Our work

The Moresk Centre is a community space for local people, operated successfully by the Trust since 2022.

The building is owned by Truro City Council (TCC) and operated by the trustees, in line with a Service Level Agreement from TCC.

Activities – the Trust provides a quality facility in the centre of Truro for a wide variety of users. The Moresk Centre has established a reputation as an easily accessible, good quality and reasonably priced venue – it is a busy and worthwhile place.

The trustees maintain good relationships with the local community, in line with the starting vision of the Trust. We provide a much-needed welcoming space for individuals and organisations in and around Truro, to enable them to achieve their own objectives.
