MISSION HERITAGE CENTRE (SUNDERLAND POINT)

CHAIRTY NO 1181552

ANNUAL REPORT APRIL 2025 TO MARCH 2026

Development and Project Planning

With the aid of grant funding the installation of a Solar Photovoltaic Panel Array for sustainable and resilient electrical supply has been completed and commissioned to provide sustained electricity to the building.

Maintenance and Repairs

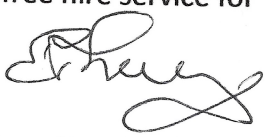

Storm damage to the roofing was repaired and decrepit rainwater gutters and downspouts replaced.
Further work to repair was carried out to extend the life of external wooden window frames.

Fund raising

Grant Aid funding was drawn down for contract work completion and contracts closed.
Revenue income from sales of local community history books and calendars provided a continuing modest income.
Local funds were raised from charity support events during the year.
Donations were received from visitors to the Mission Heritage Centre on open days.

Engagements and Events

The continued exhibition; 'Umbrella Legs' heritage photographic display is still mounted and has been open for an indefinite period.
In addition, there are many local photographs on display recording Sunderland Points fishing and sailing community, these are on display for an indefinite period.
A display of Model ships has been installed in the hall.
Leaflets, local history books and regional information leaflets are provided for visitors.
The Mission Heritage Centre continue to engage with relevant local authorities and organisations, Lancaster City Council, Overton Parish Council, Morecambe Bay Partnership and local schools.
We operate a free hire service for "More-to-Explore" Tramper all-terrain mobility vehicles.
