The Tony Farley Foundation

Trustees' Annual Report and Accounts

For the year 1 January to 31 December 2025

Objectives and public benefit

The Foundation supports access to education by providing financial assistance to disadvantaged current and prospective students of the College of Practical Homeopathy (UK). Our work seeks to reduce the financial barriers that prevent students from completing their studies and professional qualifications.

The Foundation was inspired by Tony Farley's commitment to education, equality of opportunity and helping people fulfil their potential. Its public benefit is the educational opportunity provided to students who would otherwise struggle to afford their course fees.

Activities and achievements

During 2025, the Foundation received donations through Give as You Live and a payment described in the bank records as a student donation from College PHUK. These receipts supported the Foundation's grant-giving work and the retention of funds for future needs.

On 29 October 2025, we paid an educational grant of £400 to the College of Practical Homeopathy on behalf of student grant holder Samuel Opoku, supporting his continuing studies.

Samuel's published account describes improved confidence and knowledge through his studies. His experience illustrates the educational value of the Foundation's financial support.

Financial review and reserves

Receipts for the year totalled £2,937.80. Payments totalled £832.00, comprising the £400 educational grant, £230.40 for Xero and £201.60 for Wix. The excess of receipts over payments was £2,105.80.

The current account held £811.60 at 31 December 2025. A further £2,751.00 was transferred during the year to the charity's reserve savings. These movements are internal transfers and are excluded from charitable expenditure.

At 31 December 2025, the Foundation held £2,751.00 in its Lloyds reserve savings account and £811.60 in its Co-operative Bank current account, giving total cash funds of £3,562.60.

The Foundation retains savings as charity reserves to support its continuing educational purposes and future needs. Transfers between the charity's own accounts do not constitute expenditure.

Reference and governance information

Notes to the accounts

1 Basis of preparation

These accounts are prepared on a receipts and payments basis for the year ended 31 December 2025. Receipts and payments are recognised when money is received or paid. Non-cash items and unpaid transactions are excluded from the receipts and payments account.

2 Reserve savings and internal transfers

Transfers of £2,751.00 from the current account to the Lloyds reserve savings account remain funds of the charity. These internal transfers are excluded from receipts and payments. Holding funds in a savings account does not itself impose a donor restriction on their use.
