Covid-19 pandemic effects on the Charity

Covid-19 pandemic has had an adverse effect on the Charity. This has impacted negatively in achieving the objectives of the charity. It was also very difficult to meet the regulatory requirements because of the pandemic.

Summary of the main achievements during the period

The Charity commenced activities on 12th August 2020.

The activities were to donate to needy causes in the Republic of Sierra Leone. Three causes were identified and supported:

1- Orphans Support

2- Erecting Water Wells

3- Ramadhan Support

This was the intention of the charity when it was first set up, however due to financial crises around the world and increased inflation, the charitable activities ground to a halt and the donations and activities were effectively zero.

There was no charitable activities for the entirety of the period this report relates to but there is an intention to pick this up in the new period.

As of 31st December 2025, the charity had been in operation for 60 months.

Public Benefit

Salaam International Aid has referred to the guidance in the Charity Commission's General Guidance on Public Benefit when reviewing its aims and objectives, and in planning its activities. The activities of the charity are planned to contribute to the aims and objectives set out in our Constitution.
