Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	During the year, Friends of Ronzls made a positive difference to the lives of economically disadvantaged primary school-age children in Ogun State, Ilorin, Kwara State in Nigeria, through its various educational support and community projects. The charity's achievements included supporting children's access to education through the provision of school sandals, scholarships and library resources. These initiatives helped reduce the financial burden on disadvantaged families, encouraged school attendance and provided children with improved opportunities to learn and develop. The library projects and spelling bee competition promoted literacy, reading habits, academic confidence and a greater interest in learning. The scholarship programme provided financial support to children who might

		otherwise face difficulties continuing their education. The annual sports fiesta also gave children opportunities to develop teamwork, confidence, discipline and social skills through participation in sporting activities. In addition, the food bank and weekly open kitchen initiatives provided assistance to vulnerable children and families facing food insecurity, helping to support their general welfare and wellbeing. Overall, the charity's work has helped address some of the educational and social challenges experienced by disadvantaged children and their families. Beyond the direct benefits to individual beneficiaries, its activities have contributed to promoting education, literacy, equal opportunities, community participation and social wellbeing within the communities it serves in Ogun State and Kwara state in Nigeria. The trustees believe that these achievements demonstrate the positive public benefit of the charity's work and its continued commitment to improving educational opportunities and helping economically disadvantaged children reach their full potential.
