Sandwell Lions Club CIO

Sandwell Lions Club has been in existence since 2009 had an average of 20 members during the year 2025 - 2026. The club has continued to serve its community, through regular acts of service, volunteering at and organising projects such as litter picks and developing a community garden in the local area.

We held two Prostate Cancer Screening events in association with the Graham Fulford Trust, where we tested approximately 100 gentlemen, with approximately 20% identified as being of a high-risk and further investigation was required. There are gentlemen alive today as a result of attending one of our screening events.

Successful Santa Sleigh Runs were the main source of income during the period. Our monthly Quizzes at Fixed Wheel Brewery also bring in a steady income, which funds our PSA tests.

We regularly support our local foodbanks and homeless projects to support the most vulnerable in our local community.

We have continued our financial support of our twinned club Manzini Lions in Eswatini, supporting their food projects in times of poor harvests.

During the Lionistic year, we completed 36 Service Projects, serving 23,355 people – this is something we are very proud of. Our club members and their families enjoy spending time with each other and enjoyed varied social events too, such as camping weekends, meals out and other events too.
