Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	The partnership and charity provide grassroots support, leading to the sustainable improvement of health care systems. It has been an improvement in leadership and teaching skills of medical staff based in the UK or Kenya, as well as the development of new clinical pathways and processes to benefit patients in Kenya. NHS staff report better motivation and insight within their roles on returning from volunteering opportunities (annual survey). The partnership and charity have increased local focus in Laikipia, Kenya, on emergency care, and there is now renewed funding to redevelop emergency and urgent care facilities from the local government, which our charity can support. The partnership's work also developed on associated specialities, such as Antimicrobial Stewardship (AMS) and critical care, in Laikipia County. The work done has been recognised at the National level, and by grant-making bodies during several sharing events.
