Annual Report for the Year Ended December 31st 2025

Hope and Life Missions Africa UK

Charity Registration No: 1185616 (Charitable Incorporated Organisation)

Objectives

For the public benefit, in Uganda and such other parts of the world as the Charity Trustees may from time to time determine:

- the advancement of education;
- the advancement of the Christian faith;
- the prevention and relief of poverty.

All objectives are being supported mainly through a sponsorship programme. Donors support a child to complete their education and other associated needs, such as health care, to prepare them for tertiary training which will lead to long term employment and financial security.

Achievements & Performance

We were delighted to welcome Mrs Rebecca Heeley to our Board of Trustees who acts as our Treasurer.

More children have been added to the sponsorship programme with one finishing having achieved their plumbing qualification.

Sponsorship Programme

The sponsorship programme is being maintained and monitored by regular communication with our partners in Uganda who provide evidence throughout the year of the expenditure for the activities and development of the sponsorship programme.

The charity, during this period, sponsored children from preschool age through to tertiary education in a local college of further education. The training results in a nationally recognised certificate in a trade such as plumbing which enables them to have the opportunity of lifelong employment.

All children attending school are being supplied with food and clothing and are progressing well educationally, physically, spiritually and emotionally.

Our annual visit took place in January 2025 and the report is included.

Relationship With Sponsors

We appreciate the continuing support of our sponsors.

Communication is maintained with the sponsors by appropriate updates in writing according to the information received from Uganda. Updated photos are also sent

annually. Sponsors are also encouraged to contact us if they have any questions or need more information about the programme although this is rarely necessary.

An annual online meeting is also organised with our sponsors where the trustees and treasurer will give general updates and a report on the expenditure of sponsorship money. There is also an opportunity for any general questions related to the sponsorship programme. The sponsors who attend the online meeting express their appreciation of it and feel that the communication about their individual child is good. They also give us feedback and ideas as to how we can work better as a charity which are discussed at Trustees' meetings and acted on as appropriate.

Relationship With Ugandan Partner

The relationship with our partner organisation in Uganda remains good due to open communication including regular calls, messages and emails. In addition, there are monthly finance reports received with appropriate receipts. Annual trustee visits also help to maintain the relationship.

We are continuing to work with them regarding best practise around child protection and safeguarding.

We will continue to work together to improve outcomes for the children and their families. The team in Uganda is continuing to identify families that are in need of the support of HALMA and we are continuing to expand the programme to include more families.

Financial Review

At the end of December 2025, the charity account held £7179. We were holding a surplus of funds to cover Children's Camps which were to take place in January 2026.

As a general rule, we hold very few reserves and we have very few overheads on the UK side. We continue to work at developing a healthy reserve fund so that if emergencies arise in Uganda, we are able to respond quickly and appropriately.

We are never in an overall deficit as our grants sent out always reflect the funds that have come in.

We are fortunate in having very faithful sponsors and are continuing to add more people to our regular contributors. To this end, we are in a healthy position to continue and hope to grow in 2026.

Structure, Governance & Management

Hope and Life Missions Africa UK is governed by our constitution and we are a Charitable Incorporated Organisation. All UK trustees are volunteers. Our partner organisation in Uganda has a team to ensure the legitimate and organised running of the charity.

The charity has no assets and any carry over of funds is held for future running expenses or charitable grants.

Declarations

The trustees declare that they have approved the Trustees' Report above.

Signed on behalf of the charity's trustees:

Report on Uganda for 2025

Introduction

HALMA UK aims to visit the project centre in Uganda annually and meet with the team that facilitates the sponsorship programme.

Margaret visited in January 2025 and as well as checking on the sponsorship programme, fulfilled our objective of the advancement of the Christian faith. This was achieved by training Sunday School Teachers and leading one day children's events at 3 different churches. Margaret was there for 2 Sundays and preached in different churches on those days.

Training Sunday School Teachers

The training took place in 2 village locations as well as one location in town, which Sunday School teachers from a variety of churches attended. The 1 day programme aimed to equip the teachers in their churches as well as preparing for the upcoming children's events. The training was well received and it was wonderful to see how much the teachers put their new skills into practice which they can continue to implement in their home churches. In all, 40-50 attended the training.

Children's Day Events

Following the teacher training, the children's events were held which were attended by more than 400 children. Children's activities, games and bible teaching were centered around the theme 'Living for Jesus', based on Matthew 6:33 and Luke 10:27. The children participated very well in all the activities as can be seen from the photos and enjoyed the meal and drinks that were provided.

Crafts

Time For Games!

Lunch

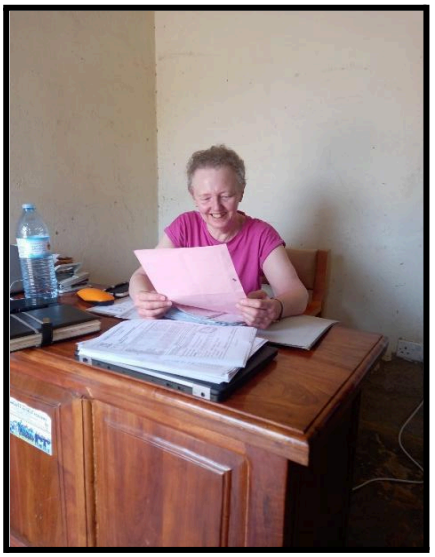

The day ended with a presentation of the Gospel which over 100 children responded to to be followed up by those who had been trained.

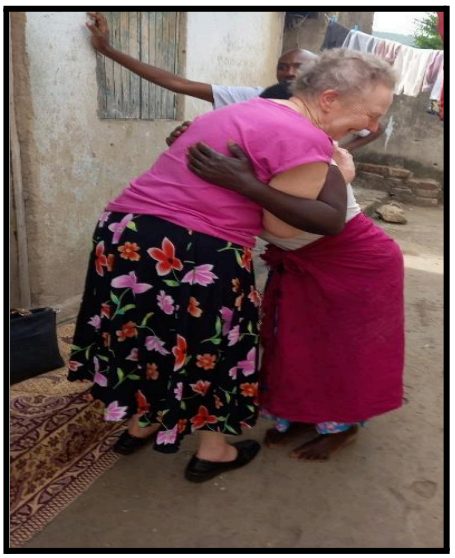

Sponsorship Programme

An important part of the visit is to confirm that the sponsorship programme is progressing as reported to us in the UK. This involves checking on administration and having meetings with the Ugandan team.

It is also our privilege and delight to visit the sponsored children in their homes and meet their families which was done over 2 days. All those visited were very satisfied and appreciative of the sponsorship programme which enables children to have an education, develop spiritually and receive pastoral care.

Meeting with the team.

The importance of having a female available for the maturing female students on the sponsorship programme was discussed. This was going to be actioned by the Uganda team.

The ongoing commitment of the senior leader and team for caring and facilitating the ongoing care and supervision of the children on the sponsorship programme and their good relationship with the parents/guardians was very evident during the visit and was much appreciated.
