FROM DAUGHTERS OF SALFORD

ANNUAL REPORT 2025–2026

SALFORD Baby Bank
FROM DAUGHTERS OF SALFORD

LETTER FROM THE FOUNDER

Founder's Thoughts

In 2025–2026, the continuing cost-of-living and housing crises have brought increasing hardship for families. The cost of everyday essentials, alongside the pressure of housing costs, leaves many households struggling to meet their children's most basic needs. National evidence highlights a deepening of poverty, with renters among those facing particularly high risks.
Against this challenging backdrop, our commitment to supporting families across Salford remains as strong as ever.
We remain deeply grateful for the generosity and commitment of our partners, whose support helps us respond to families experiencing crisis and financial hardship. We offer special thanks to our friends at Salford Food Bank and The Castle Community Centre, Eccles, for their close partnership and continued support. Working together helps us offer practical care and compassion when families need it most.
Our wonderful "baby bank angels" continue to give their time and energy so generously, enabling us to offer a delivery service for essential provisions. Their kindness and dedication are at the heart of this work. Our Board of Trustees is immensely grateful to everyone who makes it possible to stand alongside families across our city during some of their most difficult moments.
For as long as we are needed, Daughters of Salford remains committed to responding to referrals from professionals working directly with families in crisis and financial hardship. We will continue to offer practical support with dignity, compassion and hope. We pray for lasting improvements in the economic and housing conditions affecting our communities, and for a future in which every family can afford the essentials and have a safe, secure place to call home.

Yours Faithfully

ANGELA OUATTARA

OUR PURPOSE

Prevention of Harm

Daughters of Salford are determined to work together with professionals and families to prevent harm to our most vulnerable families. We believe that prevention is the most effective way to support families in crisis, and that every family deserves the chance to thrive in their own home and community.
