# New Delaval Knights

## Charity Commission Annual Report

01/04/2025 - 31/03/2026

NEW DELAVAL KNIGHTS

# Trustees Annual Report

During this reporting period we were able to progress through gaining promotions in one of the competitions we play in and coming second in another. We have mixed games and a separate league for the over 55s ladies and Gents. We had success at the National EBF competitions in Skegness with a number of our members qualifying for that event but only two of our Under 25 members won a National Final.

Work continues with our neighbours at the local Primary School and Youth Forum. Through the award of a grant we have been able to buy our own Mower and cassettes which allows us to complement the work done bye the local authority who have been cutting back on their green maintenance duties.

Seasons close at the beginning of September and re open at Easter so in the six months of the season we have engaged with our local GP surgery Social Prescribers to hold a “Picnic and bowls “ afternoon promoting the health and social benefits of the Sport.

Work continues to engage with young people and the introduction of a small Junior section during the season has seen number grow.

Two of our members have also taken up formal coaching roles and are now Level1 Bowls England coaches.
