Introduction

YEAR OF IMPACT: EMPOWERING LIVES, TRANSFORMING COMMUNITIES.

Asalamualaikum wa Rahmatullahi wa Barakatuhu,

I am humbled to present Eternal Aid's annual report, a testament to the incredible generosity of our supporters and the unwavering dedication of our team. This year, we witnessed the transformative power of compassion firsthand, impacting the lives of thousands across the globe.

Eternal Aid was founded by a group of volunteers, moved by the depths of need and driven by the dream of creating lasting change. Today, we stand proud of our journey, having touched countless lives through essential aid, sustainable projects, and life-changing initiatives.

This past 4–5 years has been one of remarkable achievements:

- Nearly 2,162 hand pumps built, bringing clean water and improved health to over 300,000 people in deprived communities of India and Bangladesh.
- Food packs delivered to over 30,000 families, ensuring hunger doesn't steal away their dreams.
- Sponsorships for over 1,000 orphans and 200 widows, offering crucial support and empowering them to build brighter futures.
- 388 students nurtured at our Madrasah, receiving quality education and fostering hope for their communities.
- 20 wudu khana facilities constructed, facilitating dignified wudu and enhancing the prayerful experience for countless worshippers.
- Support extended to hundreds of scholars (Alim/Imam), strengthening their communities and fostering religious guidance.

These are not just numbers; they represent hope ignited, possibilities unlocked, and lives transformed. Each hand pump, each food pack, each act of support resonates with the spirit of our mission - empowering children, widows, orphans, and scholars to create a better world.

Your contributions, be it a monthly donation or a one-time gift, fuel our mission. By joining the Eternal Aid Family Scheme, you empower us to maintain our projects, respond swiftly to crises, and plan for a future where compassion continues to light the way.

As we turn the page on this year, we do so with renewed energy and gratitude. Together, we have made a difference, building a legacy of kindness and empowerment. Let us continue on this journey, hand in hand, and witness the transformative power of collective action unfold in the years to come.

Hand Pumps

A LIFELINE IN EVERY PUMP: TRANSFORMING LIVES IN INDIA AND BANGLADESH.

Imagine children missing school, women toiling for hours, and families burdened by disease - all due to the scarcity of clean water. This was the grim reality for countless communities in deprived areas of India and Bangladesh. But thanks to your incredible initiative, over 2,162 hand pumps now stand tall, bringing hope and transformation to 300,000 lives.

These pumps are more than just metal structures; they represent shattered barriers and ignited dreams. No longer do women face arduous journeys for water, exposing themselves and their families to illness. Instead, they have time to pursue education, income generation, and childcare. Children, free from the burden of water collection, can now chase their dreams in school.

The impact extends far beyond hydration. Clean water means fewer waterborne diseases, healthier families, and lower healthcare costs. It empowers women, fuels education, and creates a ripple effect of positive change within communities. Every pump becomes a symbol of your legacy, a testament to the power of compassion and action in changing the world.

This is just a beginning. With each new pump, we continue to rewrite the narrative for these communities, replacing scarcity with hope, and illness with opportunity. Together, we are creating a future where clean water is not a luxury, but a fundamental right for all.

Philippines Campaign

REVIVING MASAJID. SUSTAINING COMMUNITIES

Imagine communities where the masjid once stood silent, derelict, unsafe, and no longer able to serve as a place of prayer or unity. Across parts of the Philippines, this was the reality for many Muslim communities living in isolation and poverty.

Through your support, that reality has changed.

Eternal Aid, in partnership with local organisations in Mindanao and surrounding provinces, has renovated 20 abandoned and derelict masajid, restoring them as living centres of f worship and community life. Today, all five daily Salah are taking place in these masajid once again, reviving faith, structure, and dignity for entire communities.

But the impact did not stop at infrastructure.

Alongside masjid rehabilitation, Eternal Aid has been providing ongoing food assistance and essential aid to vulnerable families across more than 50 villages. These villages include areas in Sulu, Basilan, Zamboanga City, Zamboanga del Norte, and Quezon Province, where poverty, displacement, and food insecurity remain daily challenges.

Orphans, widows, and impoverished families have received regular food supplies, rice distributions, and financial assistance, ensuring households are not left without basic necessities. In many cases, these interventions have meant the difference between hunger and stability.

