Independent Examiner's Report to the Trustees of TTP Network

I report to the charity trustees on my examination of the accounts of **TTP Network** (Charity Number 1195109) for the year ended **31 March 2026**.

Responsibilities and basis of report

As the charity trustees of the CIO, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the CIO's accounts carried out under section 145 of the Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the CIO as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008, other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

1. Objectives & Mission

Charitable Objectives

The charity's objects are to relieve the needs of persons experiencing or affected by Thrombotic Thrombocytopenic Purpura (TTP) in the United Kingdom and the Republic of Ireland with an international reach. In particular but not exclusively, by: -

- The provision of Information, advice, support, representation and advocacy in the interest of social welfare, to improve equity of access to treatments, preserve life and to improve the quality of life;
- Promoting best practice and the advancement of education of TTP in relation to the cause, diagnoses, prevention, alleviation, treatments and cure by raising awareness and providing information to the public and healthcare professionals nationally, and internationally;
- Representing the patient voice and strengthen patient advocacy on UK and international government and non-government departmental bodies and in consultations;
- Promoting public support and providing assistance for the carrying out of research by making grants for the benefit of patients with TTP;
- Generating income through fundraising activities for the purpose of improving patient care;
- Engaging in nonpartisan political activity provided that the trustees are satisfied that the proposed activities will further the purposes of the charity to an extent justified by the resources committed and the activity is not the dominant means by which the charity carries out its objects;
- and interfacing with other Charitable organisations and corporate partners to collaborate for the benefit of patients and their families.

Mission Statement & Vision

Mission Statement: To improve outcomes and quality of life for patients and families affected by TTP through support, education, and advocacy.

Vision: No patient or person affected by TTP will feel alone

2. Activities, achievements and performance

Supporting people affected by TTP

A key part of TTPNetwork's work is ensuring that people affected by TTP do not feel alone. During the year, we provided support through our private Facebook community, website, email support and buddy scheme, enabling patients and families to access trusted information and connect with others with lived experience of TTP.

In 2025/26 we launched our membership scheme, which grew to more than 400 members by the end of the year, demonstrating the need for a dedicated TTP support community.

Patient event – May 2025

In May 2025, TTPNetwork held a national patient event attended by 100 patients, family members, carers and healthcare professionals from across the UK.

The programme included presentations from TTP experts, specialist nurses, psychologists, researchers and people with lived experience of TTP, alongside opportunities for networking and discussion.

Feedback was overwhelmingly positive, with attendees particularly valuing the opportunity to meet others affected by TTP and hear directly from both clinical experts and patient and family speakers. One attendee described the event as "a really valuable day", while another said it was "a lovely, friendly and comfortable environment."

Listening to our community

During the year, we carried out a survey of patients, family members and healthcare professionals in the UK and overseas to better understand their experiences and support needs.

Respondents particularly valued our reliable information, Facebook community, patient alert cards, travel resources, buddy scheme and opportunities to connect with others affected by TTP. Many told us that TTPNetwork had helped them feel

less alone, more informed and more confident in understanding and managing TTP.

One newly diagnosed patient said that being directed to the TTPNetwork Facebook community “made me feel less alone”, while another told us “without access to this I would be somewhat lost.”

The feedback is helping us improve the accessibility of our information and shape future support for the TTP community.

3. Financial Review

Overview

During the year ended 31 March 2026, the charity received income of £52,673 and incurred expenditure of £58,730, resulting in a net deficit of £6,057.

The deficit was primarily due to the timing of the charity’s patient event and the associated funding. Funding for the event was received in the previous financial year, while a significant proportion of the expenditure relating to the event was incurred during 2025–26. The deficit therefore reflects the timing of income and expenditure across financial years, rather than an underlying overspend on the charity’s activities.

The Trustees continue to monitor the charity’s income, expenditure and reserves carefully to ensure that resources are used effectively and that the charity remains financially sustainable.

Reserves Policy

The trustees recognise the importance of maintaining sufficient reserves to ensure that TTPNetwork can continue to support people affected by TTP and meet its financial commitments.

TTPNetwork aims to maintain 1 year running costs in reserves:

- to provide a level of working capital that protects the continuity of our core work
- to provide a level of funding for unexpected opportunities
- to provide cover for risks such as unforeseen expenditure or unanticipated loss of income.

The Board of Trustees review the level of free reserves annually.

The Board of Trustees will at times designate funds from free reserves for significant project costs or replacement of assets.

Risk

A risk register is maintained and reviewed by the Board of Trustees at their quarterly meetings.

Fundraising

The charity does not use professional fundraisers. All fundraising is carried out by the Charity Director and volunteers, with full compliance to the Code of Fundraising Practice.

4. Structure, Governance and Management

The charity is governed by its constitution dated 30th June 2021. It is a Charitable Incorporated Organisation registered with the Charity Commission on 9th July 2021.

Trustee Recruitment and Appointment

Trustees are appointed in accordance with the constitution. New trustees are recruited based on the needs of the charity and provided with an induction pack and signposted to relevant online training.
