being wound up the members would each be required, if necessary, to contribute to the assets of the company a sum not exceeding £1.

Organisation
Trustees can be appointed by ordinary resolution of the members.

All trustees were recruited through recommendations of people involved in the work that OIH was set up to address, and their appointment was through approval of the parent entity, MSI Reproductive Choices. Background checks on all trustees were carried out to ensure all met the due diligence requirements and all fulfil annual declarations covering conflicts of interest.

The trustees of the charity are given information on the roles and responsibilities of trustees of a UK charity and are regularly updated on Charity Commission best practice. During 2021, this information formed part of a comprehensive Trustee Induction pack that was shared with all trustees

***Governance and management during* 2026**

During 2026, OIH concluded with the completion of the grant from FJSI through the *Management and Administrative Services Agreement* with Options Consultancy Services Ltd (Options) who carried out the specific activities as authorised through the *Enabling Agreement*. The value of expenditure in 2026 was £438,288

An OIH Trustee meeting was held in May 2026. Trustees were updated on progress of the above grant and were satisfied with the progress.

The OIH Trustees were also fully appraised on the progress of OIH's closure in 2026.

Key management personnel
The trustees consider that they comprise the key management personnel of the charity along with support from key personnel from Options Consultancy Services Limited. The charity had no employees during the accounting period.

Trustees' responsibilities statement
The trustees (who are directors of Options for International Health for the purposes of company law) are responsible for preparing the trustees' report and financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial period which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charity for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently.
- observe the methods and principles in Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102);
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Each of the trustees confirms that:

- so far as the trustee is aware, there is no relevant audit information of which the charity's auditors are unaware; and
- the trustee has taken all the steps they ought to have taken as a trustee in order to make themselves aware of any relevant audit information and to establish that the charity's auditors are aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Risk management

The trustees have reviewed the major risks to which the charity is exposed, in particular those relating to the specific operational areas of the Charity and its finances. The trustees review the measures in place and establish policies, systems and procedures should they be needed to minimise or manage any potential impact on the charity should those risks materialise.

The trustees have identified 2 main areas where risks may occur:

Programme delivery

OIH is conscious of the need to ensure that it can meet deliverable targets in its contracts with third parties. In the event that it does not meet those targets, there is a risk of funding being withheld or withdrawn. To mitigate this risk, the charity has entered into an agreement with Options Consultancy Services Limited ("Options") whereby Options will provide the

charity with programmatic support, thus ensuring delivery capacity and donor compliance expertise as required. The charity has also adopted a Risk Management Policy in order to ensure that risks facing the charity (programmatic and operational) are raised, discussed and managed.

As OIH worked through closure, trustees were aware of additional risks that this brings. There was a robust closure plan in place, which included maintaining key leadership and delivery staff to the end of the grant and closure.

Governance and management

The trustees are mindful of the risks that the Charity Commission have issued with regard to connections with non-charities.

In order to help ensure that OIH comply with the above, laws and regulations dealing with the operation of charities the Board consists of trustees with considerable experience and expertise of working in the charitable sector.

Each call down that OIH issues to Options through the enabling agreement is subject to a detailed budget which ensures that expenditure and activities are within the agreed parameters and within the charitable purposes. The OIH board review expenditure reports at the trustee meetings.

The funding relationship that exists between OIH and Options is fully disclosed to donors to ensure complete transparency.

The trustees of OIH are aware of their responsibility when it comes to serious incident reporting through to the Charity Commission. The reporting is delegated to the Chair of Trustees.

Financial report for the period

Results for the period

The charity's total income was £438,288 (2025 - £931,332) during the year, all of which was expended on charitable activities.

Reserves policy

The trustees have continued to review the need for reserves and, due to the close relationship between the charity and Options, have agreed there are no liabilities requiring OIH to hold any unrestricted reserves. This is deemed appropriate while OIH's work continues to be subcontracted to Options. This position is still relevant through the closure period.

Financial Position

As at 30th September 2026, OIH doesn't hold any assets or liabilities.

Approved by the trustees and signed on their behalf by:

Trustee James Harcourt

Approved by the trustees on: 23rd October 2026

Independent auditor's report to the members of Options for International Health

Opinion

We have audited the financial statements of Options for International Health (the 'charitable company') for the period to 30 September 2026 which comprise the statement of financial activities, balance sheet, statement of cash flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- Give a true and fair view of the state of the charitable company's affairs as at 30 September 2026 and of its incoming resources and application of resources, including its income and expenditure for the period then ended
- Have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice
- Have been prepared in accordance with the requirements of the Companies Act 2006

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter – going concern

Without modifying our opinion, we draw attention to the disclosures in the directors' annual report and note 1 of the financial statements that it is the directors' intention to strike this entity from the Register of Companies. As the company's ongoing operations are ceasing the directors have not prepared these financial statements on a going concern basis.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other Information
The other information comprises the information included in the trustees' annual report, other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006
In our opinion, based on the work undertaken in the course of the audit:

- The information given in the trustees' annual report, for the financial period for which the financial statements are prepared is consistent with the financial statements; and
- The trustees' annual report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception
In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the trustees' annual report. We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- Adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- The financial statements are not in agreement with the accounting records and returns; or
- Certain disclosures of trustees' remuneration specified by law are not made; or
- We have not received all the information and explanations we require for our audit; or
- The directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemptions in preparing the trustees' annual report and from the requirement to prepare a strategic report.

