Trustees' Annual Report for Guru Nanak Aid
For the year ended 31st December 2025

Introduction
Guru Nanak Aid is a UK-based charity dedicated to alleviating poverty and providing humanitarian assistance to those in need, whilst also providing education and awareness, inspired by the teachings of Guru Nanak Dev Ji. Our mission is driven by compassion and service, aiming to empower marginalised communities in the UK and abroad. This report summarises our activities, financial performance, and future plans.

Objectives and Activities
The charity's objectives for the year were focused on several core areas:

1. Education and Empowerment: We continued our education programs, offering tutoring and scholarships to underprivileged children and vocational training and means for adults to promote self-sufficiency, for instance individuals have been bought electric rickshaws so to allow for them to earn their income and provide for their own families. In the UK educational and awareness events and exhibitions were held across shopping precincts to include Westfield in London and Highcross in Leicester.

2. Health Initiatives: Our health projects included free medical camps, awareness programs on hygiene, nutrition, and preventive healthcare in both local and international communities. During mass gatherings in North India, we have provided toiletries and hygiene products to prevent the onset of disease. In the UK health focused events were held to support in particular Indian origin communities who are susceptible to diabetes and other conditions, some of those supported went on to complete the 3 Peaks challenge for the charity.

3. Community Development: ongoing provision of pensions: We initiated projects aimed at building sustainable communities, many elders live without the financial means to support themselves, the necessity of consistent pension support is clear. Without which these community leaders who have a vital role in holding the family structures and the very fabric society together wouldn’t be able to fulfil their very essential roles.

5.Home repair and refurbishment: Individuals and families who were identified to be living in the worst of conditions and who met the qualifying criteria were assisted by providing them with essential repairs to their homes and for some bathroom and toilet facilities where they didn’t previously have them.

Achievements
In the year 2025, Guru Nanak Aid achieved significant milestones:

- Educational Impact: Sponsored many in our educational programs, with a focus on girls' education in disadvantaged areas.

- Health Services: provided thousands of hygiene and toiletry products to help prevent the onset and spread of disease
- Community Projects: Successfully oversaw the completion of 11 house repair projects.
-In partnership with John Lewis, Highcross and Westfield we have successfully celebrated Sikh religious occasions, bringing more awareness about the Sikh Faith.
