BILLINGSHURST MEN'S SHED

TRUSTEES REPORT

AUGUST 2025 -JULY 2026

Our year began with the completion of our second shed, the wood store, which was then painted and the electrical system installed. Later we were to build racking to hold our stock.

We were also tasked with renovating two notice boards in the village, a task we have yet to complete.

We dealt with many repairs and requests that the local people brought into our shed.

Tool sales proved to be a valuable source of income.

In January we suffered a break in with damage to our fence and to our glass door. Fortunately, our insurance covered the cost of repairs and the replacement of various battery tools stolen at the time.

Membership has been steady, if unspectacular, and the need to recruit more members is necessary if we are to complete all the tasks that we will need to do.

We attended the Christmas Fayre again, but unfortunately the weather was against us, and attendance was poor. We also attended the summer fete which was much more successful.

Keith Witt, Richard Melcio, Gerry McAteer, Harvey Silverman.

Honorary Trustees.
