ARC Europe

Year Ended 31 December 2025

Trustees' Annual Report

Association of Related Churches Europe. Registered charity 1196870.

Governance

Association of Related Churches Europe (ARC Europe) is a Charitable Incorporated Organisation (CIO), registered with the Charity Commission for England and Wales on 1 December 2021, and governed by its constitution as amended on 26 February 2025. The charity was previously known as Association of Related Churches Great Britain and adopted its present name in February 2025.

The charity is overseen by a board of charity trustees. Under the constitution, additional trustees are appointed by resolution at a properly convened meeting of the board, taking account of the skills, knowledge and experience required. The constitution requires a minimum of three trustees. Trustees are responsible for oversight of the charity's charitable activities, finances and governance.

During 2025, Steven Dennis Gambill and Andrew Townsley Gamble resigned in April, and James Randolph Bezet (Chair), Robert Avon Johnson and Jonathan Jamie Corcoran were appointed. Luke Benjamin Bryant continued as a trustee. The charity works through an international network of churches and leaders, whilst retaining its own board responsibilities as an independent charity.

Trustee	Appointment	Resignation
Steven Dennis Gambill	1st Dec 2021	17th April 2025
Andrew Townsley Gamble	1st Dec 2021	17th April 2025
Luke Benjamin Bryant	1st Dec 2021	Still Active
James Randolph Bezet (Chair)	8th April 2025	Still Active
Jonathan Jamie Corcoran	8th April 2025	Still Active
Robert Avon Johnson	8th April 2025	Still Active

Volunteers

ARC Europe benefits from the relationships, expertise and practical support of churches and leaders within its wider network in delivering its church-planting, training and events activities.

During the period there were 12 ARC Europe volunteers that assisted with running ARC Launch Training Events and ARC Gather events that took place in Toulouse and Liverpool respectively. All of the Board of Trustees have volunteered within similar roles throughout the period.

Objectives of the Charity and Public Benefit

The charity's principal purpose is to advance the Christian faith for the benefit of the public. Its constitution also provides for establishing churches and helping them to grow, mentoring pastors and churches, making training and resources available through networks, and supporting related charitable, educational and relief activities.

ARC Europe seeks to achieve these purposes primarily by supporting new church plants, bringing churches and leaders into relationship with one another, and providing training, encouragement, practical resources and

conferences across Europe. Support may include financial assistance to church plants and other appropriate charitable organisations.

The trustees have had regard to the Charity Commission's published guidance on public benefit when reviewing the charity's aims, activities and decisions relevant to its charitable purposes. The beneficiaries of the charity throughout the period were church planters along with their launch teams, church pastors and their leadership teams.

Achievements and Performance

2025 marked a significant expansion in the scale of ARC Europe's work compared with the previous year. The charity's two main areas of activity were its European church-planting programme and its events and training programme. These were supported by its growing network of relationships with churches and partners in Europe and the United States.

Church planting and financial support: During 2025, ARC Europe supported the launch of 5 new churches in Esher United Kingdom, Zurich Switzerland, Barcelona Spain, Riga Latvia and Braga Portugal. The charity made grants and donations totalling £84,862, including £82,858 through its restricted Church Planting Fund. This represented approximately 59% of the charity's total payments for the year, reflecting the trustees' priority of directing resources to frontline church planting. All grants were made to planters who had completed ARC's assessment and training pathway, under the process described in the Grant-making section of this report.

Events, conferences and training: The charity delivered training and network events to equip prospective church planters, pastors and church leaders:

- LAUNCH Training: ARC Europe held LAUNCH Training in Toulouse, France, attended by 60 prospective church planters and members of their launch teams. LAUNCH is the core training programme that prepares planters for launch and forms part of the assessment pathway for church-plant grants.
- GATHER: ARC GATHER in Liverpool, attended by 138 pastors and church leaders. GATHER brings leaders together for training, encouragement and fellowship, and builds relationships across the European network.

Event receipts for the year were £10,162 and event costs were £32,610. The difference was met from the charity's general funds, in line with the trustees' view that accessible training is central to the charity's purposes.

Strategic relationships and collaboration: The charity continued to build links between European church networks and supporting churches and partners in the United States. These relationships provide mentoring, coaching, fellowship and financial support for church planters and pastors across Europe.

Public benefit: The main beneficiaries during 2025 were church planters and their launch teams, and pastors and their leadership teams, who received training, coaching and financial support. Through the new churches it helped launch, the charity's work also extends to the local communities those churches serve.