Responsibilities of trustees

As explained more fully in the statement of trustees' responsibilities set out in the trustees' annual report, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud are set out below.

Capability of the audit in detecting irregularities

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, our procedures included the following:

- We enquired of management, which included obtaining and reviewing supporting documentation, concerning the charity's policies and procedures relating to:
  - Identifying, evaluating, and complying with laws and regulations and whether they were aware of any instances of non-compliance;
  - Detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected, or alleged fraud;
  - The internal controls established to mitigate risks related to fraud or non-compliance with laws and regulations.
- We inspected the minutes of meetings of those charged with governance.
- We obtained an understanding of the legal and regulatory framework that the charity operates in, focusing on those laws and regulations that had a material effect on the

financial statements or that had a fundamental effect on the operations of the charity from our professional and sector experience.

- We communicated applicable laws and regulations throughout the audit team and remained alert to any indications of non-compliance throughout the audit.
- We reviewed any reports made to regulators.
- We reviewed the financial statement disclosures and tested these to supporting documentation to assess compliance with applicable laws and regulations.
- We performed analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud.
- In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments, assessed whether the judgements made in making accounting estimates are indicative of a potential bias and tested significant transactions that are unusual or those outside the normal course of business.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the charitable company's members as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the accounts are laid out below.

Basis of preparation

These accounts have been prepared for the period to 30 September 2026. The financial statements have been prepared for the 9-month period ended 30 September 2026 as the charity intends to dissolve following the current reporting period.

The accounts have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant accounting policies below or the notes to these accounts.

The accounts have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) (Charities SORP FRS 102) issued on 31 October 2025 and effective for accouting periods beginning or after 1 January 2026, the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities Act 2011.

The charity constitutes a public benefit entity as defined by FRS 102.

The accounts are presented in sterling and are rounded to the nearest pound.

Critical accounting estimates and areas of judgement

Preparation of the accounts can require the trustees to make significant judgements and estimates.

There are no items in the accounts where these judgements and estimates were significant.

Assessment of going concern

The trustees have assessed whether the use of the going concern assumption is appropriate in preparing these accounts. Given that OIH will close after 30 September 2026, the accounts have not been prepared on a going concern basis.

OIH does not have fixed assets, staff or long term liabilities. Assets and liabilities have been recorded at historical cost or transaction value. The trustees do not consider that there are any sources of estimation uncertainty at the reporting date that have a risk of causing a material adjustment to the carrying values for assets and liabilities in the next reporting period up until the point of closure.

Income

Income is recognised in the period in which the charity is entitled to receipt, it is probable the income will be received, and the amount can be measured with reasonable certainty. Income is deferred only when the charity has to fulfil conditions before becoming entitled to it or where the donor or funder has specified that the income is to be expended in a future accounting period.

Expenditure and the basis of apportioning costs

Expenditure is included in the statement of financial activities when incurred and includes attributable VAT which cannot be recovered. Expenditure comprises grants for charitable work that the Charity has subcontracted to Options Consultancy Services LTD.

Cash at bank and in hand

Cash at bank and in hand represents such accounts and instruments that are available on demand or have a maturity of less than three months from the date of acquisition.

Creditors and provisions

Creditors and provisions are recognised when there is an obligation at the balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Creditors and provisions are recognised at the amount the charity anticipates it will pay to settle the debt. They have been discounted to the present value of the future cash payment where such discounting is material.

1 Charitable activities

	2026 Total funds £	2025 Total funds £
Grants	**438,288**	**931,332**
	438,288	**931,332**

Charitable activities were made through grants to Options Consultancy Services Limited under a Management and Administrative Service Agreement.

2 Governance costs

All governance costs and auditor's remuneration were met by Options Consultancy Services Limited during the period ended 30 September 2026.

3 Taxation

Options for International Health is a registered charity and therefore is not liable to income tax or corporation tax on income derived from its charitable activities, as it falls within the various exemptions available to registered charities.

6 Ultimate controlling party

The company's ultimate parent undertaking is MSI Reproductive Choices. It is a company limited by guarantee and is registered in England and Wales. Their registration address is 1 Conway Street, Fitzroy Square, London, W1T 6LP.

7 Related party transactions

All expenditure incurred by Options for International Health is sub granted to Options Consultancy Services LTD. The prepayment in the balance sheet represents an amount held by Options Consultancy Services LTD which is yet to be spent at the balance sheet date.

8 Key management and trustees' remuneration and expenses

As explained in the trustees' report, the trustees consider that they comprise the key management personnel of the charity. The charity had no employees during the period. None of the trustees received any remuneration in respect of their services or reimbursement of expenses during the period (2025 - none).

9 Charity information

The charity is constituted as a company limited by guarantee. In the event of the charity being wound up members are required to contribute an amount not exceeding £1.

The registered office of the charity is 1 Conway Street, Fitzroy Square, London, W1T 6LP
