Notes to the Accounts for the period ended 31st December 2025

In the year to which these accounts relate, 1st January 2025 to the 31st December 2025, unfortunately once again nothing has changed as the Village Hall generated no income and only a small amount of expenditure. As this is likely to continue for the calendar year 2026, consideration is now being given to upgrading the existing hall and developing it to more acceptable standards.