Trustees' Annual Report

Grant-making and Support for Church Plants

Grant support to church plants was a significant part of ARC Europe's charitable activity in 2025. Supporter churches and other donors provided funds that enabled ARC Europe to support developing churches across Europe. The trustees seek to apply any donor-restricted gifts for the purposes for which they were provided. The restricted Church Planting Fund had receipts of £86,577, payments of £82,858 and an unspent cash balance of £3,719 at the year-end due to timing.

ARC Europe does not make grants on an open-application basis, and decisions on which church plants receive grants rest solely with the charity. Donors do not choose or direct recipients. Grants are made only to church planters who have completed the charity's own assessment and training pathway. The trustees regard this pathway as the main way of satisfying themselves that a recipient is suitable and that funds will be used for the charity's purposes. Before a grant is considered, a planter will normally have:

- successfully completed the ARC church-planting application and assessment process, which includes references for every applicant, interviews, assessment of character, calling and leadership;
- completed the ARC LAUNCH training programme, during which candidates are assessed on an ongoing basis. Grant support is reserved for those who stand out throughout the programme;
- made substantial progress towards ARC's pre-launch benchmarks before launch. These include financial benchmarks such as launch budget and committed partner giving and team benchmarks such as established core launch team.

All grant awards are approved by the trustees at trustee meetings and recorded in the minutes. Grants are paid only to a church bank account held in the name of the church plant, never to individuals. Payment is made only once ARC Europe has received the church's banking details and evidence of its registration with the Charity Commission or the equivalent regulator or registration body in the plant's country, where applicable.

After a grant is paid, ARC Europe continues to monitor each funded church plant. This covers its finances, attendance and the health of its leadership and team. Monitoring helps the trustees confirm that funds have been applied as intended and that the plant is progressing towards sustainability. No grants were made in 2025 to any church connected with a trustee.

Challenges During the Year

The significant growth in ARC Europe's activity during 2025 brought a number of financial and operational challenges.

The most significant was building a financial system that could keep pace with the charity's expansion. ARC Europe receives and spends funds mainly in pounds sterling, US dollars and euros. Fluctuating exchange rates made it harder to track income and expenditure consistently and to maintain an accurate, up-to-date view of the charity's overall financial position across all of its funds, including the restricted Church Planting Fund. In response, the charity built a comprehensive reporting system using Expense Plus finance software. It also held regular check-ins with its accountant to confirm, month by month, that the system was working effectively and producing reliable information.

Cash-flow timing was also a challenge at certain points in the year. Training and conference activity requires significant funds to be committed in advance, while partner and donor income does not always arrive at the same time. Board minutes from October 2025 noted the timing of partner funding and the costs of future training and conference activity. They highlighted the importance of matching expenditure commitments to

funds actually available. In response, the trustees introduced strict cash management and reduced spending at key points in the year, so that commitments stayed within the funds available.

Strategy and Future Developments

The trustees intend to continue developing ARC Europe's work supporting church planting, providing training and building relationships across the European network. The focus for 2026 and the years that follow is to extend the charity's reach across Europe, so that its activity is no longer centred mainly on the UK and Ireland.

Plans include:

- **A new Europe-wide conference.** It will be hosted in Liverpool for its first two years, to allow the event to become established before any future change of location is considered.
- **A more European model for GATHER events.** GATHER will take place in four cities over five days: Barcelona, Dublin, Frankfurt and Bucharest. This will bring pastors and leaders together across a wider part of the continent.
- **LAUNCH Training in new locations.** The two LAUNCH Training events will be held in Londonderry and in Braga, Portugal.
- **A broader partner base.** The charity will continue to increase and formalise support from both European and US church partners.

The trustees are also considering introducing repayable church-plant support alongside grant funding. Under the prospective loan model, a church plant may be advanced up to £50,000, with repayments linked to 10% of the recipient church's turnover. This is a future arrangement rather than a 2025 programme. Any loan will be made only under a legally approved written financial agreement, and only after assessment and approval by the trustees.

Financial Review

The Receipts and Payments accounts show total receipts of £160,824 (2024: £6,500), principally donations and legacies of £150,662 (2024: £6,500), and event income of £10,162 (2024: £nil). Receipts comprised unrestricted funds of £74,247 and restricted funds of £86,577.

Total payments were £144,062 (2024: £5,656), of which £84,862 related to grants and donations made, £32,610 to event costs and £15,735 to staff salaries and expenses. There were net receipts of £16,762 during the year (2024: £844).

Cash held at 31 December 2025 was £18,419 (2024: £1,844), comprising £14,700 unrestricted and £3,719 restricted cash.

