

End of year Report

1st Jan. 2025 to 31st Dec. 2025

The Green Village

Each one of us can make a difference. Together we can make a change.

Chairperson's Message

For many of us, having meat as part of a meal is something we rarely think twice about. Yet during one of our food distributions this year, we learned that some of the families we support had not eaten meat for three to four months. It was a sobering reminder of the hardships ordinary families continue to face in Afghanistan, and why the work of The Green Village remains so important.

Supporting those most in need remains the cornerstone of our work. This year, we continued our efforts in Gulbahar and Kabul, while expanding our support to Logar. In doing so, we helped supplement the diets of 130 families with meat, providing much-needed relief to households facing severe hardship.

At the same time, this year marked an important step in the evolution of our charity. While immediate support remains essential, we believe lasting change requires more than aid alone. Our aim is not only to help families through today's difficulties, but also to help them build greater independence for the future.

With this in mind, we launched our first tailoring programme in Gulbahar. In October, 15 women began a four-month training course designed to equip them with practical skills that could help them earn an income from their own homes. We hope to see the first results of this initiative in the coming year.

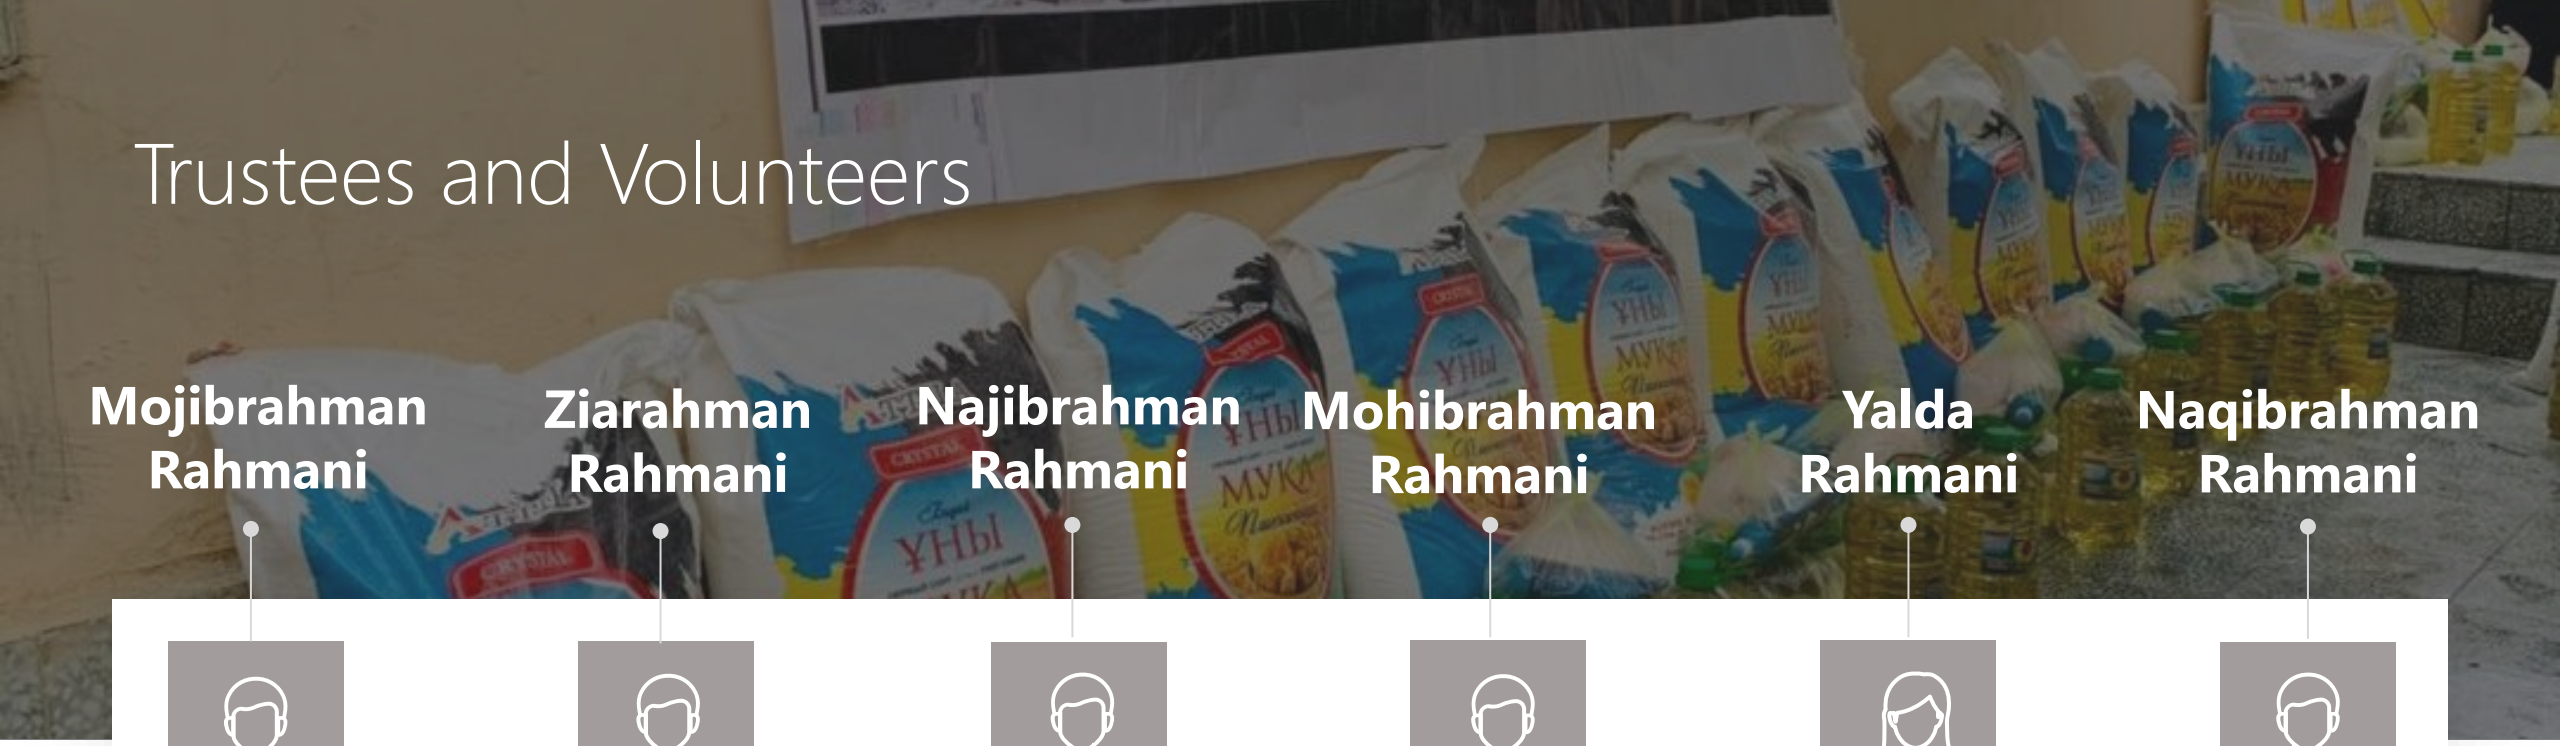

We are also seeking to encourage greater community participation in the way aid is delivered. Decades of conflict and hardship have created deep dependence on humanitarian assistance, but we believe the communities we serve should, wherever possible, play an active role in the support they receive. A good example of this was our winter fuel distribution, where we sourced firewood sustainably from the village and local people worked alongside our volunteers to weigh and distribute it, under their supervision.
This approach reflects the future direction of The Green Village: to continue providing essential support to those in need, while also creating opportunities for dignity, participation and self-reliance.

