ANNUAL REPORT 2025-2026

The King's Award for Voluntary Service

“The first couple of times he went I thought ‘ahhh he can’t do that’ but that soon went and it was amazing – he can, and they are. And it’s lovely. Active8 has given us confidence in doing more with him because I think ‘well, Active8 have done it so we can do it’.”

EXECUTIVE SUMMARY

Active8 is a Cornwall-based charity supporting physically disabled young people aged up to 30, to build confidence, community and independence.

We create opportunities for young people to experience adventure, develop life skills and independence, build lasting friendships and connections, and, above all, have the freedom to be themselves, discover what they can achieve and believe in their future.

CHARITABLE OBJECTIVE

To empower and motivate young people with physical disabilities in Cornwall to become autonomous individuals by developing theirs skills, confidence, support structures and aspirations.

MISSION

Our mission is to provide and improve access to services and opportunities that empower physically disabled young people to lead more independent lives.

VISION

Our vision is for an inclusive society where individuality is embraced.

OUR IMPACT

OVER THE LAST 12 MONTHS WE HAVE SUPPORTED OVER 1,100 INDIVIDUALS, FAMILIES AND ORGANISATIONS THROUGH THE VARIOUS ACTIVE8 PILLARS.

ACCELER8

This year, as always, has been an exciting and busy one for Acceler8. We completed and evaluated our 2024–26 cohort before recruiting and preparing for our new 2026–28 cohort, which began in August 2026.

Over the past year, the Acceler8 group took part in a wide range of trips, activities and challenges, culminating in the young people planning and delivering their own residential in January 2026. They then celebrated the completion of their Acceler8 journey with a week-long trip to London in February, marking a fantastic end to their two years on the programme.

“Now I’m a lot more social and I like talking to people, and I don’t get anxious or the mental health problems I had before – I don’t feel any of that anymore. I’m just a very different person… I learnt the power of friendship.”

Acceler8 member, March 2026

ILLUMIN8

This year, Illumin8 has continued to evolve as we completed the seventh year of the programme.
We welcomed a number of new members, supported Acceler8 members as they progressed into Illumin8, and continued to see our existing members grow in confidence, independence and skills.

The need for Illumin8 has become increasingly evident as other services and opportunities for young disabled people continue to diminish. This year, the group took part in 7 residentials, providing over 14 nights of support, alongside 10 day activities, creating regular opportunities for connection, development, adventure and peer support.

ILLUMIN8 ACTIVITIES

AUG - Calvert Trust residential (inc. cycling, canoeing, abseiling and ziplining).

SEPT - Boat trip along the Camel Estuary

OCT - Roseland Centre residential (inc. stain glass window making and cookery) & DJing workshop

NOV - Christmas party residential (inc. DJing party and wreath making) & Christmas markets and festival

DEC - Circus workshop & Eden Project trip (inc. ice skating and lights show)

JAN - Butlins 90's residential

FEB - Youth Voice Matters conference in Birmingham

MAR - Russell Howard gig

APR - NAIDEX exhibit in Birmingham & Employability workshop

MAY - Adrenaline residential (inc. skiing and indoor skydiving)

JUNE - Cookery workshop & St Michaels Mount visit

JULY - Animal Sanctuary visit and Code of Conduct workshop

MENTORING

Following the successful completion of our mentoring programme in 2024–25, we paused delivery during the last financial year to review and further develop the training programme. We have used this time to strengthen the programme, with mentoring set to resume in 2026–27.

ADVOCACY

At Active8, we have continued to strengthen our offering to support other organisations and local communities to better understand and include young disabled people, while empowering our members to advocate for improved accessibility.

Over the past 12 months, we have contributed to a range of projects and consultations focused on improving access and inclusion for disabled people, young people and communities across Cornwall.

We have worked with a range of organisations, including:

Royal Cornwall Hospitals NHS Trust
Environment Agency
Cornwall Council
Cormac
Bude Town Council
Creation Works

ACCESSIBLE TRANSPORT

Active8 is fortunate to have its own fully accessible minibus, which plays a vital role in enabling our members to take part in trips, activities and opportunities that would otherwise be inaccessible to them. For some of our young people, this transport is the difference between being able to participate and being left behind.

