Charity Commission Trustees Report

BARTON COMMUNITY BAND
Registration Number: 1183165
Address: Corn Exchange, Market Place, Barton upon Humber, North Lincolnshire DN18 5DA
Trustees:

Barton Community Band is a brass band comprising around 25 players and led by our Senior Band Musical Director. It is managed by a committee of volunteers, headed by a chairperson with an operating document of terms of reference by which it is run. The committee holds meetings every month, at which minutes are taken, and an Annual General Meeting to which all the playing members of the band are invited. The band also runs a Training Band which is organised by committee members and supported by a Band Leader and the Senior Band Musical Director. Players in the Training band are recruited at sessions held by the band in conjunction with the local council in school holidays and are part-financed by generous donations. We are fortunate enough to be able to fund some scholarship places for qualifying students.

The band has organised a number of concerts during the year, playing to supplement funds, and at charity events. It is also booked to play locally at events organised by the local town council e.g. Picnic in the Park and the Christmas Festival etc. Engagements during the summer of 2025 saw the band play as far North as Burnby Hall, Pocklington near York and South at the Camper UK Leisure Park at Swinefleet, Newark. Throughout the year the band has been seen locally on Remembrance Day and at Christmas.

The bands objectives are: to build on their local reputation as an enjoyable band to listen to; to be able to grow the training band; provide opportunities where possible for both children and adults to access music and to improve its prospects at the area contest of the National Brass Band Championships.

In March 2026 the band secured first place at the North of England Area Brass Band Championships. Following last year's AGM and various uncertainties about the band's future, followed by various difficult circumstances for the band, we can't emphasise how proud we are of the dedication and perseverance of our members, especially over the last few months. This transferred through to the outstanding performance that was put on at Durham and a win that was so thoroughly deserved.

Financial accounts are kept by the Band Treasurer and accounts are audited annually to the required level. The band does not have a Reserves Policy and no funds are held by or for custodian trustees.

End of Report.
