Re : Verification of Accounts for Ripponden Pre-School

Dear Sir/Madam,

I am the Finance Director for the Leeds Jewish Welfare Board, an independent charity based at 311 Stonegate Way, Moortown, Leeds LS17 6AZ, and have held this position since July 2024. The charity supports the local community through a range of services, including support for Jewish adults with learning disabilities, community care, and social and community engagement activities at the Centre.

I have extensive experience in the financial sector, including more than 30 years in senior finance roles.

I confirm that I have independently examined the annual accounts for the 2025–26 financial year, comprising the income and expenditure statement, the Treasurers Report and the year-end bank statement. Based on the documentation provided, the financial information appears to have been accurately recorded and properly accounted for, and I have identified no matters requiring referral to the Charity Commission.

Yours faithfully,

Karen Crowther