Our minibus also provides an important service to the wider local community, where accessible and affordable transport provision is limited. Over the past year, we have supported a diverse range of organisations and groups, including schools, community projects, churches, youth clubs, sports clubs, scouting groups, fundraising groups, surf therapy initiatives and ladies' clubs.

As a not-for-profit organisation providing accessible transport in North Cornwall, Active8 is proud to help local people and organisations access opportunities, activities and events that might otherwise be out of reach.

Without this service, many members of our community would face significant barriers to participation. Our minibus helps remove those barriers, connecting people with their communities and enabling them to be involved in impactful, meaningful and inclusive experiences.

OTHER ACHIEVEMENTS

We are incredibly proud of everything Active8 has achieved over the past year. From celebrating our history and recognising the dedication of our volunteers, to creating new opportunities for our members, it has been another hugely positive year for the organisation.

Some of our highlights include:

- Receiving the King's Award for Voluntary Service as part of the King's Birthday Honours — the highest award given to voluntary groups across the UK, equivalent to an MBE.
- Celebrating 35 years of Active8, marking more than three decades of supporting young people with physical disabilities.
- Completing a 35km fundraising walk along the Camel Trail to celebrate our 35th anniversary and raise vital funds for our work.
- Continuing our involvement with the Cornwall Disability Alliance, helping to champion the rights, voices and experiences of disabled people across Cornwall.
- Historic Cornish landmark, St Michael's Mount, being illuminated in Active8 colours, helping to raise awareness of our charity and the work we do.
- Continuing to operate one of the only fully accessible minibuses in North Cornwall, providing vital transport for our members and the wider community.
- Investing in our staff and their professional development, with team members completing a range of training courses, including Tom achieving his Level 2 Youth Work qualification.
- Welcoming a new member of staff to strengthen our team and increase our capacity to support our members.
- Continuing to provide amazing opportunities and life-changing experiences for young people with physical disabilities, helping them build confidence, develop independence, make friends and achieve things they may never have thought possible.

These achievements are only possible because of the dedication of our staff, volunteers, trustees, supporters and, most importantly, our members. We are incredibly proud of what we have achieved together and excited about what the next year will bring.

ORGANISATIONAL STRUCTURE

STAFFING

Over 2025–2026, our team of five has continued to evolve, grow and develop. We are incredibly proud of the commitment and experience within our staff team, with John celebrating his 11th year working for Active8, Lindsey completing six years with the charity, and Tom and Clare both celebrating their second year with us.

This year, we unfortunately said goodbye to Stacey as she decided to pursue a new career path in bookkeeping. Stacey was a valued member of the Active8 team, and we wish her every success in her new role.

Stacey's departure also gave us an opportunity to review our team's skills, capacity and the needs of the charity as we continue to grow. As a result, we created a brand-new role within Active8 and, in May 2026, welcomed Tiahna, our new Marketing and Communications Coordinator, to the team.

Tiahna brings a fresh set of skills and experience to Active8. Alongside getting involved in our activities and spending time with our members, she will be focused on strengthening our communications, developing our brand and increasing our social media presence. Her role will help us reach more young people, families, organisations and communities who could benefit from the services and opportunities Active8 provides.

We are excited about the skills, ideas and energy Tiahna brings to the team and look forward to seeing how this new role helps Active8 continue to grow and reach even more people.

Mark Woolcock - March 2026

TRUSTEES CONTINUED

Active8 Trustees are appointed by the existing Trustees for a three-year term of service. When considering the appointment of new Trustees, the charity must have regard to the skills, knowledge and experience required to ensure the effective administration and governance of the Charitable Incorporated Organisation (CIO).

All Trustees must be formally appointed through a resolution passed at a properly convened meeting of the charity trustees, with a minimum of 21 days' notice provided in accordance with the organisation's governing procedures.

All Trustees have a responsibility to follow the agreed procedures when inviting new Trustees to join the organisation or when considering the re-election of existing trustees. This ensures that Trustees are appropriately appointed, understand their responsibilities and are able to represent Active8 safely, effectively and professionally.

