Trustees' Annual Report for the period FY26

Charity name: Creative Support For Vulnerable Families and Children

Charity registration number: 1193582

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	We provide Creative Support for Vulnerable Families and Children where the need to reframe trauma and refocus enables individuals to meet new challenges with a positive sense of being by developing resilience and self-confidence. We also safeguard positive mental well-being for the families, individuals and children in Norfolk by engagement through psychotherapy sessions, supportive care, early education engagement and play guidance and supporting a nurturing environment.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	Our charity offers therapeutic support for children and young people experiencing mutism, ADHD, catatonia, echolalia, OCD, ASD, anxiety and other complicated behaviours. Many are excluded from schools and colleges because they are considered disruptive, as they struggle to manage their emotions and reactions. Many are from acutely disadvantaged backgrounds, or one-parent or care givers, or homes with long-term illness or disability and limited means. We focus on helping them all to engage positively with education and life. We are unique in going to the young peoples homes, instead of expecting them to travel long distances to unfamiliar offices. Thus we can meet them in their 'safe space'.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The Trustees have had regard to all guidance as issued by the Charity Commission on public benefit. The charity's activities benefit the public in general, not just the individuals we offer to help or support. The work we undertake with young people also supports the families, carers, supporters, relatives, and others providing a network of interlacing support.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.We have not achieved our target	Para 1.20	There are several ways we have contributed to the various communities we visit. Firstly, awareness and acceptance are key features we promote. The simple fact that a child may be Autistic, experiencing ADHD or various impulsive actions etc., can be a nightmare for a lone parent or carer who can feel so isolated and full of despair. Helping them understand they are not the only ones, and where appropriate guiding them to link up with other parents and carers who are managing their own situations can be a real "I am not alone!" moment. We have provided over 2,000 free sessions in the last twelve months and helped more than 145 individuals directly. By investing in hese young people today we are helping them to invest in themselves tomorrow.
