ACHIEVEMENTS AND PERFORMANCE

During 2025, our charity continued its commitment to alleviating poverty through education by providing formal and religious education to more than 1,550 underprivileged students in Pakistan. Our programmes focused on improving access to quality education, reducing financial barriers and supporting the wellbeing of children from marginalised and low-income families.

Key Achievements and Impact

- **1**,550+ students supported: Provided access to formal and religious education for children from disadvantaged backgrounds.
- Educational and welfare assistance: Supported students through the provision of school uniforms, meals and medical assistance, helping reduce the financial burden on their families.
- Improved access to education: Established and maintained educational facilities serving communities with limited access to affordable, quality schooling.
- Health and hygiene awareness: Integrated awareness of health, safe drinking water, sanitation and social wellbeing into educational activities.
- Parental and community engagement: Encouraged parents to enrol their children in school and actively participate in supporting their education.
- Quality teaching and safeguarding: Recruited qualified teaching staff and maintained safe, supportive learning environments to promote effective learning and student wellbeing.

Social Impact and Benefits to Communities

Our educational and welfare initiatives directly benefited more than 1,550 students, while also providing indirect benefits to their families and surrounding communities. By reducing education-related expenses and providing essential support, we helped remove financial barriers that can prevent children from attending school.

Through community engagement, awareness activities and educational support, we worked to strengthen the value placed on education, encourage continued school participation and promote healthier living practices.

Long-Term Impact and Poverty Alleviation

Our primary objective remains to break the cycle of poverty through accessible, inclusive and quality education. By combining academic and religious learning with essential welfare assistance, we aim to equip disadvantaged children with the knowledge, confidence and opportunities needed to improve their future prospects.