The Board of Trustees is responsible for ensuring that the agreed governance procedures are followed and that any concerns or issues are addressed promptly and appropriately. This helps to minimise any potential impact on trustees, staff, members, volunteers and the wider organisation, while maintaining effective governance and safeguarding the reputation and interests of Active8.

FUNDRAISING

The past year has been a challenging time for fundraising, with rising costs, increased competition for charitable funding and continued uncertainty around longer-term support for much-needed charitable programmes. Despite this challenging backdrop, Active8 has worked hard to adapt and respond with resilience, creativity and determination.

Our dedicated fundraiser, Clare, has continued to focus her efforts on generating the essential income needed to sustain and develop our services. A key priority has been securing multi-year funding, helping to provide greater financial stability and reduce the risks associated with relying on short-term grants.

We are proud to have secured all of the funding required for our Acceler8 programme for 2026–2028, including significant longer-term contributions such as a two-year grant from BBC Children in Need.

Our focus now is to build on this momentum by securing additional sustainable support for the second year of Acceler8, funding the continuation of Illumin8 and ensuring we have sufficient core funding to sustain the essential ‘behind the scenes’ work that allows our programmes to operate effectively.

Our longer-term ambition is to secure five-year funding commitments for Acceler8, as we have successfully achieved for our Illumin8 programme. This would provide the financial security and space to plan strategically, while allowing us to focus our fundraising efforts on other essential priorities — including replacing our accessible minibus — and continuing to improve the quality, impact and reach of our services.

We are incredibly grateful to the generosity and commitment of our supporters, partners and funders. Their belief in Active8 and our mission enables us to continue creating opportunities, improving the lives of young disabled people and building a stronger, more sustainable future for the charity.

LOOKING TO THE FUTURE

In 2025, Active8 started to implement our 2025–2030 Strategic Plan, which was developed and agreed in 2024. The strategy provides a clear direction for the charity over the next five years, while remaining a working document that will evolve in response to the changing needs of our members, our communities and the wider environment in which we operate.

Using input from members, staff and trustees, and building on the organisation's strengths and opportunities while recognising and addressing our weaknesses and external threats, Active8 established five key strategic goals.

1. Young people with physical disabilities in Cornwall are empowered to be self-advocates and their voices are heard within their community.

We continue to deliver projects and activities that give our members opportunities to develop confidence, independence and advocacy skills. Through our programmes and wider involvement in the community, members are encouraged and supported to speak up for themselves, influence decisions and advocate for other young people with disabilities across Cornwall.

We are developing our partner organisations and disability networks, to increase our reach to ensure that the voices and experiences of our members are represented and heard.

2. Active8 has the necessary human, material and financial resources to make the organisation sustainable.

Over the past year, we have continued to strengthen the foundations of Active8 and ensure we have the resources needed to deliver our services effectively.
Following a review of our staffing needs and capacity, we successfully recruited a replacement member of staff, bringing new skills and capacity into the organisation. We have also continued to maintain our equipment to a high standard, ensuring it remains safe, accessible and fit for purpose.

Alongside this, we have continued to focus on fundraising and securing longer-term funding commitments to strengthen the charity's financial sustainability. Our aim is to ensure Active8 has the people, equipment and financial resources required not only to continue delivering our existing programmes, but also to develop and grow our work over the lifetime of the strategy.

LOOKING TO THE FUTURE CONTINUED

3. Active8 has increased public awareness both locally and nationally

Over the past year, Active8 has continued to raise our profile both within Cornwall and nationally, helping more people understand who we are, what we do and the barriers faced by young people with physical disabilities.

Receiving the King's Award for Voluntary Service provided an important opportunity to raise awareness of Active8 and the contribution of our volunteers. Our 35th anniversary celebrations, 35km fundraising walk and the illumination of St Michael's Mount in Active8 colours also helped us reach new audiences and showcase the impact of our work.

We have continued to develop our social media and communications, while working alongside partner organisations and disability networks to increase our reach. The appointment of our new Marketing and Communications Coordinator will further strengthen this area, helping us to develop our brand, improve our online presence and ensure that young people and families who could benefit from our services know that Active8 is here to support them.

