Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The object of the CIO is: the relief of those in need, by reason of youth, age, ill-health, disability, financial hardship or other disadvantage in Pakistan and the UK by providing grants, items and services to individuals in need and/or charities, or other organisations working to provide support and relief to those in need.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Pakistan

Food parcels: During the year, the charity distributed food parcels to individuals and families experiencing hardship. The parcels provided practical assistance with essential household food needs and helped ease the immediate pressure faced by vulnerable beneficiaries.

Community centre support: The charity supported a community centre serving local residents in Pakistan. This assistance helped the centre continue providing a welcoming and accessible place through which people in need could receive community-based support.

Water-pump installations: Water pumps were installed in underserved communities to improve access to water. The project provided a practical and sustainable facility for local residents who otherwise faced difficulty obtaining water for everyday use.

Food and uniform provision: Food and school uniforms were provided to children and families in need. This support helped meet immediate nutritional needs while enabling children to attend school with suitable clothing and greater dignity.

Food-relief parcels: The charity also provided food-relief parcels in response to urgent need. These distributions were intended to give timely assistance to households facing food insecurity or a sudden deterioration in their circumstances.

Flood relief: Following flooding in Pakistan, the charity provided emergency relief to affected communities. Support focused on essential supplies and immediate practical assistance for people whose homes, livelihoods or access to basic necessities had been disrupted.

United Kingdom

Homeless support in Manchester: In Manchester, the charity supported people experiencing homelessness by providing practical relief and essential items. The activity was intended to help meet immediate needs and offer compassionate assistance to people in vulnerable circumstances.

Water-bottle distribution in London: Bottled water was distributed in London to people in need. This activity provided accessible drinking water as a simple but important form of practical support, particularly for those spending extended periods outdoors or without reliable access to refreshments.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;

Section D Achievements and performance

Summary of the main achievements of the charity during the year

During the year, Compassion for Humanity advanced its charitable objectives by delivering practical assistance to vulnerable individuals and communities in Pakistan and the United Kingdom. The charity's work addressed food insecurity, limited access to water, educational needs, homelessness and the immediate effects of flooding.

In Pakistan, food parcels and food-relief packages were distributed to households experiencing hardship, helping beneficiaries meet essential day-to-day needs. Support provided to a community centre helped sustain a local point of assistance for residents. The installation of water pumps improved access to water in underserved communities and created a practical resource with continuing benefit. The provision of food and school uniforms supported children and families by addressing immediate needs and helping children attend school with suitable clothing. Following flooding, emergency relief was provided to affected communities through essential supplies and practical assistance.

In the United Kingdom, the charity supported people experiencing homelessness in Manchester by providing essential items and practical relief. Bottled water was also distributed in London to people in need, including those without reliable access to drinking water.

These activities demonstrate the charity's continuing commitment to relieving hardship through timely and practical support. The trustees consider that the projects delivered during the year were consistent with the charity's objects and provided public benefit to the individuals and communities assisted.

Section E Financial review

Brief statement of the charity's policy on reserves	Compassion for Humanity's policy on reserves outlines the amount of unrestricted funds that the charity holds to ensure financial stability. The policy specifies reserves to provide a financial cushion to cover unexpected costs, manage cash flow, or support the charity's operations during periods of uncertainty. Our target level of reserves in 2023 was £1000 The charity commits to regularly reviewing the reserve levels, adjusting the target as needed, and monitoring the adequacy of its reserves in light of financial risks. This approach helps demonstrate good financial management and transparency to regulators, donors, and beneficiaries.