The restricted Church Planting Fund represents donations received for specified church-planting purposes. The unrestricted conference fund had a deficit of £4,209 for 2025, which was covered in the draft accounts by a transfer from the general unrestricted fund. This transfer does not change total cash held. The charity holds no tangible fixed assets in the draft Statement of Assets and Liabilities.

2025 was a year of substantial growth for ARC Europe. Total receipts increased from £6,500 in 2024 to £160,824, reflecting the charity's expansion into a Europe-wide church-planting and training programme. Most of this income came from donations by supporting churches and partners in the UK, Europe and the United States.

Trustees' Annual Report

The charity is currently reliant on a relatively small number of significant supporters. Two US partners, Bayside Community Church and ARC US, each gave a little over £18,000 during the year. Together they accounted for around 23% of total receipts. Both are connected to a trustee and are disclosed as related parties in the notes to the accounts. The trustees recognise the risk this concentration creates and are working to broaden and formalise the partner base, as set out in the Strategy and Future Developments section.

Much of the charity's expenditure supports church plants and events outside the UK. The timing of receipts and payments therefore does not always fall within the same financial year. The £3,719 balance held in the restricted Church Planting Fund at the year end reflects funds received for church planting that had not yet been paid out by 31 December 2025, rather than any change in their intended use.

The trustees take seriously their responsibility for gifts given for specific purposes. Restricted funds are tracked separately within the charity's reporting system, are applied only to the purposes for which they were given and are not used to meet general running costs. Grants from the Church Planting Fund are made under the due diligence and monitoring process described in the Grant-making section of this report.

Reserves Policy

The trustees recognise the importance of retaining appropriate unrestricted funds to support planned events, training, staffing and administration, and to manage the uneven timing of donations and church-planting commitments. Restricted funds are not available for general operating costs.

At 31 December 2025 unrestricted cash stood at £14,700 (2024: £1,844). In the absence of fixed assets shown in the draft accounts, this is the starting point for considering available unrestricted cash, but any unpaid commitments or other obligations must also be taken into account. The restricted Church Planting Fund cash balance of £3,719 is excluded from unrestricted reserves.

The trustees recognise the importance of retaining appropriate unrestricted funds to support planned events, training, staffing and administration, and to manage the uneven timing of donations and church-planting commitments. Restricted funds are not available for general operating costs.

At 31 December 2025 the charity did not have a formal reserves policy or target. Until recently ARC Europe was a very small charity, with total receipts of £6,500 in 2024. It owns no property or other fixed assets and keeps its fixed overheads deliberately low. The trustees have managed the charity's finances on the principle that expenditure is committed only when the funds to meet it are available. This principle was applied during the cash-flow pressures described earlier in this report.

With the charity's rapid growth, its expanded programme of events and training, and its first employed staff, the trustees recognise that a formal reserves policy is now needed. Events in particular require significant costs to be committed in advance of income. The trustees intend to adopt a formal reserves policy during 2026 / 2027. The policy will set a target level of unrestricted reserves equivalent to three months of unrestricted running costs and set out how that target will be reached and reviewed.

Trustees' Annual Report

The Principal Risks and Uncertainties Facing the Charity

The trustees have identified the following principal risks, and the controls in place during 2025 to manage them.

Reliance on donations and a small number of major supporters. The charity's activities rely substantially on voluntary donations and on ongoing relationships with supporting churches and partners. This exposes ARC Europe to changes in the amount and timing of income. The trustees manage this by maintaining close relationships with key partners and by working to broaden the partner base.

Cash-flow and event commitments. Events, training and support for church plants require costs to be committed in advance of income. During 2025, all expenditure was agreed in advance through an approved budget. Cash-flow forecasts were used to make sure commitments were only made when funds were available.

Currency and cross-border activity. The charity works mainly in sterling, US dollars and euros, which brings exchange rate, banking and reporting challenges. During 2025 the charity introduced a comprehensive reporting system using Expense Plus, supported by regular check-ins with its accountant.

Financial oversight and payment controls. A monthly financial report was prepared and submitted to the trustees throughout 2025, allowing them to monitor income, expenditure and fund balances against budget. Dual authorisation of payments was not in place during 2025. Because the trustees and staff work across several time zones, requiring two approvals for every payment would have made it difficult for a rapidly growing organisation to operate effectively. The trustees relied instead on the controls described above: advance budget approval, cash-flow forecasting and monthly reporting to the board. However, they recognise that dual authorisation is an important safeguard as the charity grows. They are now reviewing how it can be introduced in a way that works across time zones, together with arrangements to make sure the bank mandate stays resilient if a signatory is unavailable.

