Social

The Social Committee arranged during the year ended 30th June 2026 a Christmas Dinner, Handover Luncheon, Charter Dinner and a Quiz Night. The monies paid by those attending these functions and the running expenses incurred covered the cost figures included in the Accounts and left a healthy surplus.I would recommend that despite this surplus the future spending upon social events are sensibly made and carefully monitored to ensure that the costs do not exceed the total income received from those attending.
