MANAGEMENT COMMITTEE REPORT
FOR THE YEAR ENDED 31 DECEMBER 2025

The Directors/Trustees present their Annual Report and Financial Statement for the year ending 31 December 2025.

FINANCIAL REVIEW

The results of the year's operation are set out in the attached financial statements. The net movement in funds for the year amounted to £12,950 compared with that of (£1,128) in 2024.
The retained reserves at 31st December 2025 amounted to £12,950.

RESERVE POLICY

The Charity Commission requires charities to determine and explain their policy for free reserves. The trustees have reviewed the organisation's free reserves policy and have turned its entire unrestricted fund into an emergency reserve to enable Bassuah Legacy Foundation to meet its obligations in the event of a shortfall in income or sudden upturn in expenditure.

RISK MANAGEMENT

The trustees have examined the major risks which Bassuah Legacy Foundation faces and believe that maintaining their free reserves at a reasonable level, combined with their annual review of the controls over key financial systems will provide sufficient resources in the event of adverse conditions. The trustees have also examined other operational and business risks which they face and confirm that they have established systems to mitigate the significant risks.

TANGIBLE FIXED ASSETS

The organisation has no fixed assets

FUNDS AVAILABLE

The present level of funding is adequate to support the continuation of the charity operations for the medium term, and the trustees consider the financial position of the charity to be satisfactory.

VOLUNTEERS

BASSUAH LEGACY FOUNDATION recognises the significant contributions made by the volunteers.

Many of the individuals behind Bassuah Legacy Foundation give their time alongside their own jobs and families, because they've seen the difference it makes in the lives of those we support.

Founders *note*

This year, we grew from 379 to 428 members and dependents. Behind that number are families whose lives and hopes continue to shape the work of Bassuah Legacy Foundation.

One moment stands out to me: watching our Leaders Programme's third cohort build their confidence and skills, while every member of the second cohort has already moved into employment or further education. It's a reminder of what's possible when people are given the right support and the chance to move forward.

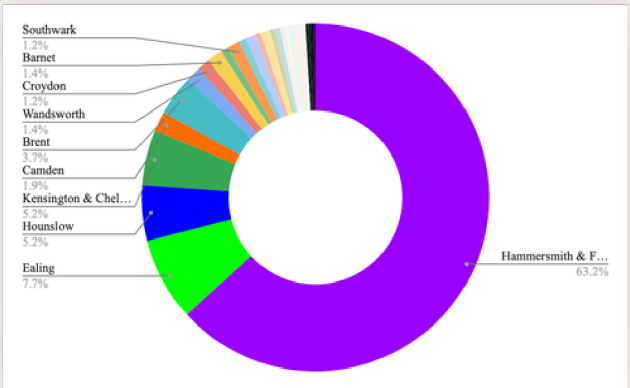

Growth also brings new responsibilities. 2025 asked more of our team than the numbers alone can show, and reminded us that building a stronger organisation matters just as much as reaching more people.

I am deeply grateful to our members, volunteers, staff, trustees and funders for the commitment, trust and support that make our work possible. Together, we look forward to building on this progress and creating even greater opportunities for our community in 2026.

Leaders Programme *spotlight*

In it's third cohort, the BLF Leadership Programme supports members to build the skills they desire while building the organisation we all love.

The brainchild of our CEO, this programme is a volunteer leadership group made up of BLF service users who help run the organisation alongside the staff. Leaders represent the wider membership and take an active role in organising events, shaping schedules, and building community partners.

Through the programme, members are given the opportunity to build skills in innumerable areas: event planning, social media, community and vendor outreach, networking, research, budgeting, stakeholder management, and more. Beyond this, they gain access to opportunities with BLF's external partners and the opportunities that can provide like coaching, employment, or individual training in their desired areas.

Highlights

- 3 cohorts, 34 leaders
- 10 from 2025 left for gainful employment or to further education
- 22 leaders meetings in 2025, 244 total attendances
- 3 training sessions pitched and conducted by leaders
- 1 full day training for team bonding and discussing the 2026 schedule of services

“Being a part of Bassuah Legacy's leadership programme has taught me that I don't need to be scared to apply for jobs and I can make a better life for me and my family. Things that seemed so scary, aren't anymore. Though I can't be a part of the programme anymore, I will always be so glad that I was a part of it. It has helped me and my family find a better life for ourselves."

- Leadership Programme Graduate

Building Toward *the future*

For 2026, BLF is prioritising strengthening internal processes and record-keeping, so our impact rests on reliable systems and not just growing numbers. We're also moving from broad feedback requests toward direct listening, through one-on-one conversations with members and a focus group, using what we learn to shape where we focus next, including developing employment partnerships that offer members a direct route into work.

We remain focused on increasing our reach within the single parent community in 2026, but we don't measure every success in numbers alone. If a single parent has had a lighter day, a decreased workload, or an increased sense of community, that matters too, even on the sessions where turnout was small.

We are also exploring lower-cost, more accessible local trips, and looking at whether member-led activities from previous years can be revived with more sustainable support behind them. We look forward to 2026 and the progress it will bring within our organisation and our community as a whole.
