Section C Objectives and activities

Summary of the objects of the charity set out in its governing document	The charity's objective is to relieve poverty and advance education among disadvantaged children in Ghana, particularly orphans and vulnerable children, by providing access to quality education and related support. Through education, the charity aims to empower children with the knowledge, skills, and opportunities needed to improve their life chances and contribute to breaking the cycle of poverty within their communities.

Summary
y of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The charity's principal activity is the advancement of education and the relief of poverty among disadvantaged children in Ghana, with a particular focus on orphans and vulnerable children. This is mostly carried out through the running and managing of a primary and junior secondary school in the Central region of Ghana.

During the year, the charity worked to improve access to quality education by providing educational support, resources, and opportunities to children who would otherwise face significant barriers to learning. The charity's activities were directed towards helping beneficiaries remain in school, achieve their educational potential, and gain the skills and knowledge necessary to improve their prospects. Through these efforts, the charity seeks to empower children, promote self-reliance, and contribute to breaking the cycle of poverty within their communities.

In planning and carrying out its activities, the trustees have considered the Charity Commission's guidance on public benefit and are satisfied that the charity's objectives and activities continue to provide a clear public benefit. The trustees confirm that they have had due regard to the Charity Commission's guidance on public benefit when exercising their powers and duties.

The trustees remain committed to ensuring that the charity's resources are used effectively and efficiently to maximise educational opportunities and improve life outcomes for impoverished and orphaned children in Ghana

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Section D Achievements and performance

Summary of the main achievements of the charity during the year

During the year, the charity continued to provide essential educational support through the running and management of the school in Ghana.

Positive relationships were maintained with students, parents, and the wider community, helping to foster a supportive learning environment.

The charity subsidised school fees to improve access to education and continued to provide support for individual children attending senior secondary schools.

The charity pays all staff. The subsidised fees paid by the learners are not substantive to contribute to salaries.

Significant effort was also devoted to overseeing the administrative and operational activities necessary to ensure the effective functioning of the school.

In recognition of the commitment and hard work of staff, the charity provided Christmas gifts; 5kg rice, 1 litre cooking oil, and canned fish / chicken, as a gesture of appreciation and encouragement.

Section E Financial review

Brief statement of the charity's policy on reserves	The charity operates in Ghana and currently does not maintain a formal reserves policy. Funds are managed from the United Kingdom and are disbursed in amounts and at intervals that correspond to the specific needs of the children and the school. This approach is intended to ensure that available funds are applied directly to charitable activities as required.
Details of any funds materially in deficit	

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about: • the charity's principal sources of funds (including any fundraising); • how expenditure has supported the key objectives of the charity; • investment policy and objectives including any ethical investment policy adopted.	The charity's principal source of funding - fundraising income, comes from a few grant-making trusts whose objectives include the alleviation of poverty and the promotion of education. While the charity is deeply grateful for the continued generosity and support of these trusts, current funding levels do not fully meet the growing demand for the activities and programmes of the charity. To help address this funding shortfall and strengthen long-term financial sustainability, the charity has adopted a strategy to increase regular giving from individual supporters. During the year, the charity successfully secured five new monthly donors and will continue its efforts to grow this base of regular supporters and encourage ongoing donor commitment.
