Jesus Saves / RACING

Trustees' Annual Report For The Period

From 1st January 2025 To 31st December 2025

Charity name: Jesus Saves Racing

A Charitable Incorporated Organisation (CIO) registered in England and Wales.

Objectives and Activities

Jesus Saves Racing exists to advance the Christian faith through motorsport activities across the country. Our outreach takes place at racing circuits, at events in partnership with churches and other Christian organisations and through the charities own events and community engagement.

When planning our activities for the year, the Trustees have considered the Charity Commission's guidance on public benefit and, in particular, the specific guidance on charities for the advancement of the Christian religion.

We have sought to do this in a number of ways by educating, training and teaching about Christianity and Christian values through motorsport activities. We have also sought to engage people away from the race track at a number of events, to share the Christian message through the story of our organisation.

All of our activities rely on a team of committed volunteers and the trustees, freely giving their time to support our charitable objectives.

Achievements and Performance

Our second full year as an incorporated organisation has seen us improve both our on track operation, by developing the people in our team and achieving greater success in competition, as well as continuing to prioritise opportunities for missional engagement in our activities away from the race track.

The Van Diemen competed in a number of events to raise the profile of the mission and share our Christian message with a wider audience, driving duties shared between Adriano Medeiros and James Rigby. We are grateful for a successful year and especially the impact that was seen at the end of season Formula Ford Festival, which increased our following and support as a charity.

We also attended two Christian festivals, The Gathering run by CVM and Big Church Festival. Both events saw positive engagement from the public and enabled people to discover more about the team and be supported in faith conversations.

Financial Review

The level of giving to the organisation has been consistent in this second period and we are grateful for all the support we have received.

Donations have been received directly from members of the team, friends and family, as well as through promoting the mission of the team through word of mouth and online through the website and social media. Outside donations have mainly been received through the online giving platform JustGiving.

The gift aid support has certainly helped and we are grateful for making use of this facility during this period. The JustGiving platform has also acted as an agent to make claims on our behalf for eligible donations they have received.

Given that most of the costs involved are variable depending on the level of activity we therefore have a fairly low level of essential operating expenditure. We do not commit to activities until we have raised sufficient finances to cover them.

The charity has a good financial position for general reserves to meet the small amount of fixed costs we are committed to.

Structure, Governance and Management

The team is a Charitable Incorporated Organisation registered in England and Wales under a constitution document dated 23rd February 2023. The only voting members are the charity trustees, of whom there are 6 including the chairman.

Apart from the first Charity Trustees, every Charity Trustee must be appointed by a resolution passed at a properly convened meeting of the Charity Trustees. In selecting individuals for appointment as Charity Trustees, the Charity Trustees must have regard to the skills, knowledge and experience needed for the effective administration of the CIO. All Charity Trustees must subscribe and adhere to, in belief and lifestyle, the Statement of Faith.

Membership of the CIO is limited to the trustees only. Any trustee who ceases to be a trustee of the charity also ceases to be a member of the CIO.

Management of the charity is shared between the trustees.
