2. Structure, Governance and Management

SUPPORT HOUSE is a registered charity governed by its constitution.

The charity is managed by its trustees, who are responsible for its governance, strategic direction and oversight.

During the reporting period, the charity did not have an Executive Director in post. The trustees have been considering the arrangements needed to establish the charity's operational capacity and are seeking to appoint an Executive Director to lead its future activities.

3. Objectives and Activities

The objects of the charity are to relieve the needs of migrants, asylum seekers and people seeking or granted refugee status, and their dependants, particularly (but not exclusively) those from Saudi Arabia and other countries in the Gulf region, through:

- The advancement of education and training to help beneficiaries improve their lives and adapt to a new community.

- The provision of information, legal advice and other advice.
- The relief of financial hardship through grants, facilities, food, essential items and other support.
- The relief of unemployment through vocational and skills training, information, advice and assistance.

During the reporting period, the charity remained inactive and did not undertake any operational or charitable activities. This was primarily due to the absence of an appointed Executive Director and the need to establish the management capacity required to deliver its charitable objectives.

The trustees have continued to consider the arrangements necessary to enable the charity to commence its activities in the future.

4. Achievements and Performance

As the charity did not have an Executive Director or operational capacity during the reporting period, it did not deliver any programmes, projects or services to beneficiaries.

Consequently, there were no direct achievements or measurable outcomes to report for the year.

The trustees remain committed to the charity's objectives and intend to develop its activities once the necessary management arrangements are in place.

5. Public Benefit

The trustees have had regard to the Charity Commission's guidance on public benefit when reviewing the charity's purposes and future direction.

Although no activities were undertaken during the reporting period, the charity's objects are directed towards providing practical assistance, advice, education and support to migrants, asylum seekers and refugees who are in need.

The trustees intend to ensure that future activities are undertaken in furtherance of these charitable purposes and for the public benefit.

6. Financial Review

The charity received no income and incurred no expenditure during the reporting period.

There were no grants, donations or other incoming resources, and no expenditure on charitable activities or administrative costs.

Income during the year: £0
Expenditure during the year: £0

The charity therefore undertook no financial transactions during the reporting period.

The trustees will review the charity's financial arrangements and establish an appropriate reserves policy as its operational activities develop.

7. Plans for Future Periods

The trustees intend to move the charity towards becoming operational during the coming period.

The immediate priority is to appoint a suitable Executive Director who can establish the necessary management and operational capacity, develop the charity's programmes and oversee the delivery of its charitable objectives.

Once these arrangements are in place, the charity intends to work towards securing the resources needed to support its activities and provide assistance to its intended beneficiaries.

8. Trustees' Responsibilities

The trustees are responsible for ensuring that the charity is properly governed and that its resources are used exclusively in furtherance of its charitable purposes.

They will continue to oversee the charity's affairs, ensure compliance with relevant regulatory requirements and take the necessary steps to establish its future operations.