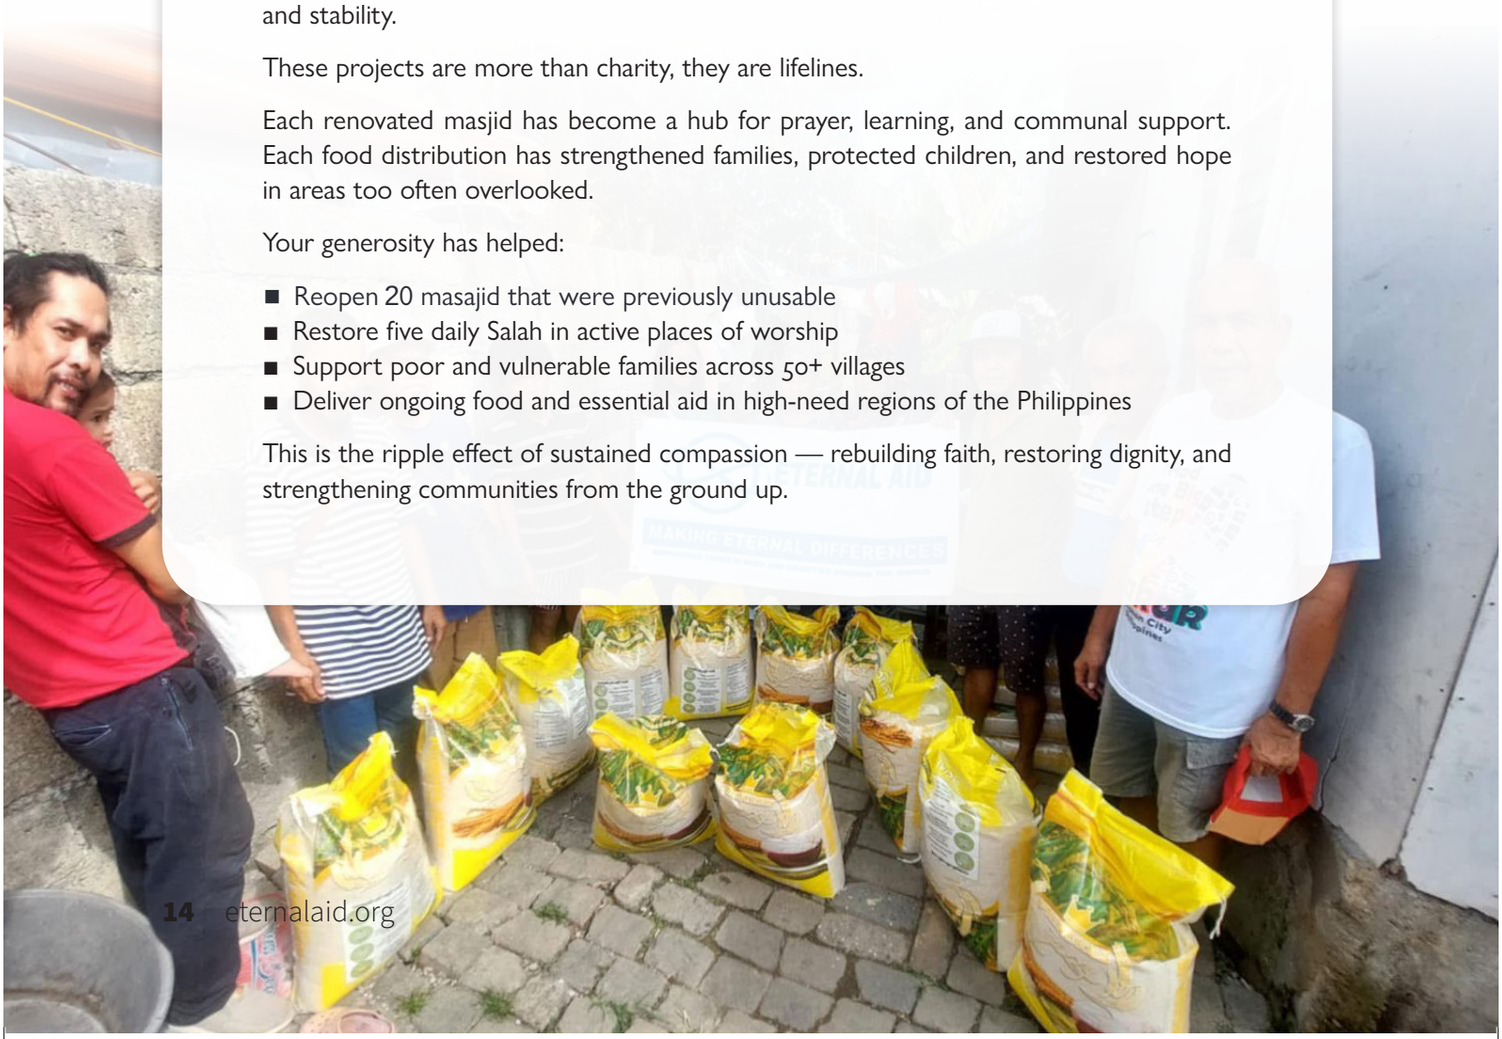

These projects are more than charity, they are lifelines.

Each renovated masjid has become a hub for prayer, learning, and communal support. Each food distribution has strengthened families, protected children, and restored hope in areas too often overlooked.

Your generosity has helped:

- Reopen 20 masajid that were previously unusable
- Restore five daily Salah in active places of worship
- Support poor and vulnerable families across 50+ villages
- Deliver ongoing food and essential aid in high-need regions of the Philippines

This is the ripple effect of sustained compassion — rebuilding faith, restoring dignity, and strengthening communities from the ground up.
