Structure and Management
Elusen Goodwash is a charity registered with the Charity Commission in June 2023. It is established as a Charitable Incorporated Organisation. The charity is related to The Goodwash Company (formerly a Community Interest Company), receiving a share of the net profits of The Goodwash Company, and the charity retaining a shareholding in The Goodwash Company. It also fundraises directly itself with the intention of distributing funds to meet its charitable purposes. The charity is run by three trustees, one of whom is a director of The Goodwash Company.

Activities and Objectives
During this period the charity made donations to 5 key charities with the funds raised in the previous period. Due to limited capacity to bring on and oversee new volunteers and low levels of donation, Elusen Goodwash has decided to wind up once all funds are distributed. In doing so it agreed that The Goodwash Company's commitment to donate 10% of net profits would be redirected to directly support other local charities that were otherwise applying for grant funding from Elusen Goodwash. The charity's shareholding in The Goodwash Company was transferred to Community Foundation Wales.

Achievements and Performance
The charity made distributions to Many Tears Rescue, Bardsey Island Trust, Challenge Wales, Greenacres Rescue and Community Foundation Wales during this period.
