Section C Objectives and activities

Summary of the objects of the charity set out in its governing document	To advance such charitable purposes (according to the law of England & Wales) as the trustees see fit from time to time.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Income and expenditure during the year were both nil. As noted last year, for the present, the trustees are focused on conserving their now small financial resources.

During the year the charity was involved in correspondence with HMRC regarding a request that it should file a corporation tax return. After pointing out that the charity does not generate any income and that the cost of producing a formal tax return to evidence this point would involve a cost representing a large proportion of the charity's remaining resources, HMRC finally agreed that the trustees would be considered exempt from the need to prepare a return for years ended 5th April 2025 and 2026. As things currently stand, we should expect to revisit the issue in respect of the year ending 5th April 2027.

The trustees wish to note that whilst they continue to have regard to the guidance issued by the Charity Commission with respect to public benefit, the interactions with HMRC did not, in their view, contribute positively to this aim.

As highlighted in previous years, the trustees are still hopeful of receiving further donations and legacies, which will increase significantly the future opportunity to provide ongoing public benefit.
