Wyke Christian Council of Churches Trustee's Report 2025

We have seen some significant changes over the course of the past year. Firstly, on 17th March 2025 the Wyke Foodbank independent CIO was set up with its new set of trustees. This was a move which had been few years in the making and the Wyke Christian Council of Churches (WCCC) remain supportive, passionate, and at the forefront of its operations. It was, however, strategic to make this move to enable and widen the scope of the project to better fit the rising needs in this area of mission within the local communities. Already, just one year on from this we are seeing much growth and development within the new Wyke Foodbank Charity and we now have church ambassadors for championing this charity in our churches and keeping the link strong with the churches.

We have over the past year also supported the Foodbank as our chosen charity and we have donated to them from our joint service collections and also our various church fundraising events and activities.

The walk of witness was a great opportunity for us to gather together with Christians from across our locality to show the presence of God and the unity between the churches. We also held an event from The Meeting Place where we gave away hot chocolate, mince pies and goody bags for the children who were passing by and we have begun discussions at our council meetings to discuss how we can develop and grow these going forward.

The WCCC has begun discussions about closing the charity, now that the Foodbank is operating independently. The Foodbank had been the original reason for the WCCC to become a registered charity and it is thought that as trustee numbers remain low, we will begin proceedings to close the charity once the new CIO for the Foodbank has been registered for a year (Feb 2026). This won't stop us meeting and working together and is giving us the opportunity to reassess how we best do this as we go forward.

Overall, this year has been largely successful and the trustees are excited to see where this will lead us going forward.