4. Active8 has access to reliable, cost-effective transport

Accessible transport remains essential to the delivery of Active8's work. Our fully accessible minibus enables members who may otherwise be unable to travel to attend activities, residentials and opportunities across Cornwall and beyond.

Our minibus also provides a valuable service to the wider community, supporting schools, community groups, youth organisations, sports clubs, scouting groups and other local organisations where accessible transport is limited.

We continue to maintain our existing vehicle and ensure it remains safe, reliable and fit for purpose. However, as the charity grows and our current minibus gets older, securing funding for a new accessible minibus has become an important long-term priority. Our aim is to ensure we have reliable and sustainable transport that represents good value for money and can continue to meet the needs of our members and the wider community.

LOOKING TO THE FUTURE CONTINUED

5. Active8 has access to an accessible building suitable for our needs

Having access to suitable, accessible accommodation continues to be a significant priority for Active8. Our programmes involve residential experiences, and finding accommodation that can safely and appropriately meet the needs of young people with physical disabilities is a massive challenge in Cornwall.

We have continued to research facilities in the county and work with existing venues and undertake access assessments to identify what works well and where improvements are required. While current accommodation can meet the needs of our members in many circumstances, we recognise that there are limitations, particularly as the needs and diversity of future groups change.

This year we carried out a building feasibility study to assertain the need, requirements and cost to pursue an Active8 building.

Over the coming years, we will continue to explore options for securing a more permanent and suitable accessible building for Active8. This may include purchasing, leasing or developing a property, depending on what is financially and practically achievable.

Our long-term ambition is to have access to a building that is fully accessible, safe, welcoming and designed around the needs of our members, providing a sustainable base from which we can deliver our programmes and continue creating life-changing opportunities for young disabled people.

FINANCES

REVIEW OF RISK

The charity Trustees have considered the major risks to the charity and are satisfied that the systems and procedures in place manage those risks. At the Trustee meetings time is allocated to this and the charity has a risk register and strategy plan including a SWOT analysis to identify the major risks.

OVERVIEW

Active8 are committed to providing a reliable and consistent provision to its members. Therefore, we aim to have secured funding for each of the project cycles. The table below shows the funding situation at the end of the financial year 2025/26:

	Funding at 1st August 2025	Funding at 31st July 2026
Restricted Acceler8 Illumin8 Total	 £28,500 £24,401 £52,901	 £35,212 £34,347 £69,559
Unrestricted	£99,600*	£92,777*
Total	£152,501	£162,336

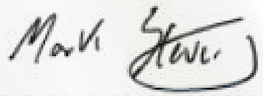

*Donations during the year to the 31st July 2025 include £23,921 raised through a Big Give Campaign. Whilst these were unrestricted, the Trustees have agreed to allocate these funds to the Acceler8 programme. At the end of July 2026 £23,921 of these funds remained unspent and included within the Unrestricted Funds of £92,777.

Reserves

Active8 endeavors to secure sufficient funding to complete the current cycle of projects that it runs, allocating its unrestricted reserves to meet any temporary shortfall. The charity ensures that £59,000 is held in unrestricted reserve at all times. Any reserves held in excess of this minimum figure will be used to support the ongoing management of the charity and to support projects in future periods.

Active 8
For the year ended 31 July 2026

Independent Examiner's Report to the Trustees of Active 8

I report to the trustees on my examination of the accounts of the Active 8 (the Trust) for the year ended 31 July 2026

Responsibilities and basis of report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I can confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

(1) accounting records were not kept in respect of the Trust as required by section 130 of the Act: or

(2) the accounts do not accord with those records.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Related Party Transactions

Due to the nature of the charity's operations and some members of the board being involved in the organisation's charitable activity, transactions may take place with the organisations and individuals in which a member of the Board of Trustees may have an interest. All transactions involving such organisations are conducted at arms length and in accordance with the charity's financial regulations and normal procurement procedures.

Income related party transactions

During the year the charity received unrestricted donations to the value of £4,008 (2025: £3,120) from 1 (2025:1) trustee.

Expenses related party transactions

During this and the previous year the charity did not make any reimbursement of expenses to trustees other than reimbursement of costs when acting as agent for the charity.
