Burslem Jubilee Trustees Charity Report 2020

The Burslem Jubilee Project, which is also known as Burslem Jubilee, is a Charitable Incorporated Association. Our trustees, who are appointed by existing trustees, are assisted in running the Charity by committed regular volunteers.

The Burslem Jubilee Project exists to relieve poverty, promote good mental health, and advance education among asylum seekers and refugees in Stoke-on-Trent by providing social, educational, and leisure activities to facilitate their integration within and for the benefit of the wider community.

The trustees, in making their decisions, have had due regard to the Commission's public benefit guidance when exercising powers or duties to which the guidance is relevant.

Education and Skills
Throughout 2025, our ESOL (English for Speakers of Other Languages) programme continued with valued funding from Stoke-on-Trent City Council. Liliya and Sarah delivered welcoming, accessible lessons both face to face and online, helping participants build confidence, strengthen their English language skills and take a more active part in the wider community.

Across the 2025 academic year, we delivered English language support to **151 different individuals**, demonstrating the continued importance of this provision in supporting people from diverse backgrounds.
We also introduced maths sessions with Dan, widening our educational offer and giving participants further opportunities to develop practical skills for everyday life.

Wellbeing and Connection
Our popular Friday arts and crafts sessions continued to provide a friendly, creative space where people could meet, share experiences and build supportive relationships. These sessions helped reduce isolation, encourage social connections and create a welcoming environment where people could feel part of the community.

Practical Support
Throughout the year, we continued to provide practical support to individuals and families experiencing hardship. Donated clothing was distributed to those in need, helping people access essential items with dignity. We also provided household goods where available, supporting people as they established and maintained safe, comfortable homes.

Our volunteers offered practical advice and signposted people to appropriate local support services, helping them navigate challenges and access further assistance.

Through Migrant Help support, clothes vouchers were made available to people experiencing financial hardship, providing timely help with essential living costs.

Community Partnerships
Joining the Burslem Community Hubs was a notable success in 2025. This strengthened local partnerships, connected the people we support with the wider community and created new opportunities for belonging, participation and collaboration.

These partnerships remain an important part of our commitment to supporting people, addressing practical needs and helping individuals build stronger connections within their local community.

Thanks and Acknowledgements

The trustees offer their heartfelt thanks to our volunteers, tutors, funders, donors, partner organisations and everyone who took part in the Burslem Jubilee Project's activities throughout 2025.

Your generosity, commitment and encouragement made our work possible. Through your support, we continued to provide educational opportunities, practical assistance and welcoming spaces where people could develop skills, build relationships and feel part of the community.