I would like to express my sincere gratitude to our donors, whose generosity makes this work possible, and to our volunteers in Afghanistan, whose dedication and commitment continue to inspire us all.
As we look ahead, our ambition is clear: to be there for families when they need us most, while helping them build a future in which they need us less.

Our History

The Green Village

The Green Village is a charity registered in the UK, aiming to uplift the lives of orphans, widows, and all individuals in need across Afghanistan.

Since inception Afghanistan has gone through a pandemic, Taliban takeover, and economic hardship. Although Afghanistan is no stranger to hardships, the events of the past few years has exacerbated the challenges faced by the Afghan population. We, therefore, established this charity to give a helping hand to the most vulnerable people in Afghanistan. Our aim is to connect like-minded people around the world in the fight to end poverty in Afghanistan.

MISSION

Envision an Afghanistan where all people, regardless of their ethnicity, sex or religion, have the best opportunity to create a better life for themselves and others around them.

APPROACH

Deliver emergency aid and long–term sustainability projects to poor communities in the region, from orphan sponsorships and widow skills training programmes to community support initiatives.

100% POLICY

A volunteer led charity and 100% of the donations go directly to the beneficiaries – none to administrative or operational costs.

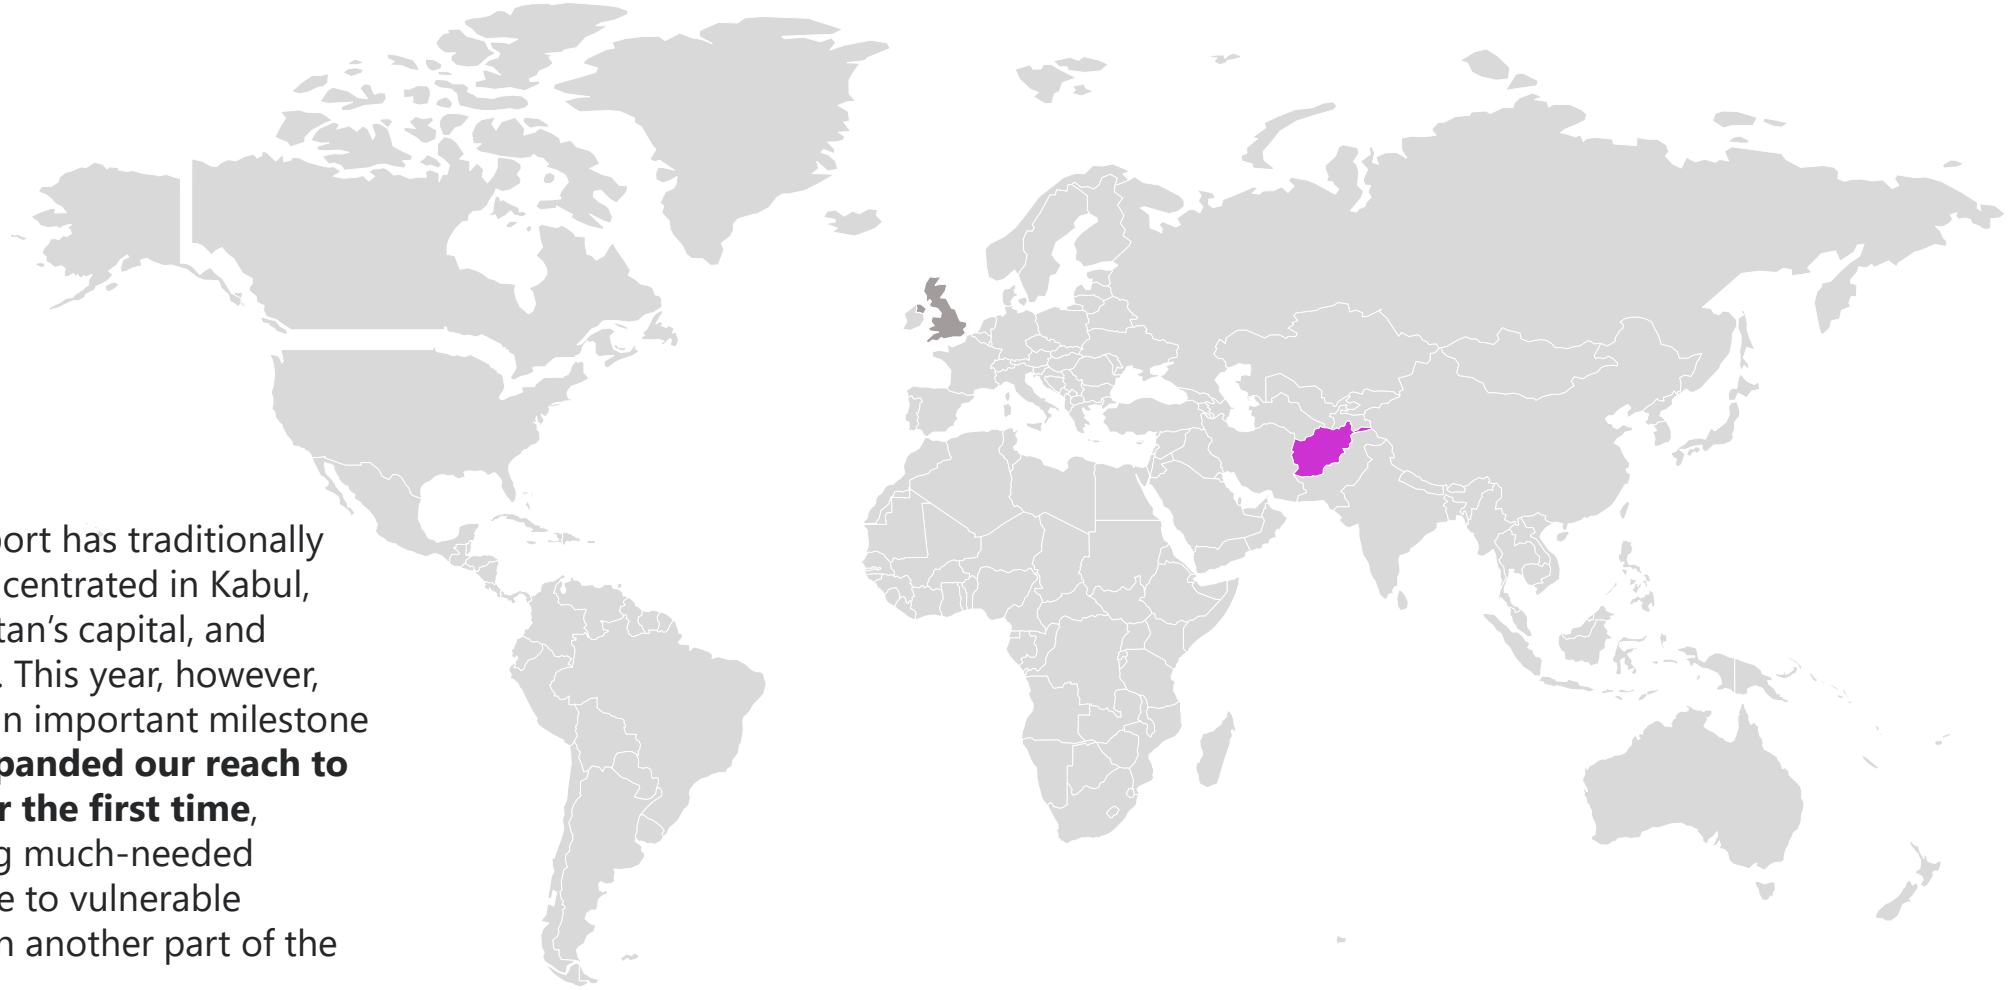

All costs are covered by the charity trustees personally.

