CHARITY COMMISSION
FOR ENGLAND AND WALES

Trustees' Annual Report for the period

From 1 January 2025 Period start date To
Period end date 31 December 2025

Charity name: Save the Permafrost

Charity registration number: 1201770

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	To increase public awareness and promote the conservation, protection, and recovery of permafrost. This involves educating the public on the impacts of climate change on permafrost and the dangers of methane and other greenhouse gases (GHGs) released from thawing permafrost. By understanding these issues, we can work together to prevent and mitigate these effects, ultimately slowing down global warming.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	We work on projects aimed at educating the public about the dangers of thawing permafrost. Our efforts include creating printed materials such as children's books, pamphlets, and colouring books, as well as supporting documentary films that highlight permafrost issues. We simplify scientific research papers to make them easily understandable for the general public. Part of future work will involve supporting further research on studying emissions from permafrost and/or innovative means of preserving the permafrost.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The trustees have read and reviewed and agreed to the guidance issued by the Charity Commission on public benefit.

Additional information (optional)
You may choose to include further statements where relevant about:

	SORP reference	
Policy on grant making	Para 1.38	The charity aims to raise sufficient funds to be able to make grants to support that furthers the charity's aims of studying the thawing of permafrost, levels of emission, and its impact on wider environment.