Grants to church plants and related parties. Grants are approved by the trustees at trustee meetings, paid only to verified church bank accounts, and monitored after payment, as described in the Grant-making section. Trustees declare any conflicts of interest, and related-party transactions are disclosed in the notes to the accounts.

Trustees' Annual Report

Responsibilities of the Trustee Board

The trustees are responsible for preparing the Trustees' Annual Report and financial statements in accordance with applicable charity law and for keeping adequate accounting records. As a Charitable Incorporated Organisation eligible to prepare accounts on a receipts and payments basis for 2025, ARC Europe has prepared a Statement of Receipts and Payments and a Statement of Assets and Liabilities in accordance with the Charities Act 2011.

The trustees are responsible for safeguarding the assets of the charity, taking reasonable steps for the prevention and detection of fraud and other irregularities, and applying resources only to charitable purposes within the charity's governing document and applicable donor restrictions.

Members of the Trustee Board

Trustees who served during 2025 and subsequent changes up to approval are set out in the Legal and Administrative Information section accompanying the accounts.

Independent Examiner

Nigel Wyatt BSc FCA of Wyatt & Co Chartered Accountants has been appointed as the charity's Independent Examiner. The independent examination is undertaken under the Charities Act 2011.

This Trustees' Annual Report accompanies financial statements prepared on the receipts and payments basis for the financial year ended 31 December 2025.

Approved by the Trustee Board on: 27th October 2026

Signed on behalf of the Trustee Board by: james bezet

Trustee name and capacity: James Randolph Bezet (Chairman)

ARC Europe

Year Ended 31 December 2025

Independent Examiner's Report

I report to the trustees on my examination of the financial statements of Association of Related Churches Europe ('the charity') for the year ended 31 December 2025.

Responsibilities and Basis of Report
As the trustees of the charity you are responsible for the preparation of the financial statements in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the charity's financial statements carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent Examiner's Statement
I confirm that I am qualified to undertake the examination because I am a member of the Institute of Chartered Accountants in England and Wales (ICAEW), which is one of the listed bodies.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 130 of the Act; or

2. the financial statements do not accord with those records; or

3. the financial statements do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Notes to the Financial Statements

1 Accounting Policies

Basis of Preparation
The financial statements have been prepared on the receipts and payments basis in accordance with section 133 of the Charities Act 2011.

Assessment of Going Concern
Preparation of the accounts is on a going concern basis. The trustees consider that there are no material uncertainties about the Charity's ability to continue as a going concern.

Fund Accounting
Unrestricted income funds comprise those funds which the trustees are free to use for any purpose in furtherance of the charitable objects. Unrestricted funds include designated funds where the trustees, at their discretion, have set aside resources for a specific purpose.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by the donor or the term of specific appeal.

Further explanation of the nature and purpose of each fund is included in the notes to the accounts.

Receipts
Receipts are recognised when the funds are received by the charity.

Payments
Payments are recognised when they are paid by the charity.

Governance Costs
Include costs of the preparation and examination of statutory accounts, the costs of the trustees' meetings and the cost of any legal advice to trustees on governance or constitutional matters.

Taxation
The charity is exempt from tax on its charitable activities.

6 Staff Costs

The total staff costs and employee benefits for the reporting period are analysed as follows:

	2025	2024
	£	£
Wages and salaries	3,886	-
Staff recharge costs from partner organistion	10,715	-
Other costs	1,135	-
	15,735	-

The average headcount of employees during the year was as follows:

	2025	2024
Average Headcount	1	0

The number of employees whose total employee benefits exceeded £60,000 during the year was as follows:

	2025	2024
More than £60,000	0	0

7 Trustee Remuneration and Expenses

No trustees received reimbursement of expenses during the year (2024: £nil).

8 Related Party Transactions

Luke Bryant is a trustee of ARC Europe and Liverpool One Church (charity number 1137479). During 2025, Liverpool One Church donated £7,500 to ARC Europe (2024: £4,100). These donations were unrestricted. ARC Europe paid Liverpool One Church £10,715 for staff support provided and £1,655 in reimbursement of expenses (2024: £2,589).

Jonathan Corcoran is a trustee of ARC Europe and holds a position of governance at Lighthouse Church. During 2025, ARC Europe received unrestricted donations of £2,290 from Lighthouse Church and £1,115 in conference income.

James Bezet is a trustee of ARC Europe and Bayside Community Church. During 2025, ARC Europe received donations of £18,124 from Bayside Community Church and a further £1,731 as a reimbursement of event expenditure.

James Bezet is a trustee of ARC Europe and holds a position of governance or significant influence at ARC US. During 2025, ARC Europe received unrestricted donations of £18,200 from ARC US.
