RE:UK annual report 2026 23 September 2026

Revive Europe in the UK, is a small part of a larger organization that works primarily across Europe. After several years of dramatic activity, this last year marked a very different but equally important moment in the organisation's development. The founder of Revive Europe stepped down in April 2025, an interim leadership team was formed and then in December 2025 the Board appointed a new Executive Director – Sam Couper.

As part of this key change, we reviewed activities and adjusted to a different approach to still achieve our longstanding aims. The leadership team has evolved as a result.

Within the UK, the trustees aim to oversee and support Sam, as we oversee incoming and retained funds. We are delighted with the necessary changes that have been made this year and look forward to the roll out of our new plans in the years to come. The trustees are aware that the general reserves need some extra capitalization, and are anticipating grant funding to arrive for 2026. Our activities in the UK will increase in the coming years.

A couple of changes to the board have been made to reflect the changes mentioned above. We have moved our formal Annual General Meeting to December every year, as we review the previous year and agree on plans for the following calendar year. Our financial year remains the same in alignment to our other key organizational branches in Czech and the US.