Area of Focus

Countries that we provide support to

Countries that we received donations from

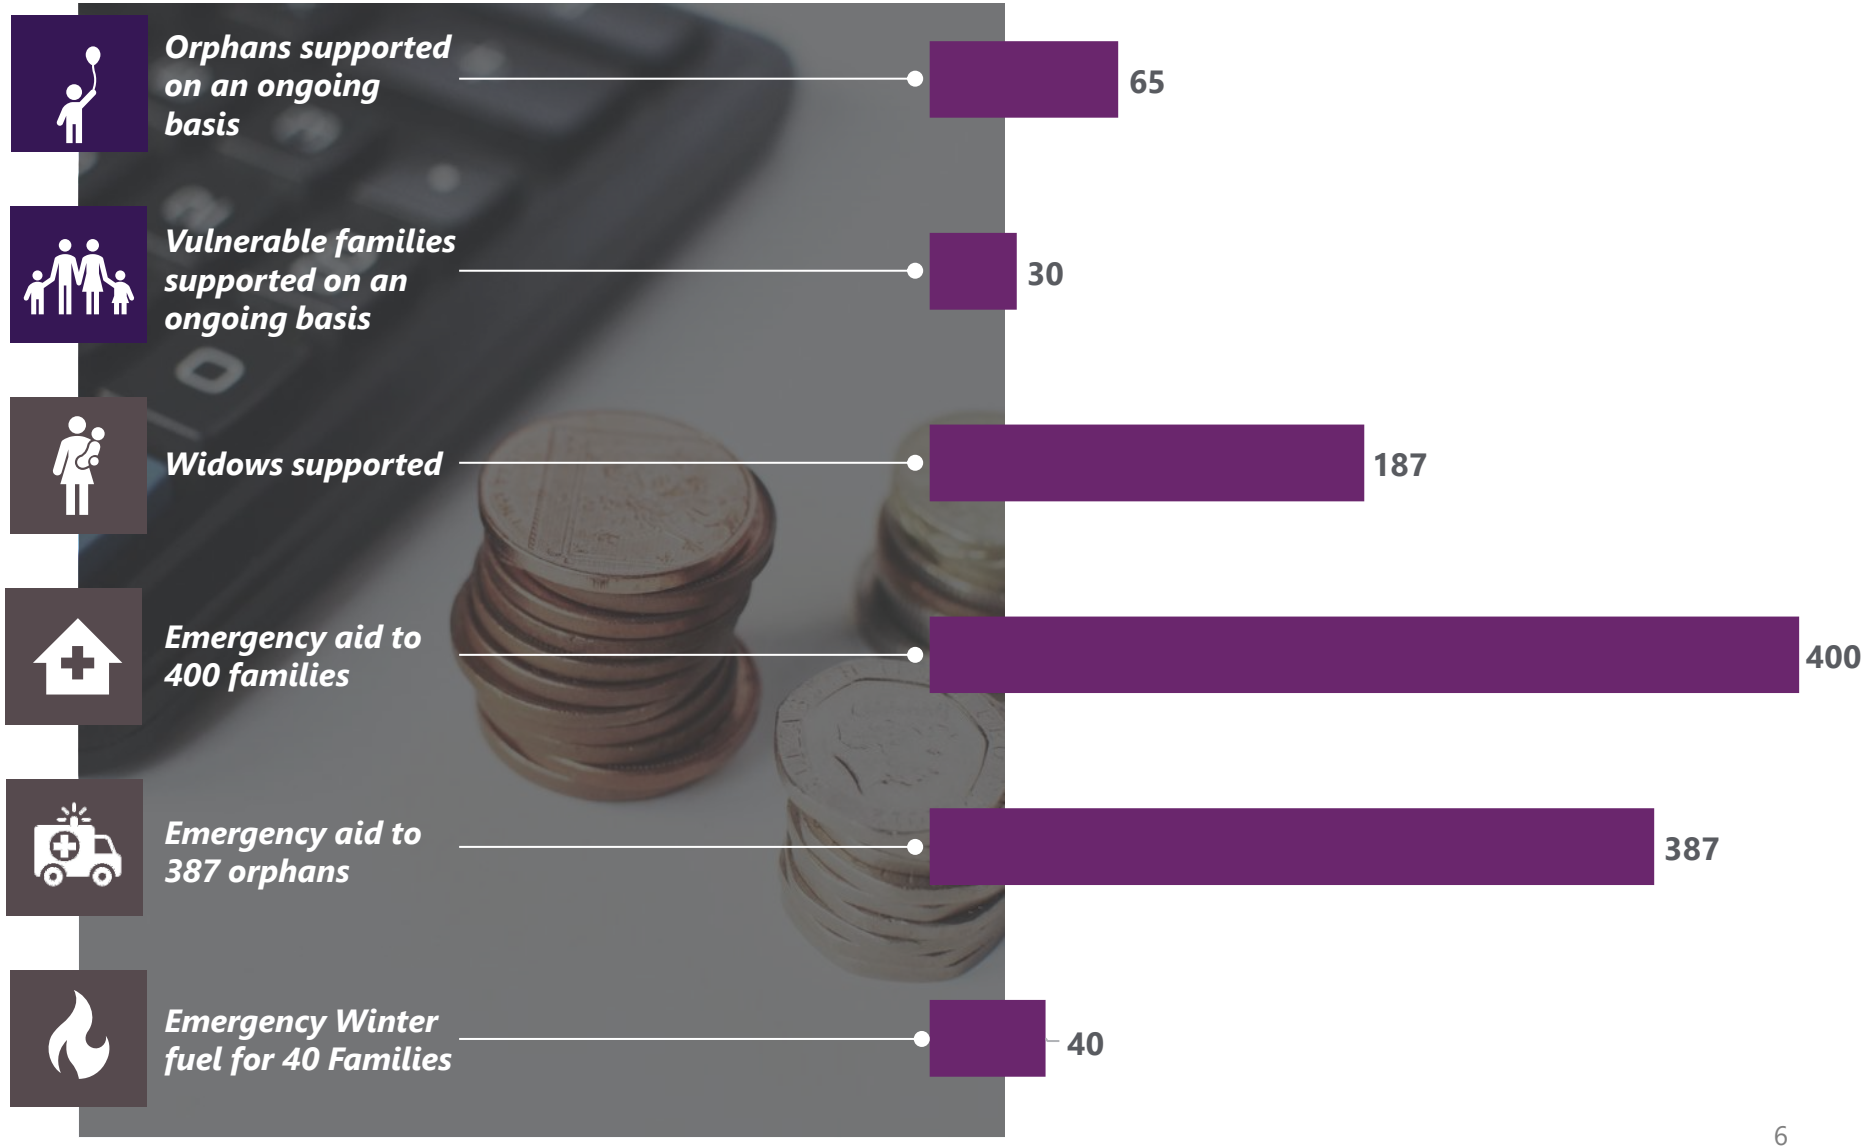

Our support has traditionally been concentrated in Kabul, Afghanistan's capital, and Gulbahar. This year, however, marked an important milestone as we **expanded our reach to Logar for the first time**, extending much-needed assistance to vulnerable families in another part of the country.

.

5

Achievement Highlights

Our support can be categorised in five ways – i) support to orphans, ii) support to families, iii) support to widows and vulnerable families, iv) emergency support to families & orphans, and v) emergency winter fuel for families

How we used our funding in the reporting period
£, Jan. 2025 to Dec. 2025

The trustees and volunteers **receive no remuneration, payments, or benefits from the charity**. We have a **100% donation policy.** Short of bank and transfer fees which is an unavoidable cost, the entire donations are used to support families. Additionally, the charity will be claiming gift aid, which will more than offset the bank fees.
